NOTICE FOR PUBLICATION

Notice of Proof Application of Water To Beneficial Use

Notice is hereby given that at
10:00 a. m. on the Sixth day of
July, 1936, at Soda Springs, County
of Caribou, State of Idaho, before
S. E. Matthews, Soda Springs, Ida-
ho, a Notary Public, proof will be
submitted of the application to ben-
eficial use of 0.04 cubic feet per
second of the waters of small un-
named spring in accordance with
the terms and conditions of Permit
No. 18115 heretofore issued by the
Department of Reclamation of the
State of Idaho.

The name and postoffice address
of the person or corporation holding
said permit are Wilford Steadman,
Soda Springs, Idaho.

The use to which said water has
been applied is culinary and domes-
tic purposes.

The amount applied to beneficial
use is 0.04 cubic feet per second.

The place where said water is used
(if for irrigation, give full and ac-
curate description of the lands ir-
rigated) in and about the dwelling
house of said Wilford Steadman
situated on SW $\frac{1}{4}$ -SE $\frac{1}{4}$ of Sec. 12,
Twp. 7 S. R. 42 E. B. M.

The name of the canal or ditch or
other works by which said water is
conducted to such place of use is
pine line (metal) buried under ground

The right to take water from
such works is based upon Permit
No. 18115.

