

Case No. 39576

ORDER OF PARTIAL DECREE

FOR WATER RIGHT: 74-14771

The above-captioned water right was originally claimed as an implied federal reserved water right for a Forest Service administrative site within the boundaries of a national forest. The claim was included in the *Director's Report for Domestic Claims Based on Federal Law* filed on December 7, 1998.

The claimant, the United States of America, acting through the United States Department of Agriculture, Forest Service (“United States”), pursuant to leave of court, amended the original claim to change, among other things, the basis of claim from a federal reserved right to a beneficial use claim pursuant to state law. The amended claim was filed August 20, 2002.

No objections were filed to the original claim or to the claim as amended and the time for filing objections has expired.

THEREFORE, IT IS ORDERED that water right 74-14771 is hereby decreed as set forth in the attached *Partial Decree Pursuant to I.R.C.P. 54(b)*.

Dated this 11th day of June, 2003.
