AFFIDAVIT OF PUBLICATION

STATE OF IDAHO
COUNTY OF BINGHAM

I, Bert P. Mill, do solemnly swear that I am the publisher (printer) of the IDAHO FALLS TIMES, a newspaper of general circulation, published once each week at Idaho Falls, Bingham County, Idaho; that said newspaper has been so published for more than one year previous to the first publication of the attached notice; that the notice attached hereto and which is a part of this affidavit, and a part of the proof of publication, was published in said newspaper 4 consecutive weeks; that the first publication was made on the 1st day of August 1905; that said notice was published in the regular and entire issue of every number of the paper during the period and times of publication, and that the notice was published in the newspaper and not in a supplement. The fee for the above publication is \$8.50 DOLLARS, which has not been paid.

Notice for Publication.

Notice is hereby given that on the 11th day of September, 1905, at Glen, County of Bingham, State of Idaho, proof will be submitted of the completion of works for the diversion of 6-100 cubic feet per second of the waters of Barber Spring, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 1013, heretofore issued by the State Engineer of the State of Idaho.

1. The names and postoffice address of the persons holding said Permit are Walter R. Barber and Franklin Lindholm, Glen, Bingham County, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 6-100 cubic feet per second.

3. The use to which said water has been applied is domestic and the amount applied to beneficial use is 6-100 cubic feet per second.

4. The place where said water is used is $\frac{1}{4}$ of nw $\frac{1}{4}$ Sec. 28 Tp. 4 S., R. 46 E. B. M.

5. The right to take the water from such works is based upon Permit No. 1013.

6. The source of supply from which such water is diverted is Barber Spring.

7. The date of priority which said user is prepared to establish is December 2, 1904. -2

- Water License No. 1013 -

WHEREAS, On the second day of December, A. D. 1904, WALTER R. BARBER and FRANKLIN LINDHOLM, of Freedom, County of Uinta, and State of Wyoming, duly made application (No. 1359) to me for a permit to use six-one-hundredths (.06) cubic feet per second of the waters of Barber Spring in NW $\frac{1}{4}$ of NE $\frac{1}{4}$ Sec. 29, Tp. 4 S., R. 46 E. B. M., County of Bingham, State of Idaho, for domestic purposes; and,

WHEREAS, On the twenty-third day of December, A. D. 1905, Permit No. 1013 was issued to said applicants for the diversion of said water, and providing for the completion of the works of diversion therein described on or before the twenty-third day of December, A. D. 1905, and for the application to beneficial use of said water on or before the twenty-third day of December, A. D. 1905; and,

WHEREAS, On the eleventh day of September, A. D. 1905, the holders of said permit duly made proof of the completion of adequate works for the diversion of six-onehundredths cubic feet per second of said waters, as evidenced by my Certificate No. 1013, dated October 9, 1905, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use .06 cubic feet per second of water, with date of priority of December 2, 1904, and,

WHEREAS, On the eleventh day of September, A. D. 1905 proof was duly made of the application to beneficial use of six-onehundredths cubic feet per second of said water;

NOW, THEREFORE, By virtue of the authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to WALTER R. BARBER AND FRANKLIN LINDHOLM of Freedom, Uinta Co., Wyoming, the holders and owners of said Permit No. 1013 a perpetual right, dating from December 2, 1904, to the use of six-onehundredths cubic feet per second of the waters of Barber Spring in NW $\frac{1}{4}$ of NE $\frac{1}{4}$ Sec. 29, Tp. 4 S., R. 46 E. B. M., in the County of Bingham and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted at a point N. 39° 30' E. 14.5 chains from $\frac{1}{4}$ Cor. E. Sec. 29, Tp. 4 S., R. 46 E. B. M., for the purpose of domestic use, subject, however, to the laws of the State of Idaho applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS My hand and the seal of my office, at Boise, Idaho, this ninth day of October, A. D. Nineteen Hundred and five.

No. 1359

To appropriate the Public Waters of the State of Idaho.

