Dear Sir:

Enclosed you will find the claim to a water right for R. T. French Company and your firm's check No. 36125 in the amount of \$20.00. Also enclosed is another claim to a water right which, for your convenience, has been completed in our office based on the telephone conversation I had with you on September 26, 1979.

You should note that the claim we completed indicates the place of use for commercial purposes as the S $\frac{1}{2}$ NE $\frac{1}{4}$ and the N $\frac{1}{2}$ SE $\frac{1}{4}$ and that the twenty acres being irrigated are located in both the NE $\frac{1}{4}$ and the NW $\frac{1}{4}$ of the SE $\frac{1}{4}$ in Section 32, Township 1N, Range 37E. These changes were made to be consistent with the plat map on the original claim.

If you are confident the claim we completed is correct, please sign it in the presence of a notary public and return it to this office with the \$20.00 filing fee.

Respectfully submitted,

Dear Sir:

The Department has reviewed your company's claim to a water right for water from a ground-water source and finds it necessary to return it for the following corrections. Therefore, enclosed you will find the original claim, a blank claim form, and your firm's check No. 36125 in the amount of \$20.00.

In Item 3, substitute "irrigation" use for experimental farm and "commercial" use for potato processing. You will also need to indicate a month and day for the period of use. Also, please convert the amount from million gallons per day to either cubic feet per second or acre feet per annum.

In Item 6, indicate the number of total acres irrigated in each 40-acre tract. Use an "x" only to indicate the place of use for the commercial potato processing. Then, on the plat map on the reverse side, sketch in the lands irrigated on the experimental farm and the relationship to any major feature.

Once these suggested corrections have been made, return the completed claim and filing fee to this office. We shall then continue with the processing procedures of this document. Should you have any questions or need assistance, feel free to contact our eastern regional office.
