APPLICATION OF WATER NOTICE OF PROOF TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 31st day of December, 1943, at Cheyenne, County of Laramie, State of Wyoming, before Steve J. Jiacoletti, Notary Public, proof will be submitted of the application to beneficial use of 2.249 cubic feet per second of the waters of Terrace Springs, a tributary of Webster Creek in accordance with the terms and conditions of Permit No. 19209 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Wyoming Fish & Game Commission, Cheyenne, Wyoming.

The use to which said water has been applied is for fish hatchery operation.

The amount applied to beneficial use is 2.249 cubic feet per second.

The place where said water is used is in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 32, Township 7 South, Range 46 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Pipe line.

The right to take water from such works is based upon Permit No. 19209.

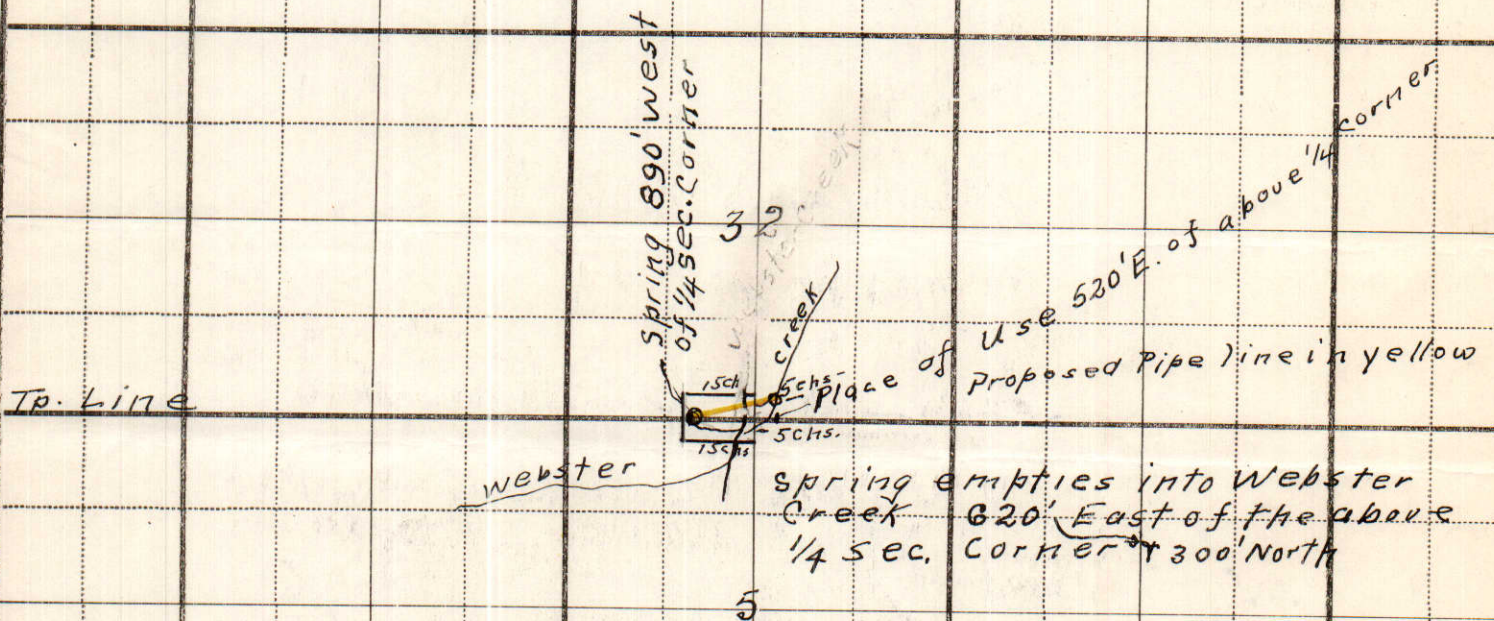

The source of supply from which such water is diverted is Terrace Springs, a tributary of Webster Creek.

The date of priority which said user is prepared to establish is December 1, 1941.

James Spofford
State Reclamation Engineer
First Pub. Nov. 25, Last Dec. 23-43.