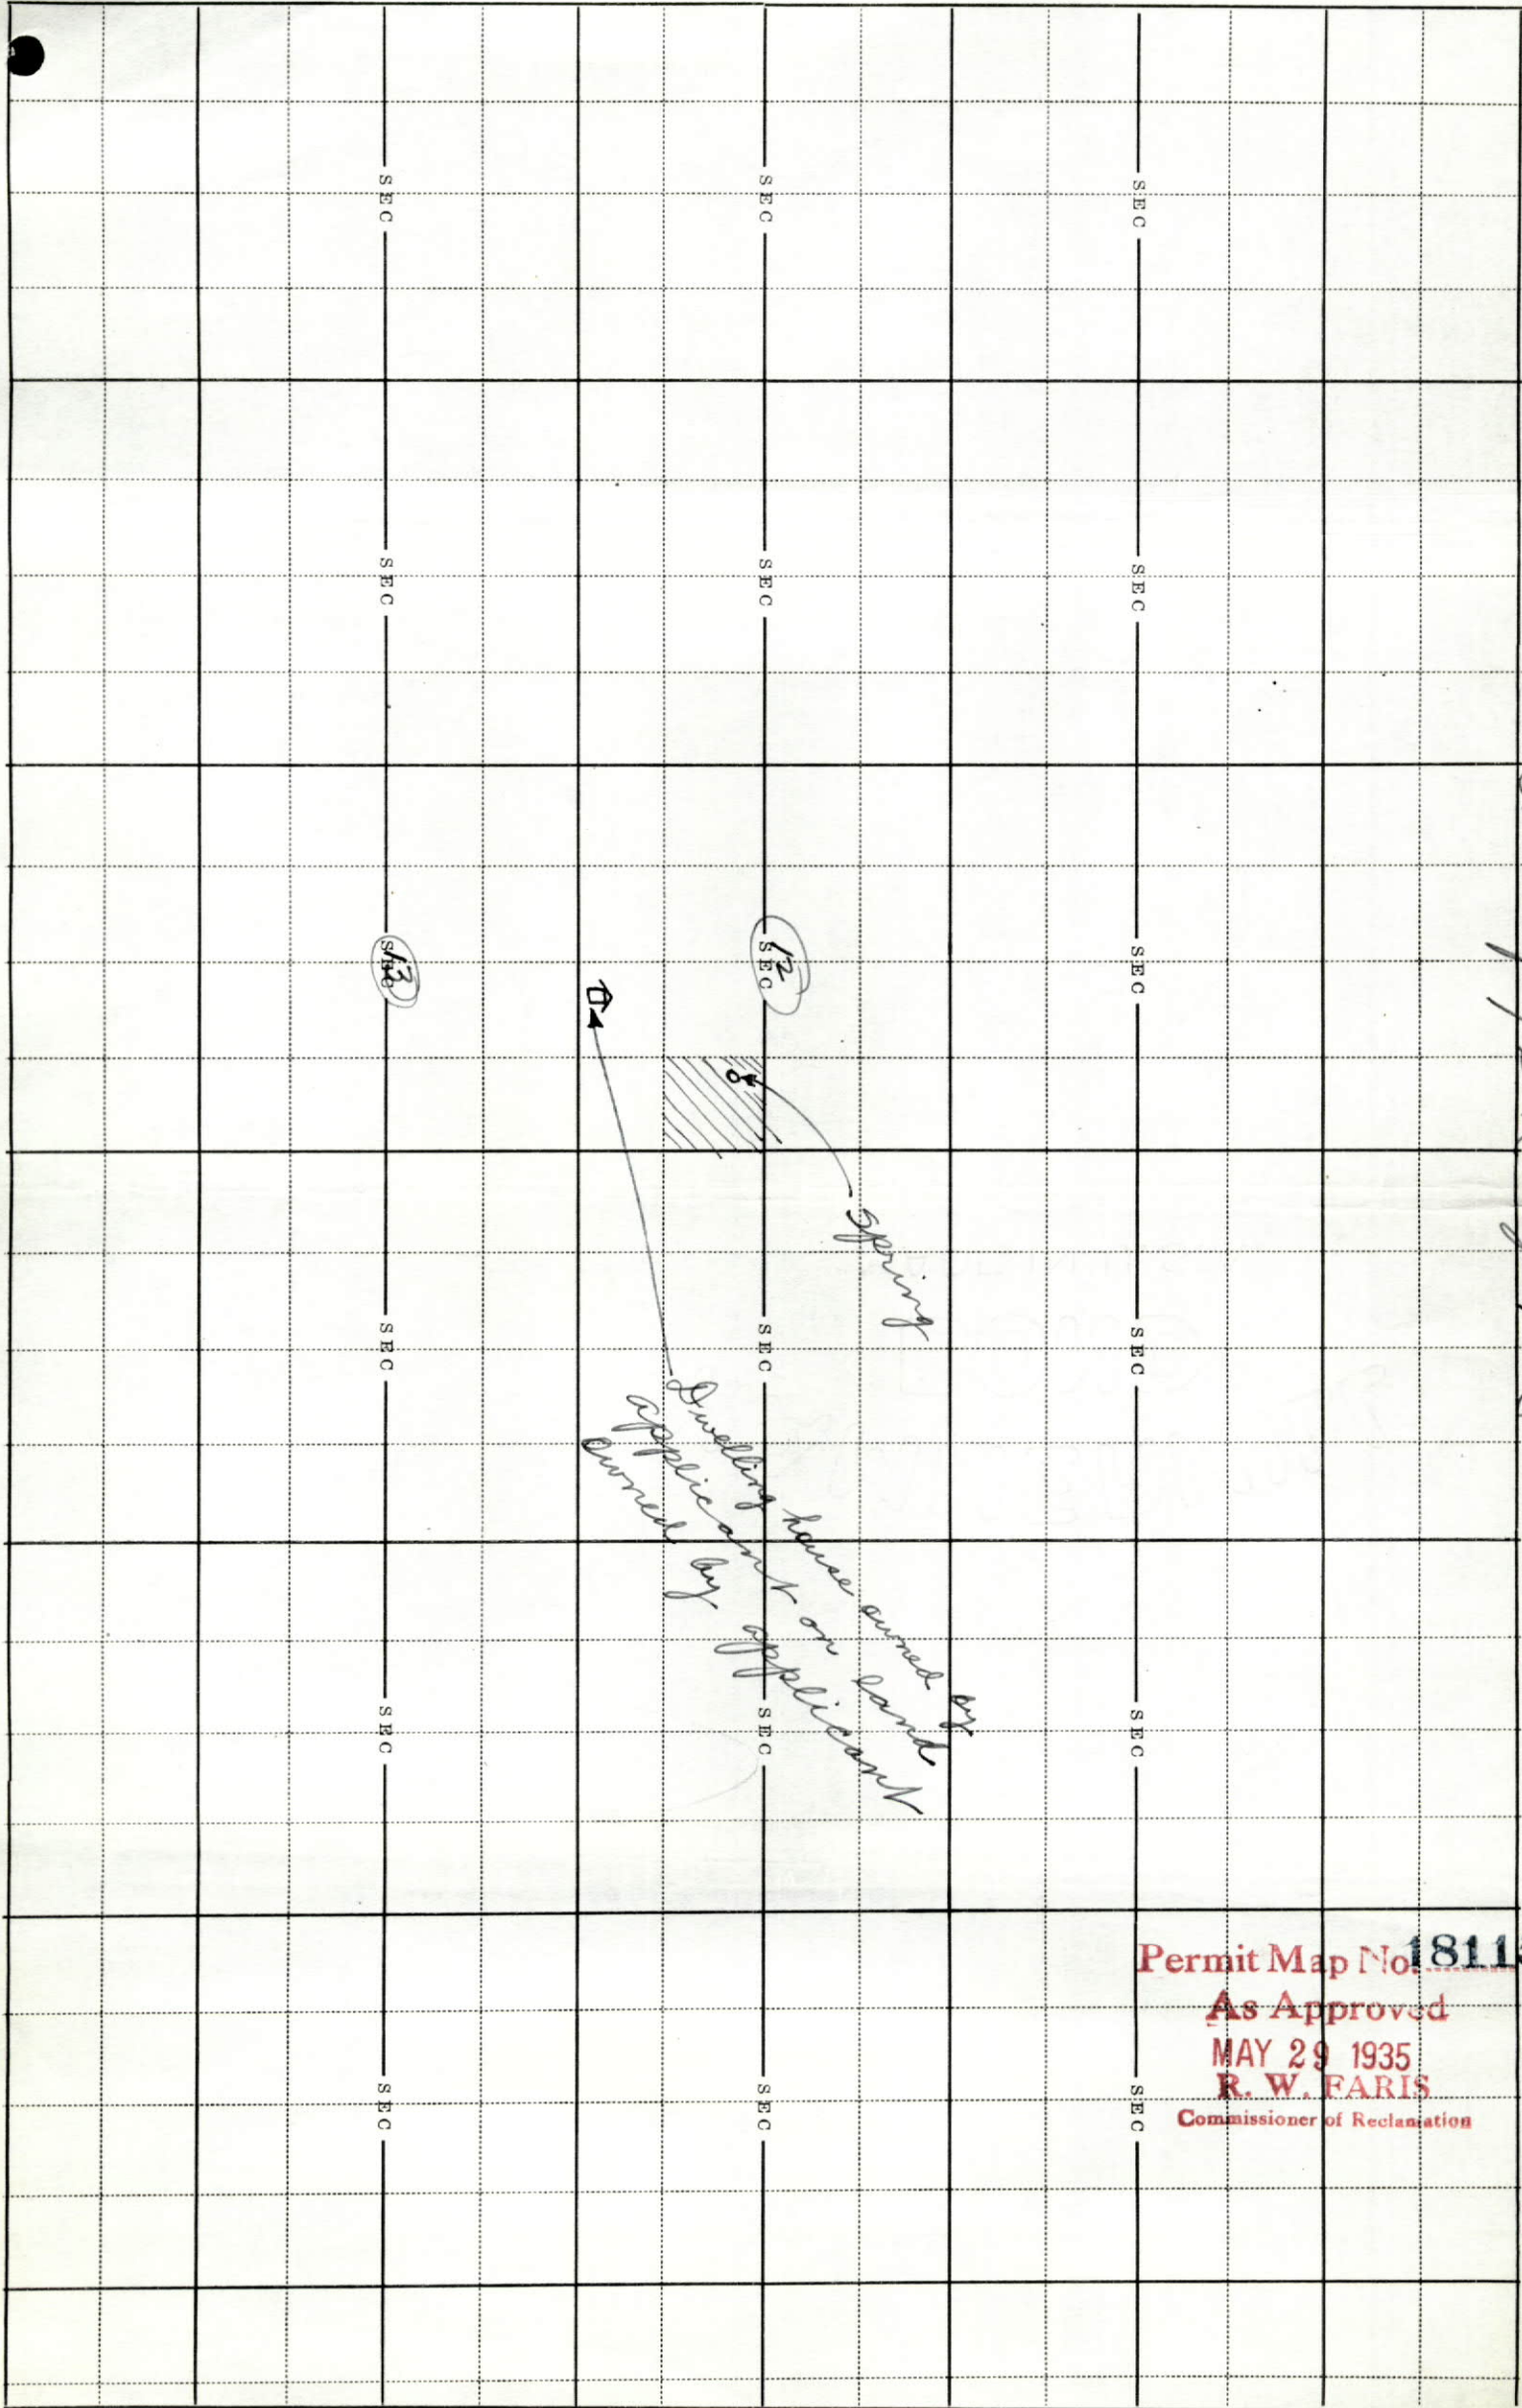

The source of supply from which
such water is diverted is small un-
named spring in the NE $\frac{1}{4}$ -SE $\frac{1}{4}$ of
Sec. 12, Twp. 7 S. R. 42 E. B. M.

