Dear Mr. Johnson:

Hope this is in order, but I have hurriedly gotten it together. But as I explained we are in desperate circumstances. Our rider was in last night and said the water will do good to last another week where our horses are, and also the camp is located. We have delayed hauling more cattle out as we planned on putting them in this field but the water situation looks to be critical.

We are pushing this as fast as possible and would appreciate your making a notice of our filing of the claim to this water right. We meet with the SES and forest service on the ground Friday afternoon. Your cooperation is appreciated.

Best regards
Stan Sheels
