Re Permits 13702-14238.

William W. Winchell,
Henry, Idaho.

Dear Sir:--

Replying to your letter of the 28th ult., in which you enclosed check for fees in the sum of \$6.00, would say that this covers fees only for license under Permit 13702, including the $S\frac{1}{2}$ of $SW\frac{1}{4}$ and $SW\frac{1}{2}$ of $SE\frac{1}{4}$, Section 9. The report of our engineer shows that the $SE\frac{1}{4}$ of $SE\frac{1}{4}$ of section 9 is not irrigated with water from the springs filed upon under this permit. This forty could not, therefore, be allowed.

The fees for proof under your second permit, No. 14238 amount to \$2.00, making a total of \$8.00.

The $SW\frac{1}{4}$ of $SW\frac{1}{4}$ of section 9 will get one-half an inch of water per acre under the first permit, No. 13702, and one half an inch under the second permit, 14238, making the inch per acre allowed. Upon receipt of additional fees in the sum of \$2.00, license will be issued under this latter permit, No. 14238.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

Dear Sir

Yours to H and of 24 - 1920 in which
you sent back the ch of 800 & say the amount
shall only for 1 - 40 acres if this is the case
Mr. Herbert Karsley has made a mistake for
it is like your Engineer Reported as you said
in your letter dated Sep 23 - 1920 you said
your examining engineer shows three party acre
tract ready irrigation for a pasture surface shown
Rec'd of fees there for in the sum of 6.00 license
will be issued you so your letter of Sep 23
is Right your Examiner is Right I cover
3 party acre tracts & I will send your

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

Dear Sir:--

Relative to proof under the above permit would say that you have already made proof of completion of works and received your certificate. I am, therefore, enclosing blanks for proof of beneficial use of water only. These should be filled out and returned to this office in time for notice of proof to be published four full weeks prior to the date set for making proof.

Bids

Dear Sir.

I herewith enclose affidavit re. Term of Completion of Work.
Permit No. 13702. Together with fee \$5⁰⁰.

Owing to an adverse report about my desert entry, the application
for beneficial use of water, has been delayed.

I have just received word from the Land Officer, Blackfoot,
that this adverse report has been overruled, I shall proceed with
the application of water to Beneficial Use.

Under the circumstances, I must ask you to grant me
an extension of time, one year from date.

Hoping to hear favorably from you.

Yours truly

William Winschell

P.S. On the copy of Permit, the name of applicant is given as William W. Winschell,
should be only William Winschell.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

William W. Winschell

May 6, 1919

Henry, Idaho

Dear Sir:—

Under the terms of your permit No. **13702**.....you are required to complete your diversion works on or before **Aug 20, 1919**.....I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. E. Swendsen.