1. Name of applicants - WALTER R. BARBER & FRANKLIN LINDHOLM

Postoffice address: P. O. - Freedom, Uinta Co., Wyoming.

II. The financial resources of the applicants are:

(d) Other resources - \$3000 real estate, etc.

2. The quantity of water claimed is six one-hundredths (.06) cubic feet per second.

3. Source of water supply - Barber Spring in NW4 NE4, Sec. 29, T. 4 S., R. 46 E. B. M., Bingham Co.

4. Location of point of diversion - S. 39° 30' E. 14.50 chains from $\frac{1}{4}$ cor. N. Sec. 29.

5. To be used for:

I. Domestic use:

6. Estimated cost of works - \$700.00

7. Description of Works for Diversion:

1. Kind of works - Iron pipe.

II. Dimensions of Works:

(d) Ditch (flume or pipe) width at bottom 2 in & 1 in pipe. Average grade per mile is 80 ft. Length of pipe is $\frac{1}{2}$ mile, and it crosses the following quarter sections - NE4, Sec. 29 & NW4, Sec. 28, T. 4 S., R. 46 E. B. M., Bingham County, Ida, U. S. A., to points in W2 NW4 Sec. 28, which are the points of intended use.

8. Time required for the completion of the construction of such work is to Aug. 1, 1905, 7 mos.

9. Time required for the complete application of the water to the proposed use is 7 mos.

Approval of State Engineer.

The number of this permit is 1013.

Date of first receipt of application 3:40 P. M., December 2, 1904.

Returned to applicant for correction December 2, 1904.

Corrected application received December 22, 1904.

Recorded in Book 4, page 1013. Approved December 23, 1904.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho and hereby grant the same, subject to the following limitations and conditions:

One-fifth of the work above specified to be completed on or before June 23, 1905.

The whole of said work to be completed on or before December 23, 1905 .

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to December 23, 1905.

Witness my hand this twenty-third day of December, 1904.

Jas. Stephenson, Jr.

State Engineer.

Form 108, Notice of Proof of Completion of Works, mailed applicant June 16, 1905.
Form 131, Notice of Proof of Application of Water to Beneficial Use, mailed
applicant June 26, 1905.

Notice of Proof of Completion of Works and Notice of Proof of Application of
Water to Beneficial Use received July 10, 1905, fixing September 11, 1905 as the
date and Glen, Bingham County, Idaho as the place of proof.

Notice for Publication mailed "The Times", Idaho Falls, Idaho, July 28, 1905,
and depositions blanks for proof of completion of works and proof of application
of water to beneficial use mailed Walter R. Barber July 28, 1905.

D. M. Ross of Freedom, Wyoming, authorized August 10, 1905 to make examin-
ation of works and report to the office of State Engineer .

Report of D. M. Ross received September 6, 1905.

Depositions of permit holder and two witnesses in the matter of proof of com-
pletion of works and proof of application of water to beneficial use received
September 16, 1905.

Fee of \$5.00 for proof of completion of works received September 16, 1905.

Fee of \$5.00 for proof of application of water to beneficial use, and affi-
davit of publication of notice received October 6, 1905.

Depositions and report show that works have been constructed of sufficient
capacity to divert and carry to the place of intended use the amount of water for
which application was made, and that water to the extent of the application has
been applied to beneficial use.

Certificate of Completion of Works and License issued October 9, 1905.

Permit No. 1013.

C E R T I F I C A T E O F C O M P L E T I O N O F W O R K S .

To All Whom It May Concern:

This is to certify that WALTER R. BARBER and FRANKLIN LIEDHOLM of Freedom,
County of Uinta, and State of Wyoming, the holders of Permit No. 1013, issued upon
Application No. 1359, bearing date of priority of December 2, 1904, authorizing
the diversion of six--one-hundredths second-feet of the waters of Barber Spring,
County of Bingham, State of Idaho, at a point S. 39° 30' E. 14.5 chains from $\frac{1}{4}$
Cor. N. Sec. 29, Tp. 4 S., R. 46 E. B. M., for domestic purposes, have fully com-
plied with the provisions of the laws of the State of Idaho relating to the proof of
completion of the works of diversion set out and described in said Permit; that
said works are adequate for diverting and conveying to the place of intended use
six-one-hundredths (.06) second-feet of water;

Witness my hand this ninth day of October, A. D. 1905.