The date of the priority which said
user is prepared to establish is
May 1, 1921.

R. W. FARIS,
Commissioner of Reclamation.

			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
REMARKS: Spring is situated on State land leased by applicant and spring has no other water users and its natural fall leads water to near applicants dwelling on his own land. Small concrete headgate or dam to back up water to be constructed and pipe to be run from spring to the dwelling house. I have used this water for culinary and domestic purposes for at least 15 years. Flow of spring is small and entire flow can be put into a 2" pipe. Flow of water is not sufficient to irrigate land for farming. Spring is on NE¼ SE¼-12-7 S.-42 E. leased by me from State under State Lease #905. "Upon proper request of the holder of the above numbered Permit, I have this 26th day of November, 1935, extended the time for completion of works thereunder to the 1st day of September, 1936. R. W. FARIS Commissioner of Reclamation Permit No. 18115 CERTIFICATE OF COMPLETION OF WORKS To All Whom It May Concern: This is to certify that Wilford Steadman of Soda Springs, County of Caribou, and State of Idaho, the holder of Permit No. 18115, issued upon Application No. 25339 bearing date of priority of May 15, 1935, authorizing the diversion of 0.04 second feet of the waters of a small unnamed spring, County of Caribou, State of Idaho for culinary and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 0.04 second feet of the waters of a small unnamed spring that the point of diversion of said waters is in the NE¼ SE¼ of Section 12, Township 7 South, Range 42 East Boise Meridian, in Caribou County, Idaho. Witness my hand this 1st day of June, A. D. 1936. R. W. FARIS Commissioner of Reclamation. S. E. MATTHEWS FINANCIAL AGENCY
Soda Springs, Idaho

Gentlemen:

I have your letter of November 21st with reference to the above permit, and in response thereto, I wish to advise you that the field engineer has just filed his report made in connection with final proof made under this permit.

He shows that the water claimed under this permit from an unnamed spring has been applied to beneficial use for domestic purposes by the permittee. We will therefore, upon receipt of the statutory fee in the amount of \$5.00, issue a license for 0.04 of one second foot of water, which is the quantity claimed under the terms of the permit.

Very truly yours,

Chief Clerk & Office Engineer

Dear Mr. Faris:

Re: Permit No. 18115

Mr. Wilford Steadman, holder of the above permit, today advised us that your Field Engineer had inspected his works quite sometime ago.

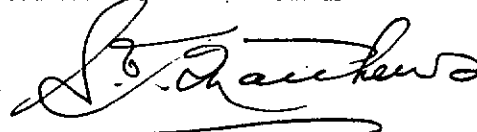

Mr. Steadman seems quite anxious to receive his State License for this water and ask that we write in and determine just when he may expect issuance of this license.

Please direct your reply to this office.

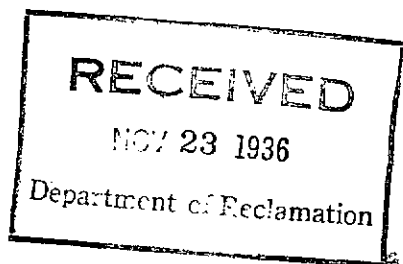

Yours very truly,

PERMIT NO. 18115

REPORT ON PROOF OF Beneficial Use

Wilford Steadman
Soda Springs, Ida.

- Permit No. 18115

Examination for.....Beneficial Use.....

County.....Caribou.....

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
-

STATE OF IDAHO

BOISE, IDAHO

REPORT OF ENGINEER

Permit No. 18115

This proof is for Beneficial Use

In Water District No.

