) UNCONTESTED FEDERAL WATER RIGHT  
) CLAIM FOR ADMINISTRATIVE SITE

)

FOR WATER RIGHT: 78-10647

The above-captioned water right was claimed as an implied federal reserved water right for a Forest Service administrative site within the boundaries of a national forest. The claim was included in the *Director's Report for Domestic Claims Based on Federal Law* filed on March 9, 1999. The claimant, the United States of America, acting through the United States Department of Agriculture, Forest Service ("United States"), pursuant to leave of court, amended the original claim to change, among other things, the purpose of use element from "domestic" to "administrative." The amended claim was filed August 20, 2002. No objections were filed to the original claim or to the claim as amended.

As required by I.C. § 42-1411A(14), a hearing was held on May 20, 2003, for the purpose of allowing the United States to demonstrate a *prima facie* case regarding the existence of the above-captioned water right established under federal law. At the close of the hearing the Court ruled that the United States had met the burden of establishing the existence and elements of an implied federal reserved water right for the above-captioned water right claim.

THEREFORE, IT IS ORDERED that water right 78-10647 is hereby decreed as set forth in the attached *Partial Decree Pursuant to I.R.C.P. 54(b)*.

Dated this 12<sup>th</sup> day of June, 2003.
