Dear Mr. Olsen:

This is in answer to your inquiry on the license and field examination of the above referenced permit. I have reviewed the above permit and find it was originally issued to irrigate 80 acres in the E $\frac{1}{2}$ NE $\frac{1}{4}$, Sec. 17 and the W $\frac{1}{2}$ NW $\frac{1}{4}$, Sec. 16, T. 3S, R. 35E, B.M.

Since the 18.2 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 16, T. 3S, R. 35E, was not included in the original permit, you may wish to consider filing a new application for permit to cover this additional ground.

For your convenience, I am enclosing a partially completed application for permit and instructions. If this alternative is satisfactory to you, complete the items on the application I have checked, and return it to this office together with the statutory filing fee as indicated in the instructions. Also, please notify me if this clarifies the problem with permit No. 27-7016, so that we may finalize issuance of the license.

If you have further questions, please do not hesitate to come by or contact the above office.

Very truly yours,

Herewith forwarding our notice letter of March 14th along with the permit holders reply. Since you are closer to the problem, am also returning the exam report in hopes you can contact Mr. Olsen and explain the situation.

The 18.2 acres he refers to is shown on his proof affidavit as being within the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 16. If he ~~mark~~ should buy the land in question, I would think an app for permit would have to be filed.

Will hold up the licensing of this permit for 30 days or until I hear from you. I appreciate your help in this matter.

Dear Mr. Olsen:

One of the conditions of approval of your water Permit No. 27-7016 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before July 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