1. Name of applicant Wilford Steadman

2. Source of water supply: Unnamed Spring

3. Location of point of diversion: Is in the NE¹SE¹₄ of Section 12

T. 7 S. R. 42 E. County of Caribou

4. Describe works as they exist, giving dimensions and capacities of same: *Diversion is through a concrete reservoir 3'x9'x6' depth which sets in a hillside cut and discharges into an iron pipe of 1 1/2" diameter. Pipe line is approximately 1/2 mile in length and reduces to 3/4" diam at the hydrant and point of discharge situated in the door yard of dwelling place*

5. Water is used for: Culinary & domestic purposes

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation):

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? None

Remarks:

Pipe is covered for entire length,

This examination was made on the 26th day of August, 1936.

(Signed) Fred L. Tolman
Examiner.

Re: Permit No. 18115

MR. WILFORD STEADMAN
Soda Springs, Idaho

Dear Sir:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses and the affidavit of proof of publication from the newspaper, all in connection with beneficial use proof under the above permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made since we have but one field engineer who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination so that you may show him over the grounds. After his report is on file in this office, you will be further notified as to fees due before the issuance of your license.

Very truly yours

NOTICE FOR PUBLICATION

Notice of Proof Application of Water To Beneficial Use

Notice is hereby given that at 10:00 a. m. on the Sixth day of July, 1936, at Soda Springs, County of Caribou, State of Idaho, before S. E. Matthews, Soda Springs, Idaho, a Notary Public, proof will be submitted of the application to beneficial use of 0.04 cubic feet per second of the waters of small unnamed spring in accordance with the terms and conditions of Permit No. 18115 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Wilford Steadman, Soda Springs, Idaho.

The use to which said water has been applied is culinary and domestic purposes.

The amount applied to beneficial use is 0.04 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) in and about the dwelling house of said Wilford Steadman situated on SW $\frac{1}{4}$ -SE $\frac{1}{4}$ of Sec. 12, Twp. 7 S. R. 42 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is pipe line (metal) buried under ground

The right to take water from such works is based upon Permit No. 18115.

The source of supply from which such water is diverted is small unnamed spring in the NE $\frac{1}{4}$ -SE $\frac{1}{4}$ of Sec. 12, Twp. 7 S. R. 42 E. B. M.

The date of the priority which said user is prepared to establish is May 1, 1921.

R. W. FARIS,
Commissioner of Reclamation.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. _____

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Wilford Steadman, Soda Springs, Caribou County, Idaho, occupation,
sheep raising, post office address, Soda Springs, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 18115, date of Permit, May 29, 1935, priority May ^{15, 1935}~~1, 1931~~

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source: Small unnamed spring - point of diversion in NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 12, T. 7
S. R. 42 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Concrete headgate 4 feet wide, 4 feet high, 400' 2" pipe running out of headgate,
then joined to about 2300' 1" pipe running to place of use, not over 0.04 cu. ft.
Privately owned pipe line, not named, buried under the ground.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water will be used in house of Wilford Steadman, and to water livestock near
house. Water not sufficient to irrigate. Water has been piped to the house
and later either troughs or small reservoir will be built to water livestock.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Water is used for culinary and domestic purposes in the house of the holder,
Wilford Steadman, and to water livestock near the house.

18115-

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 0.04 cubic feet per second

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. --

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water has been used continuously since ^{May 1,} 1921, to water livestock and domestic purposes of Wilford Steadman, at least 0.04 cu. ft. per sec. has been used at all possible times since May 1, 1921, for said domestic and culinary purposes, and all the water diverted ~~###~~ under said permit has been so used.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Amount of water in the small unnamed spring varies according to climatic conditions, and all the water flowing for said small unnamed spring has been used by the applicant, for the purposes aforesaid. Water flow is never over 0.04 c.f.s. so far as applicant knows. There are no other claimants or users of the water flowing from said small unnamed spring

(Sign)

Wilford Steadman

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Soda Springs, County of Caribou, State of Idaho, on this 6th day of July, A. D. 19 36.

J. B. Andrews

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 18115

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Melvin Garner, age 32, residence, Soda Springs, Idaho, occupation
laborer, postoffice address, Soda Springs, Idaho,

Ques. 2. Are you acquainted with Wilford Steadman, the holder of Permit No. 18115? How long have you known him and where does he reside?