Priority December 1, 1941

THIS IS TO CERTIFY that STATE OF WYOMING, GAME AND FISH COMMISSION of Cheyenne, Wyoming, made application for a permit to appropriate the public waters of the State of Idaho, dated August 25, 1941; that Permit No. 19209 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 2.249 second feet, was issued thereunder on August 12, 1943, showing that said works were completed on the 29th day of July, 1943; and that on the 31st day of December, 1943,

STATE OF WYOMING, GAME AND FISH COMMISSION

of Cheyenne, State of Wyoming, made proof to the satisfaction of the State Reclamation Engineer of Idaho, of the right to use the waters of Terrence Springs, a tributary of Webster Creek, tributary of thence to Stump Creek, for the purpose of fish hatchery, under Use Permit No. 19209 of the Department of Reclamation and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume 7 of Licenses, at page 4248, on the 15th day of March, 1945;

The right hereby confirmed dates from December 1, 1941;

The Point of Diversion is located in the SE 1/4 SW 1/4, Sec. 32, Tp. 7 S., R. 46 E., B. M. Caribou County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 2.249 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
	SW 1/4 SE 1/4	Section 32	Township 7 South, Range 46 East, B. M.		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, as provided by the laws of Idaho.

State Reclamation Engineer

WITNESS the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho, this 15th day of March, 1945

APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 26680
Permit No. 19209
District No.

1. Name of Applicant: STATE OF WYOMING, WYOMING GAME AND FISH COMMISSION
Postoffice address: Cheyere County: Laramie State: Wyo.
- I. If applicant is a corporation, give:
- Date and place of incorporation:
 - Amount of capital stock:
 - Amount paid in:
 - Names and addresses of directors:
- II. The financial resources of the applicant are:
- Cash on hand: 130,000.00
 - Treasury stock:
 - Bonds to be issued:
 - Other resources: 300,000 real estate & equipment.
2. Quantity of water claimed: 2.249 cubic feet per second.
3. Source of water supply: Terrace Springs which is a tributary of Webster Creek which is a tributary of Stump Creek.
4. Location of point of ~~diversion~~ spring: About 890' W feet distant from the Quarter corner of Section 32, T. 7 S, R. 46 E, B. M., and is the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 32, T. 7 S, R. 46 E, B. M., County of Caribou
5. Water is to be used for: FISH HATCHERY.
6. If for mining, milling, power or manufacturing purposes, give:
- Point of use of water: 520' E feet distant from SE corner of Section 32, T. 7 S, R. 46 E, B. M., in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 32, T. 7 S, R. 46 E, B. M.
 - Amount of power generated: H. P., under feet head.
 - Water is to be returned to Webster Creek at a point 620' E & 300' N feet distant from the SE $\frac{1}{4}$ corner SW $\frac{1}{4}$ of Section 32, T. 7 S, R. 46 E, B. M., in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 32, T. 7 S, R. 46 E, B. M.
7. Estimated cost of works: \$ 30,000.00 including buildings
8. Kind of works: Dam and pipe line.
9. Height of dam 8 feet; length of dam at top 35 feet; length of dam at bottom 10 feet; material used in dam: Concrete
10. Size of headgate: Width no headgate feet; height feet.
11. Ditch: Width at bottom 4 feet; width at water line 4.5 feet; depth of water .32 feet; dimensions of flume:
- Diameter of pipe 12 inches; length of conduit 1600 ft. ~~miles.~~
- Average grade per mile estimated 12 to 15 percent feet.
(360 ft rise to 1600 ft slope)
12. The time required for the completion of such work is 2 years.
13. The time required for the complete application of the water to the proposed use is none additional years.
14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

WYOMING GAME AND FISH COMMISSION

Re: Permit No. 19209

Mr. E. J. Baird, Watermaster,
Water District # 5,
Soda Springs, Idaho

Dear Mr. Baird:

The Wyoming Fish & Game Commission have a permit for 2,249 cubic feet per second of water from Terrace Springs, a tributary of Webster Creek, for fish hatchery purposes, on which the final or beneficial use proof was due to be made on September 15th, 1943.

A notice of this was sent to the Soda Springs Sun on August 6th, to be published for four weeks, the affidavit of such publication to be sent to the Wyoming Fish & Game Commission.

The proofs were made accordingly, but neither the Wyoming office nor ourselves have been able to secure the affidavit of publication from the newspaper. nor any reply to several letters sent them.

We would appreciate it if you would call at the office of the Soda Springs Sun and ascertain if the publication was made, and if so obtain two affidavits of publication- one being required by this Department to complete the proofs, and the other to accompany the voucher for payment of the publication costs by the Wyoming Fish & Game Department.