Jas. Stephenson, Jr.

License issued for $\frac{6}{100}$ second feet

United States Department of Agriculture
Farmers Home Administration
Box 700
Idaho Falls, Idaho

Attention: Harry E. Jenkins
County Supervisor

Dear Mr. Jenkins:

In reply to your letter of June 18, 1958, in which you requested to be advised of any record of water rights filed in this department in the name of Solon R. Barber or Walter Barber, stating that the land is located in the Eastern portion of Bonneville County near the Wyoming border.

Permit No. 743 was filed July 18, 1904, by Solon Barber and Franklin Lindholm who made Proof of Completion of Works on September 19, 1904, for the diversion of 3.25 cusecs foot of the waters of Jackknife Creek, at a point South 78° 58' West, 2414' from the quarter corner between Section 20 and 29, for irrigation purposes.

The lands to be irrigated are the NE 1/4, Section 29, N 1/2 NW 1/4, SW 1/4 NW 1/4, NW 1/4 NW 1/4, Section 29, Township 4 South, Range 46 East. Beneficial Use Proof has never been made on this permit, therefore no license has ever been issued.

Our records also disclose Permit No. 1013, applicant - Walter R. Barber and Franklin Lindholm, filed December 2, 1904, for .06 cubic feet per second of Barber Springs located in the NW 1/4 NW 1/4 of Section 29, for domestic purposes. Water license was issued October 9, 1905. Place of use - Points in the NW 1/4 NW 1/4 of Section 29, Township 4 South, Range 46 East.

We hope this answers your inquiry.

Very truly yours,

R. W. HUMPHREY
Deputy State Reclamation Engineer
By

Roy W. Thompson

Department of Reclamation

June 18, 1958

State Bureau of Reclamation
Boise, Idaho

Dear Sir:

Could you please advise me of any record of water rights you might have on Solon R. Barber or Walter Barber. The land is located in the eastern portion of Bonneville County near the Wyoming border.

It is in sections 21-28 and 29 township 4 South Range 46 East of the Boise Meridian. We are attempting to make a real estate loan and need the information on water rights.

Sincerely yours,

Henry E. Jenkins
County Supervisor

Boise, Idaho, October 9, 1905.

Mr. Walter R. Barber,

Freedom, Uinta County, Wyoming.

Dear Sir:-

I enclose herewith Certificate of Completion of Works
and License issued under Permit #1013. Also enclosereceipt
for \$5.00 for proof of application of water to beneficial use.

Yours truly,

State Engineer.

Permit No. _____

Proof of Application of Water to Beneficial Use.

DEPOSITION OF HOLDERS.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. *W. R. Barber & F. Lindholm, 46 & 41 yrs respectively, Glen, Idaho.*
Ranchers, Glen, Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. *1013, Dec. 2, 1904, Dec. 2, 1904.*

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. *Barber Spring which lies S. 39° 30' E. 14.50 chains from*
1/4 corner N. of Sec. 29, T. 4 S. R. 46 E.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. *A pipe line 1/2 mile long, carrying 1 qt. per sec.*

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.)

Ans. *Domestic, at residences and cattle yards*

Ques. 7. If for other than irrigation purpose, state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. *1 qt. per second*

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. *Are the persons*

1013

1012

Ques. 10. State when, how, in what amount and to what extent the water diverted under above

mentioned permit has been used.

Ans. June 1, 1905, domestic use, to full extent of lot per sec.

(Sign) { Charles R. Barker
Franklin Grindholm

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was sub-

scribed and sworn to before me, at my office in _____, County of _____, State of Idaho, on this _____ day of _____, 1905.