Ans. Yes, I am acquainted with him. I have known him for not less than 12
years last past. He resides at Soda Springs, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18115, and are you familiar with its provisions and conditions?

Ans. I did read Permit #18115 and am familiar with its contents.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The water supply is a small spring, not named, and is diverted in the
NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 12, T. 7 S. R. 42 EBM. I would described his works
as a concrete head box at the spring, being about 4' feet wide and
about 4' high, leading out of which is about 400' of 2" pipe (metal)
and then about 2300' of 1" pipe (Metal) running to the house of
Wilford Steadman. The pipe line is buried under the ground.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. The works should conduct about 0.04 c.f.s. I have seen about 0.04 c.f.s.
of said water being so conveyed

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. The water is used for house purposes and to water stock at the house of ##
Wilford Steadman.

18115

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. The water is used in the house and to water stock at the house of Wilford Steadman. The water has been used for the past 10 or 12 years to my knowledge. Wilford Steadman has used this water, that is, all the water from the spring for at least 10 or 12 years for said purposes.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Wilford Steadman doesn't use this water to irrigate land with.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I haven't any interest in the water, works or lands.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been on the premises 50 or 60 times in the last 10 years and have seen the water used for house purposes and to water stock. I believe all the water from the spring is used for house and livestock purposes. In a dry year the flow of water will be less than in a wet year but I would estimate the average flow from the spring that was used as aforesaid would be 0.04 c.f.s. Nobody else uses any of this water from the spring.

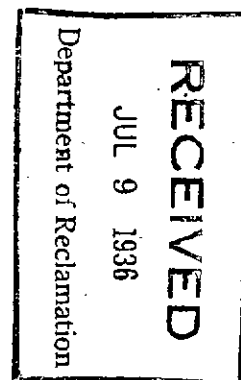

(Signed)

William Steadman

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Soda Springs, County of Caribou, State of Idaho, on this 6th day of July, A. D. 1936.

My commission expires August 2, 1936.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO.

PERMIT NO. 18115

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. J.E.Beus, Age 28 years, residence Soda Springs, Idaho, occupation livestock raising, post office address Soda Springs, Idaho.

Ques. 2. Are you acquainted with Wilford Steadman, the holder of Permit No. 18115? How long have you known him and where does he reside?

Ans. Yes. I have known him since at least the year 1926, and he resides at Soda Springs, Caribou County, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18115, and are you familiar with its provisions and conditions?

Ans. I have read Permit No. 18115 and am familiar with its provisions and conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water supply is small unnamed spring, diversion point is in NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 12, T. 7 S. R. 42 E. B. M., works could be described as a concrete box about 4' wide and 4' high and water is conveyed therefrom by means of a pipe line consisting of about 400' feet of 2" pipe running out of concrete box and about 2300' of 1" pipe running to the house of Wilford Steadman

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Not over 0.04 could be safely conducted to place of use. I would estimate that I have seen 0.04 c.f.s. of said water being so conveyed.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. From my observation it would appear the water is used for domestic and culinary purposes in and about the house of the Applicant, Wilford Steadman, for house purposes and watering livestock. The water has been piped from said small unnamed spring to the house of Wilford Steadman in about 2700' of metal pipe buried underground.

18115

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. Water is used for domestic and culinary purposes at the house of Wilford Steadman and all the water from said small unnamed spring flows down the said metal pipe line to the house of Wilford Steadman.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Water is not used for irrigation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in the works, water or lands above mentioned.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

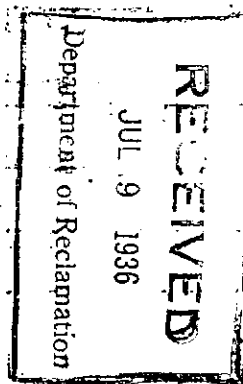

Ans. The applicant, Wilford Steadman, has been using all the water from said small unnamed spring ever since I first knew him in 1926. I have been at his house many times and have seen this water beneficially used for the purposes stated in the Application for Permit. I would estimate that 0.04 c.f.s. of said water has been so used beneficially.

(Signed) JEB

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Soda Springs, County of Caribou, State of Idaho, on this 6th day of July, A. D. 1936.

INSTRUCTIONS
PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,
June 29, 1936

S. E. MATTHEWS
Notary Public
Soda Springs, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 18115

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On July 6, 1936, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Soda Springs, Idaho before S. E. Matthews, N. P.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

R. W. FARIS

Commissioner of Reclamation.

