Re: Application #27-7148 (Bingham
County)

Dear Ms. Hiatt:

We have been apprised of your application for a permit to appropriate the public waters of the State of Idaho to provide domestic water to 29 families (individual connections). By regulation, your water system is defined as "public community" and, therefore, subject to the Idaho Regulations for Public Drinking Water Systems.

The regulations set forth minimum requirements for construction, water quality, monitoring, and maintenance and operation. Further, Section 1-8400.01 requires approval of plans and specifications by our Department prior to construction. A copy of these regulations is enclosed for your information.

If you have any questions regarding our requirements, please do not hesitate to contact our office.

Sincerely,

Henry L. Moran, P.E.
