ATTN: Ms. Bobby Albertson *JB*

Dear Ms. Albertson:

Enclosed please find an original of Proof of Application of Water to Beneficial Use with attachment, a photo copy of the same document which was sent to your Boise office in August of this year and a copy of the letter dated October 5, 1972 notifying us that our permit has lapsed.

We sent the first copy to the Boise office in August in plenty of time to meet the October 1 deadline with allowance for the Postal Service. We would then assume that the Proof of Application became lost in the mail or at your Boise office.

We feel that this constitutes reasonable cause to reinstate our permit. Unless we hear from you within ten days, we will assume that the Department of Water Administration is going to reinstate our permit.

Sincerely,

Lowell G. Seifert

Gentlemen:

One of the conditions of approval of your water Permit No. 27-7019 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Seifert:

We are returning the application for permit and check in the amount of \$10, No. 28-8, which you have submitted as trustee for Dravo - Soda Springs. We find in reviewing this application that there are several questions that need clarification before we can process it.

Please note that the quantity requested under Item 4 appears to be somewhat excessive. Under normal conditions, the Department could approve only .02 of a c.f.s. per domestic unit. We also wish to advise you that the application must be signed on Page 3 in the exact manner in which the name of applicant appears under Item 1, Page 1.

As soon as you have corrected these items and re-submitted the application we shall begin its processing.