June 8, 1936

Re: Permit No. 18115

Wilford Steadman
Soda Springs, Idaho

Dear Mr. Steadman:

This will acknowledge receipt of notice in duplicate for publication in connection with beneficial use proof, and also your authorization to have the notice published in the Soda Springs Sun, Soda Springs, Idaho, all in connection with Permit No. 18115.

A copy of the notice has been mailed to the newspaper with instructions to publish it once a week for four consecutive weeks prior to July 6, 1936. About ten days prior to this date, depositions consisting of one for the holder and one each for two witnesses will be mailed to S. E. Matthews, Notary Public, Soda Springs, Idaho, so that he will have them in ample time for the proof.

On the date designated you should appear at S. E. Matthews' office with two disinterested witnesses, who are familiar with the terms of the permit and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours

Chief Clerk & Office Engineer

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 a. m. on the Sixth day of July, 19 36,
at Soda Springs, County of Caribou, State of Idaho,
before S. E. Matthews, Soda Springs, Idaho, a Notary Public, proof will be submitted
of the application to beneficial use of 0.04 cubic feet per second of the
waters of Small unnamed spring in accordance with the terms and conditions of
Permit No. 18115 heretofore issued by the Department of Reclamation
of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are

Wilford Steadman, Soda Springs, Idaho

The use to which said water has been applied is culinary and domestic purposes

The amount applied to beneficial use is 0.04 cubic feet per second

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) in and about the dwelling house of said Wilford Steadman situated on
SW $\frac{1}{4}$ -SE $\frac{1}{4}$ of Sec. 12, Twp. 7 S. R. 42 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use
is pipe line (metal) buried under ground.

The right to take water from such works is based upon Permit No. 18115

The source of supply from which such water is diverted is small unnamed spring
in the NE $\frac{1}{4}$ -SE $\frac{1}{4}$ of Sec. 12, Twp. 7 S. R. 42 E. B. M.

The date of the priority which said user is prepared to establish is May 1, 1921.

Commissioner of Reclamation.

18115-

June 3, 1938

Re: Permit No. 18115

Mr. Wilfred Steadman
Soda Springs, Idaho

Dear Mr. Steadman:

You no doubt will have received your certificate of completion of works under the above permit by this time, together with our office receipt for the fee you paid in connection therewith.

We are, therefore, enclosing herewith notice in duplicate for publication in connection with proof of application of water to beneficial use and also our form letter for your authorization to have the notice published in some one of your county newspapers. You no doubt have your permit and you can complete the notice from the information contained therein.

Upon receipt of these papers in proper form we shall mail a copy of the notice to the newspaper you designate with proper instructions for its completion. The notice must be published once a week for four weeks. Therefore, kindly set the date for proof sufficiently far ahead for the publication.

This proof may be offered before a notary public, justice of the peace or officer of a court of record. Prior to the completion of the publication the person before whom the proof will be made will be furnished the necessary forms by this office for the proof.

Very truly yours,

Chief Clerk and Office Engr.

AFFIDAVIT

In Re: Application For Permit
To Appropriate the Public Waters of the State of Idaho
Application No. 2 5 3 3 9
Permit No. 1 8 1 1 5
NAME OF APPLICANT: Wilford Steadman, Soda Springs, Idaho.
Approved by R. W. Farris, Commissioner of Reclamation--May 29th, 1935.

STATE OF IDAHO,)
:ss
County of Caribou,)

I, Wilford Steadman of Soda Springs, Idaho, the applicant under the above permit, being of lawful age and after being first duly sworn depose and say:

That at least One-third (1/3) of the work and expense required to complete the water system outlined under the above permit has at this date, August 17th, A.D. 1935, been completed; said work as now completed consisting briefly of the following:

- (a) The Spring has been controlled by the erection of a cement reservoir;
- (b) Four hundred (400) feet of 1½" pipe has been installed from the said Spring to the Point of Use and water has been conducted thereto.

Your affiant further states under oath that the whole of said work will be completed on or before November 1st, 1935 and request is now made, at this date, for the necessary papers to show Completion of Works at any date between the said 1st day of November, A. D. 1935 and the 29th day of November, A. D. 1935, the latter date being the date set for Completion of Works by the Commissioner of Reclamation of the State of Idaho.

