AFFIDAVIT

We, William M. Hall, Robert L. Hansen, & N. R. Wright being first duly sworn,
deposes and says: Indian Creek and Corral Creeks are tributary to the Blackfoot
River. The right claimed would have no water except in the early spring on good
water years. During the irrigation season when regulation is started no rights
later than 1886 are recognized.

The reservoir for the storage claimed by Mr. Christensen was constructed in
1974 with the assistance of the ASCS cost sharing. We hold that the claimant has no
water right since he has not complied with Sec. 42-202, Idaho Code. Further, we do
not believe that there would have been water available for appropriation even if
the application for permit had been submitted to the Department of Water Resources.