Thanking you for your cooperation in this matter, we are,

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

19209

MEMO - P-19209
Re P-19209 by Wyoming
Fish and Game Commission

This filing takes the entire flow of "Terrace Springs, a tributary of Webster Creek.

This water is returned to Webster creek at a point a short distance below the former confluence of the spring and creek waters.

There is a prior water right under P-10960 now owned by J. Lee Petersen; This permit had previously changed its P.O.D. down Webster Creek to a point below the spring stream, and was using these combined waters for a small lighting plant and irrigation prior to developments under P-19209. I was informed that when the various

details of installation construction
etc were settled as between the
Hyo F. & G. Commis. and Mr Petersen,
it was mutually agreed that
The water discharged from the fish
hatchery should be returned to
Webster creek at a point above the
diversion point of the Petersen
irrigation ditch, and also that
Mr Petersen should be furnished
sufficient electric power to replace
that which had been previously
generated by the Petersen plant. &
These arrangements are now
being carried out to the satisfaction
of all parties concerned but Mr
Petersen wishes a written contract
or some evidence other than the
verbal agreement by and between
the present management & himself.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

REPORT OF ENGINEER

Permit No. 19209

This proof is for Beneficial use In Water District No. _____

1. Name of applicant Wyoming Fish & Game Commission, - James C. Simpson, Fish Warden,
Cheyenne, Wyoming
2. Source of water supply: Terrace Springs, a tributary to Webster Creek
3. Location of point of diversion: Is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 32
T. 7 South R. 46 East County of Caribou
4. Describe works as they exist, giving dimensions and capacities of same: Diversion is by Concrete
Dam 45Ft. long X 8Ft. high X 8" top, and 14" bottom thickness. A 10" riveted
steel pipe leads 1600Ft. to Hatchery. Also included are 2-10" overflow,
and 1-10" sluice pipe. The Hatchery is 147 Ft. long X 47 Ft. wide, with
concrete floor, and log walls. Static head approximately 200 Ft.
5. Water is used for: Operation of fish hatchery
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres
under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irriga-
tion):
Water is used in SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 32, Township 7 South, Range 46 East, B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Salt, and Snake Rivers
- Remarks: Mr J. Lee Petersen, and Hatchery Manager were present, and explained
that by verbal agreement the Hatchery water point of return was to be
above the Petersen point of diversion for irrigation purposes, and also
Mr. Petersen was to be supplied with electric power for domestic use, as
per present installation.

This examination was made on the 17th. day of June, 1944

(Signed)

Re: Permit No. 19209

Mr. James C. Simpson
State Fish Warden
Game & Fish Commission
Cheyenne, Wyoming

Dear Mr. Simpson:

This will acknowledge receipt of your letter of January 31st, enclosing affidavit of publication in connection with beneficial use proof under the above numbered permit.

As you state, the depositions of the holder and two witnesses have previously been received in this Department, which completed the proof required.

However, before final action can be taken in the matter the law requires that a field examination be made by an engineer from this Department. We cannot say just when this examination can be made, since this Department has but one field engineer, who makes examinations all over the state, but it will be some time during the coming spring or summer.

Mr. Tolman, Field Engineer for this Department, will try and contact some of your people at the hatchery, at the time he makes this examination, so that arrangements may be made to show him over the grounds.

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

Boda Springs, Idaho

Gentlemen:

We have not yet received the affidavit of publication of notice of Proof of Beneficial Use under Permit No. 19209- Wyoming Fish & Game Commission, Cheyenne, Wyoming- which- according to the clipping from your paper- was published November 25 to December 25, 1943, inclusive.

It is necessary that this affidavit be filed in this Department- and if you have not already sent the affidavit to Mr. James C. Simpson, State Fish Warden, at Cheyenne, Wyoming, as requested, will you please send same either to him or to the State Department of Reclamation, at Boise, Idaho.

Thanking you for your cooperation, we are,

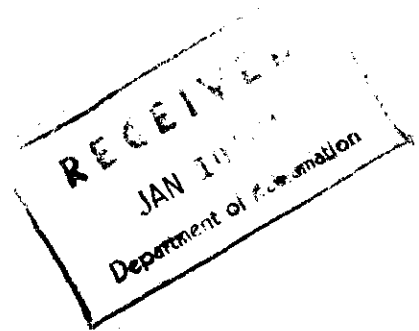

Very truly yours,

JAMES SPOTFORD

Dear Mr. Simpson:

We acknowledge receipt of your letter of January 3rd, enclosing depositions in proof of beneficial use under the above numbered permit.