IN WITNESS WHEREOF, Your affiant has hereunto set his hand and seal under oath at Soda Springs, Idaho this 17th day of August, A. D. 1935.

Wilford Steadman
Applicant - Affiant

Subscribed and sworn to before me this 17th day of August, A. D. 1935, at Soda Springs, Idaho.

Re: Permit No. 18115

MR. WILFORD STEADMAN
Soda Springs,
Idaho

Dear Mr. Steadman:

Under date of May 18, we received your affidavit for proof of completion of works in connection with Permit No. 18115.

This instrument has been properly executed, but it should be accompanied by a statutory fee in the amount of \$5.00. We shall therefore hold it awaiting receipt of this fee. At that time your certificate of Completion of Works will be issued, and immediately thereafter I think it would be well for you to proceed with final proof, inasmuch as the water claimed under this right has been fully applied to beneficial use.

If you are in accord with this idea, we will be glad to furnish the necessary papers for final proof as quickly as this present matter has been completed.

Very truly yours,

Chief Clerk & Office Engineer

Re: Permit No. 18115
Wilford Steadman

MR. S. E. MATTHEWS
S. E. Matthews Financial Agency,
Soda Springs, Idaho

Dear Sir:

In reply to your letter of November 16th, relative to Mr. Steadman's permit to appropriate the waters of a certain spring, we wish to advise you that he can obtain an extension of time in which to complete the required work, under his permit by making out the enclosed form before a Notary Public and returning it to this office on or before the date when proof will be due, which is November 29, 1935. This is a simple matter and there will be no charge in connection therewith.

He cannot be permitted to amend his permit to include the waters of another spring, since if it were possible for him to do that he would, in reality be taking water from an entirely new source with a priority date much earlier than the time of the actual development. Furthermore, in many instances if such a practice were permitted, the rights of subsequent appropriators would be jeopardized through no fault of such appropriators.

Very truly yours,

R. W. FARIS
Commissioner of Reclamation

Dear Sir:-

Re: Permit No. 18115 - Wilford Steadman
(Application)

Under the terms of the above, it is required that the diversion works be completed on or before November 29, 1935. In this case the diversion works require piping and concrete work and Mr. Steadman, the applicant, stated that due to the freezing weather and frozen ground he was unable to complete his diversion works, as he is now unable to run concrete. Mr. Steadman has requested that we write in and acquaint your department with these facts and request that his Completion of works period be extended to sometime next spring so that weather conditions will be more favorable. Please advise as to what procedure Mr. Steadman should go through in order to have this extension of time to complete works granted.

The water in this case comes from a small unnamed spring, and below which is Mr. Steadman's house. The spring is to be controlled by a cement reservoir and the water piped into the dwelling. Lying slightly to the west and south of this spring, but between the spring and the dwelling is another small spring which usually dries up but which last year did not. Mr. Steadman is desirous of moving his head gate closer to his house so as to be below both springs and to control both springs by cement reservoir so they will drain into a common pipe. Mr. Steadman desires to amend his application to include this other small spring. If this can be done please advise as to what steps Mr. Steadman will have to take.

Yours very truly,

S.E. MATTHEWS FINANCIAL AGENCY

DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

WILFORD STEARMAN
Soda Springs, Idaho

Boise, Idaho, August 30, 1935

Dear Sir:—

Under the terms of your permit No. ~~18113~~..... you are required to complete your diversion works on or before ~~Nov. 30, 1935~~..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided, the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00 a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. W. FARIS

Commissioner of Reclamation.

18115

August 22, 1935

Re: Permit No. 18115

MR. WILFORD STEADMAN
Soda Springs,
Idaho

Dear Sir:

This will acknowledge receipt of your affidavit which was executed with a view of showing compliance with the terms of the above permit. As you know, only one-fifth of the work is required to be done by August 29th and in view of the fact that you have completed one-third by this date, there certainly could be no question as to compliance with the permit.

The necessary papers for offering proof of completion of works will be mailed, for all permits under which proof will be due in November, about September 1st. At that time you will receive a blank affidavit which must be executed before a Notary Public, or some other official who is empowered to administer oaths, and returned to this office on or before November 29th, together with a fee of \$5.00.