DEPOSITION OF WITNESS.

Received and filed

Sept 16-05

The deposition of two witnesses, on this form, taken separately, required in each case.

PERMIT NO. _____

Proof of Application of Water to Beneficial Use.

DEPOSITION OF WITNESS.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. H. R. Smith, 22 yrs. Glen, Rancher, Glen, Idaho.

Ques. 2. Are you acquainted with W. R. Barber & L. Lindholm
the holders of Permit No. 1013? How long have you known them, and where does they reside?

Ans. Yes, 10 yrs. at Glen, Idaho

Ques. 3. Have you read or heard read said Permit No. 1013, and you are familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Barber's Spring, S. 37° 30' E. 14.50 chs. from 1/4 Cor. N. Sec. 29, T. 4 S. R. 146 E.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 1 cfs. per sec. have seen it flowing

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.)

Ans. Domestic use, at residences & Cattle yards in Glen

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) State character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. _____

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Proof of Completion of Works

Deposition of Witness

Received and filed

Sept 11 05

Freedom, Idaho, Aug. 28, 1905.

To the State Engineer, Boise, Idaho,

Dear Sir,

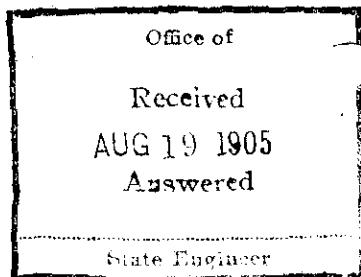

Under authority of your Letter dated Aug. 10, I examined the Barber and Lindholm pipe line to appropriate water from the Barber Spring for domestic use.

The first 200 ft. at the Spring is of 2 in. pipe, then follows 150 ft. of 1½ in. pipe, the remainder being 2 lines of inch pipe. The fall is 80 ft. per mile, and the actual flow by measure is $\frac{2}{100}$ cubic feet per second.

I enclose a map of the works.

Respectfully,

David M. Ross.

Freedom, Wyo. Aug. 16, '05

*Mr. Jas. Stephenson, Jr.
State Engineer,
Boise, Idaho.*

Dear Sir,

*This is to inform
you that I shall be able to attend to examining the Barber
and Lindholm pipe line before the date of "proving up".*

Yours truly

D.M. Ross.

Boise, Idaho, August 10, 1905

Mr. D. M. Ross,

Freedom, Wyoming

Dear Sir:—

The holder of Permit No. 1013, Walter R. Barber and Franklin Lindholm, residing at
Glen, Bingham Co., Idaho, which permit authorizes the diversion of 6/100
second-feet of the waters of Barber Spring at
_____, desire to make proof of the completion of works of di-
version, at _____, on September 11, 1905

Will you therefore please arrange with the holder of said permit for an examination of the works of diversion, ascertain whether or not they comply fully with the terms of said permit, and render me a report on the condition of such works before the date fixed for said proof of completion, in accordance with the provisions of Sections 4 and 5 of House Bill No. 146, passed by the Seventh Session of the Legislature, approved March 11, 1903.

You should also arrange with the holder of said permit for the payment of your fee for this service and such proper expenses as you will incur in making this examination and report.

Please advise me promptly of your receipt of this communication, and whether or not you will be able to make the examination and report requested. Yours truly,

State Engineer.

P. S. Will you kindly make a map showing the location of the spring, route of ditch and land to be irrigated, or other place of use. Your report should also give the dimensions of the ditch, etc., so as to enable me to determine whether the works are of a capacity to divert and carry the water applied for.

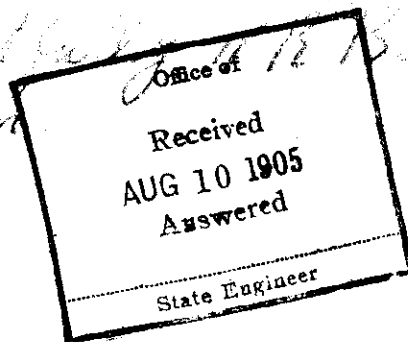

Glen Idaho Aug 7. 1905

Dear Sir:—

I have your letter of July 28, 1905, enclosing Notice of Completion of Works under Permit No. 1013, which will be published as you request, beginning with our issue of Aug.