The clipping of this notice from the Soda Springs Sun is not sufficient, but an affidavit of publication is required to complete this proof.

A copy of this letter is being sent to that newspaper, with the request that the affidavit be sent either to you, or directly to this Department.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 19209

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. James C. Simpson, State Fish Warden, Capitol Building, Cheyenne, Wyoming.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Wyoming Game and Fish Commission, Cheyenne, Wyoming.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. #19209, August 25, 1941

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Terrace Springs, tributary of Webster Creek which is tributary to Stump Creek. Point of diversion is located in SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 32, Township 7 South, Range 46 East, B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Water to be diverted through metal pipe line and to be used in the operation of a fish hatchery and fish rearing ponds. Volume of water to be diverted—
2,249 cfs.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Described above.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. To be used in the operation of a fish hatchery,

19209

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 2.249 cfs.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. James R. Simon on leave from Game & Fish Dept. The present representative promoted to fill the vacancy.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Approximately one cfs has been used in the operation of a fish hatchery.

The remainder of 1.249 cfs will be put to use as soon as the hatchery can be operated at capacity.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

(Sign) James C. Simpson

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was

subscribed and sworn to before me, at my office in Cheyenne, County of Laramie,

Wyoming, on this 31st day of December, A. D. 1943.

My commission expires May 7, 1947.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 19209

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Malcolm D. Martin, age 30, Cheyenne, Wyoming, Lesder, Pittman-Robertson

Project. Cheyenne, Wyoming

Ques. 2. Are you acquainted with James C. Simpson, Wyo. State Fish Warden, the holder of Permit No. 19209? How long have you known him and where does he reside?

Ans. Have known him 6 years. He resides at 3014 O'Neil Ave., Cheyenne.

Ques. 3. Have you read or heard read said Permit No. 19209, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Terrace Springs, tributary of Webster Creek, which is tributary to Stump Creek. Place of diversion in SE¹ SW¹, Section 32, Township 7 South, Range 46 East, B.M. Water conveyed by means of metal pipe line.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Works will safely convey the 2,249 cfs of water which is to be diverted, and probably more. Have seen approximately 1 cfs used up to this time.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is to be used in operation of a fish hatchery and fish rearing ponds at Western Wyoming Hatchery near Afton, Wyoming

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. For fish hatchery purposes.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. _____

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Visited fish hatchery after operations had started.

(Signed) _____

Malcolm D. Martin

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in CHEYENNE, County of LARAMIE, State of Wyo, on this 31st day of December, A. D. 1943.

My commission expires May 7, 1947.

BOISE, IDAHO, December 21, 1943

Mr. James C. Simpson
State Fish Warden
Game and Fish Commission
Cheyenne, Wyoming

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 19209.

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On December 31, 1943, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Cheyenne, Wyoming before Steve J. Jiacoletti, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

JAMES SPOFFORD

Cheyenne, Wyoming

Dear Mr. Simpson:

Reference is made to office letter addressed you on October 26th, and your reply of October 28th, regarding the affidavit of publication from the Soda Springs Sun of notice of beneficial use proof under the above numbered permit.

Immediately upon receipt of your letter of October 28th, we wrote this newspaper requesting the affidavit of publication, but receiving no reply we asked our Watermaster, Mr. E. J. Baird, to look the matter up personally.

This morning we have his reply, to the effect that the Soda Springs Sun has no recollection of receiving the notice and did not publish same.

It will, therefore, be necessary to set a new date for making this proof, and publish the notice accordingly, and we have set the date for December 31st, 1943, at 10:00 A.M. We are sending this notice to the newspaper by registered mail today, as per copy enclosed. We trust this date will be acceptable to you.

Very truly yours,

Re: Permit No. 19209

Mr. E. J. Baird, Watermaster,
Water District # 5,
Soda Springs, Idaho

Dear Mr. Baird:

The Wyoming Fish & Game Commission have a permit for 2.249 cubic feet per second of water from Terrace Springs, a tributary of Webster Creek, for fish hatchery purposes, on which the final or beneficial use proof was due to be made on September 15th, 1943.

A notice of this was sent to the Soda Springs Sun on August 6th, to be published for four weeks, the affidavit of such publication to be sent to the Wyoming Fish & Game Commission.

The proofs were made accordingly, but neither the Wyoming office nor ourselves have been able to secure the affidavit of publication from the newspaper. nor any reply to several letters sent them.

