State of Idaho
Department of Water Administration
WATER RIGHT LICENSE

License of Water Right No. 24-7000 Priority Oct. 19, 1967 Amount 0.05 cfs

THIS IS TO CERTIFY, that Mr. & Mrs. Jack West
of Afton, Wyoming, has complied with the terms and conditions of Permit
No. 24-7000 issued pursuant to Application for Permit dated October 19, 1967,
and has submitted proof to the Department of Water Administration on October 10, 1972,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.05 cfs of water from an unnamed spring,
tributary to Stump Creek, and that the permit holder has applied to a beneficial use &
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Domestic</u> from <u>Jan. 1</u> to <u>Dec. 31</u> at <u>0.05</u> cfs and <u>1.2 acre feet</u>			
<u>Stockwater</u> from <u>Jan. 1</u> to <u>Dec. 31</u> at <u>0.02</u> cfs and <u>1.0 acre feet</u>			
from _____ to _____ at _____ cfs and _____			
(both dates inclusive)			

Subject, however, to the condition that no more than 0.05 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
2.2 acre feet per year, said waters to be diverted within the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 34,
Twp. 7 S, Rge. 46 E, B.M. in the County of Caribou

Description and location of place of use:

Re: Permit No. 24-7000

Mr. Jack West
Route #1
Afton, Wyoming 83110

Dear Mr. West:

You raised a question in your February 14 letter about the number of acre feet proposed on your Permit No. 24-7000.

The calculation you made using the rate of diversion of 0.05 cfs would be correct, if the water was beneficially used 24 hours per day during the entire year. However, we feel a more reasonable annual use can be determined by allowing a domestic use of about 1000 gallons per day, per household, a stockwatering use for sheep of 2 gallons per day, per head, and for horses about 12 gallons per day, per head. The total amount of water you are using, beneficially, under your present project, is determined as 2.2 acre feet per year.

We hope this explanation provides you with an understanding of the way we arrived at the amount of annual use for your development.

Final action will be withheld for 10 days, to allow you to let us know if you do not agree with our findings.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

BDF:jc
Enc: Letter of 2/7/74

24-7000

RECEIVED

FEB 14 1974

Department of Water Administration

Gentlemen;

In reviewing this form, I feel that there is a big discrepancy between the minimum amount of 0.05 c.f.s. to be diverted for beneficial use and the maximum diversion of 2.2 Acre Feet.

According to my computations the following would be applicable:

0.05 c.f.s = 22.44 gpm

= 1346.4 gph.

= 32,313.6 gpd.

= 0.099 Acre Foot Per Day.

0.099 Ac. Ft. per Day = 36.14 Ac. Ft. per Year.

Would you please clarify and change?

Sincerely

Jack Ward

Re: Permit No. 24-7000

Mr. & Mrs. Jack West:
Route 1
Afton, Wyoming 83110

Dear Mr. & Mrs. West:

A representative of this Department has made an examination of the works covered by your Permit No. 24-7000 and has found the following:

Quantity of water diverted: 0.05 cfs Source: unnamed spring

Amount of water that can be recognized as beneficially used under Idaho law: 0.05 cfs

The maximum quantity diverted shall not exceed 2.2 acre feet per year.

Beneficial use: For domestic purposes within the SE $\frac{1}{4}$ NW $\frac{1}{4}$, & stockwater purposes within the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 34, Twp. 7 S, Rge. 46 E

Point of diversion: SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 34, Twp. 7 S, Rge. 46 E, B.M.

Priority date established: October 19, 1967

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

Dear Mr. & Mrs. West:

We acknowledge receipt of your affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field exam, please contact our Eastern District Office at 240 South Holmes, Idaho Falls, Idaho.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

Re: Permit No. 24-7000

Mr. & Mrs. Jack West
Route # 1
Afton, Wyoming 83110

Dear Mr. & Mrs. West:

One of the conditions of approval of your water Permit No. 24-7000 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

R. KEITH HIGGINSON
Director

Form 4

**NOTICE OF
APPLICATION FOR WATER**

Notice is hereby given that Mr. and Mrs. Jack West has on October 19, 1967, applied for permit to divert 0.5 cubic feet per second of water from a spring under application No. 24-7000. Water will be diverted by a spring box and pipe within the SW 1/4 NE 1/4, Sec. 34, T. 7 S, R. 46 E, B. M., Caribou County and is to be used from January 1 to December 31 for domestic use and stock water in the SW 1/4 NE 1/4, SE 1/4 NW 1/4, Sec. 34, T. 7 S, R. 46 E, B.M.

Any protest against this application must be filed with the Department of Reclamation within ten days from the last date of publication of this notice.

R. KEITH HIGGINSON

State Reclamation Engineer

Re: Application 24-7000

Caribou County Sun
Box 815
Soda Springs, Idaho

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you can not publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation, along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of same has been paid.

(Do not sign letter)

Signature of claimant

Very truly yours,

Donald W. McElowney
Water Rights Clerk

Re: Application 24-7000

Mr. and Mrs. Jack West
Route #1
Afton, Wyoming 83110

Dear Mr. and Mrs. West:

Enclosed please find our departmental receipt #34093 in the amount of \$10.00 and the original application to appropriate the public waters of the State of Idaho.

We are returning your application for permit for clarification on certain items. There is some confusion in the point of diversion which you have listed. You have it located in the NW¹/₄NE¹/₄, Sec. 34. However, the map you have submitted would indicate that the point of diversion is located in the SW¹/₄NE¹/₄, Sec. 34. Therefore, you are requested to clarify this point.

Also, under item 8c you have failed to indicate whether other rights are in existence for the same purposes.

Under item 9a and b you indicate that you are the owners of the property that the spring arises on. Therefore, it brings to mind the possibility that if the spring arises on private property and remains on private property without flowing from the property or reaching any natural drainage, then possibly the spring is personal property of the land owner. If this would be the case, then there would be little need of your filing on a spring that is privately owned.

Your consideration of these factors and returning the original application with the corrections on it as soon as possible would be greatly appreciated.

Very truly yours,

Donald W. McElowney
Water Rights Clerk
