Dear Mr. & Mrs. Little:

One of the conditions of approval of the above referenced water right permit was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1978. The enclosed affidavit form is the document you must complete and submit as the proof of application of water to beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen:

This letter, with enclosed affidavits and bill, is an attempt to explain the weeks of foul-up on this matter.

We received your first order for insertion on June 2, 1973, for a legal notice for John and/or Karen Little, to be published June 7 and 14.

After the legal was published June 7, we were called by your office and told that the legal was wrong, and that a correction notice would be sent. We were not to run the legal again on June 14. The mistake was in the copy from your office.

We stopped the legal, waiting for the Notice of Correction.

This Notice of Correction came June 29, 1973, in time for the July 5 issue of the Pioneer, and we were to publish it again July 12.

Once again, your office made a mistake in the legal and we were called and told to run it July 12, with another correction in it. We ran it July 12, and thought that was it.

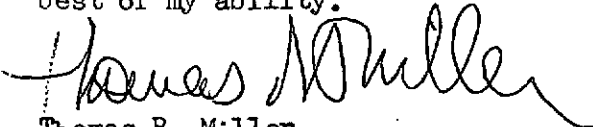

Our mistake was to incorrectly key the bottom of the last ad to run July 19. It did not and was not supposed to.

Then, I mailed the affidavits and bill to the address listed on all your correspondence to us, and tried to forget about it all.

This address turned out to not be right either, and once again things got bogged down.

This entire episode, and resulting telephone calls and letters would have been unnecessary if the first insertion order had been correct, and if there had not been so many subsequent mistakes made. This has caused us to look bad to the Littles and I feel that most of the blame lies with your office.

Enclosed you will find the information put together to the best of my ability.