Bert H. Mill
Per J

1013

NOTICE FOR PUBLICATION.

Notice is hereby given that on the 11th day of September, 1903, at Glen, County of Bingham, State of Idaho, proof will be submitted of the completion of works for the diversion of $\frac{6}{100}$ cubic feet per second of the waters of Barber Spring, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 1013, heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the persons holding said Permit are Walter R. Barber and Franklin Lindholm, Glen, Bingham County, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is $\frac{6}{100}$ cubic feet per second.

3. The use to which said water has been applied is domestic and the amount applied to beneficial use is $\frac{6}{100}$ cubic feet per second.

4. The place where said water is used is $W\frac{1}{2}$ of $NE\frac{1}{4}$ Sec 23, Tp. 4 S., R. 46 E. B. M.

5. The right to take the water from such works is based upon Permit No. 1013.

6. The source of supply from which such water is diverted is Barber Spring.

7. The date of priority which said user is prepared to establish is December 2, 1904.

Boise, Idaho, July 28, 1905.

Mr. Walter R. Barber,
Glen, Idaho.

Dear Sir:-

I enclose depositions with instructions, in regard to proof of completion of works under your permit #1013.

As you are also making proof of application of water to beneficial use I enclose deposition for that proof also. The fee for this proof is \$2.00 for each 40 acres upon which water has been beneficially applied.

Yours truly,

State Engineer.

1013

INSTRUCTIONS.

PROOF OF COMPLETION OF WORKS.

July 28, 1906

DEAR SIR:

I enclose herewith the following forms to be used in connection with Proof of Completion of Works under your Permit No. ~~1013~~.

~~NOTICE OF PROOF OF COMPLETION OF WORKS.~~

DEPOSITION OF PERMIT HOLDER.

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out; since failure to do so may result in the loss of your rights.

1. Fill out the Notice of Proof of Completion of Works and mail to the State Engineer's office at least sixty days before the date upon which you wish to submit proof, which proof must be on or before _____ Upon receipt of this form, notice for publication will be sent to the paper direct from this office.

2. On ~~Sept. 11, 06~~ Sept. 11, 06, the date set for the proof of completion of works, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at ~~Elm~~ Elm, before someone authorized to administer oaths. (The proof may be at a place most convenient to permit holder and witnesses.)

3. To complete the proof, it is also necessary that an examination be made of the works as constructed, which examination must be under the authority of the State Engineer. It is the desire to make this expense as light as possible to the permit holder. Will you therefore give me the name of a competent engineer, or surveyor, in your neighborhood who could do this work with as little expense as possible to you. Upon receipt of such a name I will authorize him to do the work. The examination should be made on or before the date set for the proof.

4. When the depositions have been taken, ~~they~~ they should be mailed to this office, together with affidavit of publication of notice and fee of \$_____. When these have been received, together with report of examining engineer, if everything is properly executed, Certificate of Completion of Works will issue.

Yours truly,

JAS. STEPHENSON, JR.,

State Engineer.

1013

PERMIT NO. 1013

Notice of Proof of Application of Water to Beneficial Use.

(This blank must be filled out by holder of permit and forwarded to the State Engineer at least 60 days before the time set for application of water.)

(P. O.) Glen, Idaho, (Bingham Co)(Date) July 5, 1905

To the State Engineer of the State of Idaho, Boise, Idaho:

Dear Sir—Notice is hereby given that on the 11 day of Sept, 1905, at Glen, County of Bingham, State of Idaho, proof will be submitted of the application to beneficial use of Six One-hundredths (0.06) cubic feet per second of the waters of Barber Spring in accordance with the terms and conditions of Permit No. 1013, heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Walter R. Barber and Franklin Lindholm, Glen, Bingham Co Idaho

2. The use to which said water has been applied is Domestic

3. The amount applied to beneficial use is Six One-hundredths Cu. ft.

4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated) W² NW⁴ Sec. 28, T. 4 S. R. 46 E. B. M.

