Re Permits 13702-14238.

William W. Winchell,
Henry, Idaho.

Dear Sir:--

Replying to yours letter of the 28th ult., in which you enclosed check for fees in the sum of \$6.00, would say that this covers fees only for license under Permit 13702, including the $S\frac{1}{2}$ of $SW\frac{1}{4}$ and $SW\frac{1}{4}$ of $SE\frac{1}{4}$, Section 9. The Report of our ~~enf~~ engineer shows that the $SE\frac{1}{4}$ of $SE\frac{1}{4}$ of section 9 is not irrigated with water from the springs filed upon under this permit. This forty could not, therefore, be allowed.

The fees for proof under your second permit, No. 14238, amount to \$2.00, making a total of \$8.00.

The $SW\frac{1}{4}$ of $SW\frac{1}{4}$ of section 9 will get one-half an inch of water per acre under the first permit, No. 13702, and one half an inch under the second permit, No. 14238, making the inch per acre allowed. Upon receipt of additional fees in the sum of \$2.00, license will be issued under this latter permit, No. 14238.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

Dear Sir:--

We are just in receipt of depositions and affidavit of publication for proof of use of water under above permit, together with check for fees in the sum of \$6.00. As only forty acre tract has been irrigated, the fees will amount to only \$2.00 and your check for \$6.00 is accordingly returned herewith. Upon receipt of \$2.00 fee, license will be issued.

9-65425

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

PROOF OF BENEFICIAL USE

BOISE, IDAHO, **Sept. 7, 1920.**

Wm. Winchell,
c/o Herbert Horsley,
Soda Springs, Idaho.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under Permit No. 14238

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On Sept. 23, 1920, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to at Soda Springs, before Herbert Horsley, notary public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice. When these have been received, together with report of examining engineer, you will be further advised as to fees due before issuing license.

Yours truly,

W.G. Swendsen,
Commissioner of Reclamation.
State Engineer.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Wm. Winchell,
Henry, Idaho.

Aug. 12, 1920

Dear Sir:—

Under the terms of your permit No. 14238 you are required to complete your diversion works on or before Sept. 12, 1920. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. Swendsen,

Commissioner of Reclamation.
