I received the amendment that you spoke of in your letter of May 21, 1980. I also took the amendment up to the Idaho Falls office of the Dept. of Water Resources, asked questions concerning it, signed it & paid the required fee & left it there for them to forward it to you. This was done on the 14th of May, 1980.

Hopefully by now you've received it. Either way, I have a receipt saying I've paid the fee signed by Ronald Carlson. I too would like to get this permit corrected & signed properly.

Dear Mr. Clawson:

One of the conditions of approval of your water Permit No. 27-7036 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before March 1, 1979. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.