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is Barber and Lindholm Pipe Line

6. The right to take the water from such works is based upon Permit No. 1013

7. The source of supply from which such water is diverted is Barber Spring

8. The date of the priority which said user is prepared to establish is Sept. 11, 1905
Dec. 2-04

I desire that the above notice be published, according to law, in the Times of Idaho Falls, published in the county in which said water is to be used; the expense of which publication will be borne by me.

1013

(Sign)

Walter R. Barber

HOUSE BILL 146, SEVENTH SESSION OF THE LEGISLATURE.

Section 7. On or before the date set for the beneficial use of waters diverted under the provisions of this act, which in no case shall be more than four years from the date set for the completion of any canal or other works designed to divert and conduct the public waters of the State to a place of use, or the date for the enlargement or extension or the completion of works for such purpose, the person or persons using such water shall submit proof that they have used such water for the beneficial purpose for which the diversion of such water was intended. Such user of such water shall first notify the State Engineer that he is prepared to prove that such water has been beneficially applied to the purpose for which it was intended. Such notice to the State Engineer shall state (1) the name and postoffice address of such user, (2) the use to which such water has been applied, (3) the amount used, (4) the place of such use, and, if for irrigation, the description by legal subdivisions, of the lands so irrigated, (5) the name of the canal or ditch or other works by which such water is conducted to such place of use, (6) the relation or understanding upon which the right to take water from such works is based, (7) the source of supply from which such water is diverted, and, (8) the date of the priority which such user is prepared to establish.

Such notice and such written proof as may be required to be submitted by such user shall be upon forms furnished by the State Engineer and such statements shall be sworn to by such user and be supported by the affidavits of two disinterested witnesses.

Upon receipt of such notice by the State Engineer, such engineer shall order its publication in some newspaper designated by such user and published in the county in which the major portion of such land is situated, for a period of four weeks, and shall fix a date when such proof shall be submitted and name a place where such proof will be received.

Such date shall be subsequent to the completion of such publication, and such engineer shall, on or before the date set for such final proof, examine, or cause to be examined (1) the place where such water is used, and if the use is for irrigation, shall ascertain the area and location of the land irrigated and the nature of all the improvements which have been made as a direct result of such use, (2) the capacities of the ditches or canals or other means by which such water is conducted to such place of use and the quantity of water which has been beneficially applied for irrigation or other purposes. And the State Engineer or the person making such examination under the direction of such engineer shall also, on the date set for such final proof, receive the written statements made by the person or persons submitting such proof and the affidavits of the witnesses, which statements and affidavits, together with a report of the investigation which he is instructed to make, shall be forwarded at once to the State Engineer: Provided, That whenever several of such final proofs shall be offered from the same locality, such engineer shall arrange, whenever practicable, to have such notices for publication combined, and to have such examinations made by the same person and on the same date as near as may be with a view of minimizing the expense of taking such proofs, and such publication shall be at the expense of the person or persons submitting such proof.

Section 8. Upon receipt by the State Engineer of all the evidence in relation to such final proof, it shall be his duty to carefully examine the same, and if he is satisfied that the law has been fully complied with and that the water is being used at the place claimed and for the purpose for which it was originally intended, he shall issue to such user or users a license confirming such use. Such license shall be issued under the seal of the office of the State Engineer and such license shall state the name and postoffice address of such user, the purpose for which such water is used, the quantity of water which may be used, which in no case shall be an amount in excess of the amount that has been beneficially applied. If such use is for irrigation, such license shall give a description by legal subdivisions of the land which is irrigated by such water.