We would appreciate it if you would call at the office of the Soda Springs Sun and ascertain if the publication was made, and if so obtain two affidavits of publication- one being required by this Department to complete the proofs, and the other to accompany the voucher for payment of the publication costs by the Wyoming Fish & Game Department.

Thanking you for your cooperation in this matter, we are,

Very truly yours,

Re: Permit No. 19209

Dear Mr. Spofford:

Your letter of August 16 stated that you had sent to the Soda Springs Sun at Soda Springs, Idaho, a notice of beneficial use proof, with instructions that this proof be published once a week for four consecutive weeks prior to September 15.

To date we have not received the affidavit of publication from the Soda Springs Sun, even though on September 14 and again on October 11 we wrote them asking that they submit to us this affidavit.

Inasmuch as we have not received the affidavit, we have been forced to delay returning the proof of application of water to beneficial use for Terrace Springs, tributary to Webster Creek, in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 32, T7S, R46E. If possible for you to do so, I wish you would prevail upon the Soda Springs Sun to forward the affidavit to us so that we might send you the depositions of holder and witnesses in order to complete the proof.

Very truly yours,

James C. Simpson

Re: Permit No. 19209

Mr. James C. Simpson
State Fish Warden
Wyoming Game & Fish Commission
Cheyenne, Wyoming

Dear Mr. Simpson:

We do not seem to have received the depositions for proof of beneficial use under the above numbered permit- which proof was to have been made on September 15th, before Mr. Steve J. Jiacoletti, Notary Public, as advertised in the Soda Springs Sun.

Please advise if this proof was made- and if so it is important that the depositions, and also the affidavit of publication from the newspaper, be sent in to this Department, for record, and for final action.

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

Re: Permit No. 19209

Mr. James C. Simpson
State Fish Warden
Cheyenne, Wyoming

Dear Mr. Simpson:

We are enclosing herein Certificate of Completion of Works issued under the above numbered permit, and we also enclose duplicate vouchers for the \$5.00 fee in connection therewith.

The notice of beneficial use proof, to be made in Cheyenne, on September 15th, at 10:00 o'clock A.M., before Mr. Steve J. Jiacoletti, has been sent to the Soda Springs Sun, at Soda Springs, Idaho, with instructions to publish it once a week for four consecutive weeks prior to that date- and to send you the affidavit of publication.

At the time set, the enclosed depositions, consisting of one for the holder, and one for each of two disinterested witnesses, who are familiar with the terms of the permit, and the works constructed thereunder, should be executed before the designated Notary Public.

These depositions, together with the affidavit of publication, should be forwarded to this Department, in order to complete the proof.

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at **10:00** A. M. on the **15th** day of **September**, 19**45**,
 at **Cheyenne**....., County of **Laramie**....., State of **Idaho**, before
Steve J. Giacoletti, Notary Public....., proof will be submitted of the
 application to beneficial use of **2,249**..... cubic feet per second of the waters of **Terrace Springs,**
a tributary of Webster Creek in accordance with the terms and conditions of Permit No. **19209**
 heretofore issued by the **Commissioner of Reclamation**..... of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....
Wyoming Game & Fish Commission, Cheyenne, Wyoming.....

The use to which said water has been applied is **for fish hatchery operation**.....

The amount applied to beneficial use is **2,249 cubic feet per second**.....

The place where said water is used (~~if for irrigation, give full and accurate description of the~~
~~lands irrigated~~) **is in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 32, Township 7 South, Range 46 East, B.M.**

The name of the canal or ditch or other works by which said water is conducted to such place
 of use is **Pipe line**.....

The right to take water from such works is based upon Permit No. **19209**.....

The source of supply from which such water is diverted is **Terrace Springs, a tributary**
of Webster Creek.....

The date of priority which said user is prepared to establish is **August 25, 1941**.....

Mr. James Spofford
State Reclamation Engineer
Department of Reclamation
Boise, Idaho

Dear Mr. Spofford:

We regret that certain omissions were made in the forms for works proof and beneficial use proof. You have our permission to make the corrections that you suggest in your letter of August 2.

You are correct in stating that the point of diversion is SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 32, Township 8 South, Range 46 East, B. M. Also that the source of the water is Terrace Springs which is tributary to Webster Creek.

The beneficial use proof should be made in Cheyenne before Steve J. Jiacoletti, Chief Clerk and notary public for the Wyoming Game and Fish Department, on Wednesday, September 15, 1943.

