Gentlemen:

One of the conditions of approval of your water Permit No. 27-7017 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before JULY 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Arvil Fielding

Dear Mr. Allred:

I would appreciate obtaining a report from your department concerning the status of the water permits and rights owned and possessed by Mr. Arvil Fielding. He has wells and also takes water from the Blackfoot River.

In a grantee's right of way from the Bureau of Land Management which commences in Township 2 South, Range 37 East of the Boise Meridian, the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 1 is crossed by 20 foot right of way and Section 7, Lot 1, where the point of diversion comes from, he has a right of way of 50 feet. He owns permit #27-7003. Also enclosed is a copy of the front page copy of a Deed of Water Right issued to him by Earl H. Tew. He owns an Order Granting Transfer #916 from the Department of Reclamation to Warren S. Tew issued the 1st of December, 1958, that covers property in Section 1, Township 2 South, Range 37 E.B.M. and Section 36, Township 1 South, Range 37 E.B.M. I assume that this transfer

is the order granted on Permit #G23828. I would appreciate all assistance you can give me in the matter.