Section 10. For examining the ditches and lands of the user at the time of making final proof of the application of water, a fee of two (2) dollars shall be paid to the State engineer at the time of making such proof for each legal subdivision of forty (40) acres or fraction thereof to which such water may have been applied. For examining the ditches or other works and the place where such water is used, when such use is not for irrigation, a fee of five (5) dollars shall be paid the State Engineer at the time of making such examination and taking the proof of such use: Provided, That in the case of water used for irrigation where two or more users, whose lands join or who take water from the same common lateral, join in the publication of the notice of their intention to make such proof of application, a fee of one (1) dollar for each legal subdivision of forty (40) acres or fraction thereof receiving such water shall be paid to the State Engineer at the time of making such proof.

Notice of Proof of Completion of Works.

(This blank must be filled out by holder of permit and forwarded by registered mail to the State Engineer at least 60 days before the time set for completion of works.)

(P. O.) Glen, Bingham Co. Idaho,

(Date) July 5 1905

To the State Engineer of the State of Idaho, Boise, Idaho.

Dear Sir:

Notice is hereby given that on the 11 day of Sept. 1905, at Glen, County of Bingham, State of Idaho, proof will be submitted of the completion of works for the diversion of 6/100 cubic feet per second of the waters of Barber Spring, in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho:

1. The names of the persons ~~or corporation~~ holding said permit are Walter R. Barber and Franklin Lindholm

2. The post office address of such persons ~~or the place of business of such corporation is~~ is Glen, County of Bingham State of Idaho.

3. The number of such permit is 1013, and the date set for the completion of such work is Sept. 11, 1905

4. Said water is to be used for Domestic purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 6/100 cubic feet per second.

6. ~~The amount of lands for which said water is available is~~ _____
acres, particularly described as follows:

(In case of all canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the above notice are true.

Engineer.

I desire that the above notice be published, according to law, in the Times, of Idaho Falls, published in the county in which said works are situated; the expense of which publication will be borne by _____

(Signature) Walter R. Barber

House Bill No. 146, Seventh Session of the Legislature.

Sec. 4. On or before the date set for the completion of works for the diversion and application of water under any permit the holder of such permit, or his assign shall be prepared to submit proof of the completion of such works to the State Engineer.

Such holder of such permit shall first notify the State Engineer that he is prepared to submit such proof of completion of such works. Such notice to the State Engineer shall be given by registered mail and at least sixty days before the date set for the completion of such works, and shall be on a form furnished by such Engineer, and shall state (1) the name of the person or corporation holding the permit under which such works are constructed, (2) the postoffice address of such person or the place of business of such corporation, (3) the number of such permit, and the date set for the completion of such works under the same, (4) the use for which said water is intended, (5) whether or not such works will be fully completed on the date set for such completion, and the amount of water which such works are capable of conducting to the place of intended use in accordance with the plans of the same accompanying the application for such permit, (6) if for irrigation, the amount of, and the description of the lands for which said water is available according to such plans. In case of all canals or other works designed to divert and carry more than 50 cubic feet per second of water, the facts set forth in such notice to the State Engineer shall be certified to by a well known and competent irrigation engineer.

Upon receipt of such notice by the State Engineer, such engineer shall immediately order its publication for a period of four weeks in some newspaper designated by the person sending such notice and published in the county in which such works are situated. Such published notice shall also state the date when such proof of completion shall be submitted to such engineer, and the place where the same shall be submitted and such publication shall be at the expense of the person making such proof.

Such person or persons establishing such proof of completion may offer the affidavits of competent engineers in relation to the grades, dimensions and capacity of such works, and the amount and location of land to which water can be delivered for irrigation. And the State Engineer may, in the case of canals designed to divert fifty cubic feet per second or more, demand that profiles and cross-sections showing the grade of and the finished condition of such works to be filed with him in support of the claims which may be made in relation to the finished condition of such works by the person or persons holding such permit. And in the case of works capable of diverting, on the date set for such completion, the full amount of water for which such works were intended, such State Engineer shall have authority to order the water turned into such works for the purpose of measuring the same.
