WATER RIGHT LICENSE

License of Water Right No. 27-7046 Priority May 29, 1974 Amount 0.04 cfs

THIS IS TO CERTIFY, that Leslie F. Wixom
of Blackfoot, Idaho, has complied with the terms and conditions of Permit
No. 27-7046 issued pursuant to Application for Permit dated May 29, 1974,
and has submitted proof to the Department of Water Resources on June 1, 1979,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.04 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Irrigation	from <u>April 1</u> to <u>November 1</u>	at <u>0.02</u> cfs and	<u>3.5</u> acre feet
Domestic (1 unit)	from <u>January 1</u> to <u>December 31</u>	at <u>0.04</u> cfs and	<u>1.2</u> acre feet
	from _____ to _____	at _____ cfs and	_____

(both dates inclusive)

Subject, however, to the condition that no more than 0.04 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
4.7 acre feet per year, said waters to be diverted within the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 5, Twp.
3S, Rge. 35E in the County of Bingham

Description and location of place of use:

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho
Code or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use
herein described, as provided by the laws of Idaho.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 26 day of
February, 19 82.

Dear Mr. and Mrs. Wixom:

Re: Permit No. 27-7046

We have reviewed your statement of beneficial use for Permit No. 27-7046, as well as your letter dated June 16, 1979 in which you explained the circumstances involving your contacts with the Department during the last three months.

I would like to apologize for Departmental error in the unusual series of events that led to your late filing of the statement of beneficial use. We have verified that we sent to Maurice A. Toler of Arimo, Idaho your certified letter. Enclosed is the letter which Mr. Toler returned to us. I cannot find the letter to Mr. Toler which you returned, but I will assume that it was sent. Our mail personnel have been instructed as to what action to take upon receipt of such letter. In addition, we are investigating the telephone operator situation.

Due to our error in the letter exchange we will consider the statement of beneficial use to have been timely filed. Therefore, you have completed all steps necessary on your part to develop the water right. Within the next year a field representative from the Eastern Regional Office of the Department will contact you to make an inspection of your system. Based on the results of the inspection a license will be issued as the final step of the water right procedure.

I would like to thank you, Mrs. Wixom, for your clear description of the errors involved in the processing of your right. This Department has a good reputation as to accuracy of work and efficient dealings with the public, and we need to know when those goals are not achieved.

Sincerely,

Re: Permit No. 22-7046

Mr. Allred:

We did not return the forms on
our water permit because we never received
any such forms (as required by Idaho Code,
Permit No. 22-7046).

Earlier this spring (possibly March
30 or first week in April) my husband received
a register letter addressed to him. However,
after opening the letter, he found the letter
inside was addressed not to him but to
an individual in Arimo, Id.

Being concerned, and not being in
the habit of keeping other people's mail, I
called the phone number listed on the letter
head- 384-2215 - to receive instructions as
to returning the letter and receiving the one
meant for us.

RECEIVED

I explained to the woman answering at your office who I was and that I was calling long distance, also about the mistake. She said "okay" and put me on hold.

After a few minutes on hold, I was cut-off. I replaced the call, was put on hold, and was cut off again.

I was then called the post office about receiving a registered letter addressed to my husband at our proper address but whose contents were not addressed to him. I was instructed to bring the letter for return to them as it was a registered letter. I assume that it was returned to your office as the wrote "Return to Sender" and circled mistaken addresses in my presence.

I really thought your office would then send my husband's intended letter. However, we had heard nothing from your office until your letter informing us the permit had lapsed (Dated June 14, 1979).

Now really, it's a little hard to cooperate with your office if we don't receive the proper forms now if we can't expect your office to correct their mistakes.

This kind of service is exactly why the taxpayer is getting fed up with government and government regulations. I just felt that I would like to explain the circumstances as to our not complying with the law.
Try harder.

Sincerely,,

Jeresa Wixom

(Mrs. Leslie F. Wixom)

P.S. I can document both the phone calls and returning the letter, if needs be.

Dear Mr. Wixom:

One of the conditions of approval of your water Permit No. 27-7046 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before June 1, 1979. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.

Dear Mr. Wixom:

We have received a well drillers report indicating that a well was drilled for you in the SE~~SE~~SW, Sec. 5, T. 3S, R. 35E, B.M., Bingham County.

A review of our records indicates that you have not filed an application for a permit to appropriate the public water of the State of Idaho. Since March 25, 1963, an application has been required prior to construction of a well and a valid permit must be obtained before ground water may be diverted. The only exception to this requirement is a well drilled for stock-watering or single family household use and water used for all other purposes, including irrigation of one-half acre of land in connection with the household use where the total use does not exceed 13,000 gallons of water per day.

If you have already filed an application, which we over-looked in the review of our records, please advise us of the number of the application or the name under which the application was filed. However, if you have not yet filed the required application, you should do so as soon as possible. You may obtain the forms upon request from this office.

If you have any questions, please contact this office.

Very truly yours,

LOY H. JOHNSON

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill.

Very truly yours,

NORMAN C. YOUNG
District Engineer