We are enclosing the voucher we failed to enclose in our letter of July 30.

Very truly yours,

A handwritten signature in cursive script, reading "James C. Simpson".

Re: Permit No. 19209

Mr. James C. Simpson
State Fish Warden
Cheyenne, Wyoming

Dear Mr. Simpson:

We acknowledge receipt of your letter of July 30th, enclosing proof of completion of works in connection with the above numbered permit; and also duplicate notice in connection with beneficial use proof thereunder.

We find that in both forms you give the name of the source of the water as Webster Creek, whereas the permit gives it as Terrace Springs, tributary to Webster Creek. With your permission, we will make this correction.

In the completion of works proof you fail to fill in the point of diversion, but we assume it is as shown in the permit, namely in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 32, Township 3 South, Range 46 East, B. M.

The beneficial use proof is made by depositions of the holder and two witnesses taken before a Notary Public or other officer authorized to administer oaths; and the time and place set for making this proof, and also the name of the officer before whom to be taken, must be designated in the notice.

The notice must be published in the county where the water is located, but the proof may be made at any place convenient for the permit holder and his witnesses, and before an official whom you may designate.

Please name the place where you wish these proofs made, give the name and title of the official, and set a date sufficiently far ahead to allow for the necessary four weeks' publication; and upon receipt of this advice we shall send the notice to the Soda Springs Sum, with instructions in regard to publication.

The voucher referred to in your letter, in payment of the \$5.00 fee in connection with completion of works proof, was not enclosed.

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

Dear Mr. Spofford:

We are returning the "Notice of Proof Application of Water" and "Proof of Completion of Works" to your office. These have been filled out according to our interpretation of your instructions. You will notice, however, that one or two places were left blank. If you desire these filled in please return them to our office with further instructions.

We are also enclosing a voucher which, when properly filled out, will enable us to complete payment for the filing permit. On Form 11 the blanks showing which newspaper the notice is to be published in have been left blank, inasmuch as we are not familiar with the newspapers in Idaho. If you will have the paper which publishes this notice bill us we will be glad to make payment.

Yours very truly,

Dear Sirs:

Under the terms of your permit No. 19202 you are required to complete your diversion works and make proof of Beneficial Use on or before September 25, 1945.

I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of Completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

I also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is September 25, 1945, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Yours truly,

JAMES SPOFFORD

August 26, 1941

Mr. James E. Simon, State Fish Warden
Game and Fish Commission
Cheyenne, Wyoming

Dear Mr. Simon:

We wish to acknowledge receipt of your letter of August 22, enclosing application for permit to appropriate the public waters of Idaho.

We have filed your application as of August 25, 1941. However, we are returning your application for the following corrections or information:

Under Paragraph 4: location of spring is designated as approximately 890 feet West, distance from the quarter corner between Section 5, T. 8 S., and Section 32, T. 7 S., R. 46 E. This location checks with your attached map. However, on application, continuing under location of spring, you state, "and is in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 32." The last description should be SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 32, according to drawing. Please check and correct same.

Please check (a) to (c) under Paragraph 6. On application you state return of water to stream is in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 32. On sketch map you do not show the stream location as in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 32.

Please show on sketch map place of use, location of pipe line and spring.

Thanking you for the above listed information and return of enclosed application, we are

19208

August 1, 1941

Mr. James R. Simon
State Fish Warden
Cheyenne, Wyo.

Dear Mr. Simon:

We wish to acknowledge receipt of your letter of July 28th enclosing application for permit to appropriate the public waters of Idaho for a fish hatchery.

We have signed and are returning herewith voucher to the amount of \$5.50 for payment by your State, which is the correct filing fee for 2.249 cubic feet per second of water.

We are also returning said application for permit for the following corrections.

Under question No. 4, location of point of diversion, we would like the location stated,—listing the legal forty acre subdivision, providing you have the same, and the name of the County.

Under question No. 6, the water used for fish hatchery purposes: the use of water is somewhat the same as water used for mining or milling, it being used for a purpose and practically all returned to some stream.

Kindly fill in and give point of use of water where water will be returned. Please fill in questions numbers 9,10,11. Our form No. "0" furnished with application, we demand a map drawn in duplicate to accompany application showing legal subdivisions, location of creeks and etc., showing point of diversion and place of use.

Sorry to trouble you with this extra work, however, this additional information is one of the requirements of this department.

State permit will be granted upon the receipt of the requested information and your check for the fee.

Very truly yours,
E. V. BERG.
