Re: Permit No. 13401.

Mrs. Ethel Petterson,
Soda Springs, Idaho.

Dear Madam:-

The report of our examining engineer for proof of beneficial use of water under the above permit has just been filed. The report states that the right of Hans E. Petterson should go to Frances Petterson. If this is the case, Frances Petterson should file an affidavit showing that she is the heir to the estate of Hans E. Petterson.

The fees due before license can be issued under this permit amount to \$7.00, being \$1.00 for each forty, or fraction, to which water has been applied.

Very truly yours,

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

Dear Sir:-

In checking the notice advertised with the original sent you we find that the mistake was in the original notice and so advised Mrs. Ethel Petterson. We also advised her that it would be necessary for her to arrange with you for the publications already made. She has, accordingly sent in the list from the U. S. Land Office, from which we have made out a new notice and enclose same herewith for the required four weeks publication. At Mrs. Petterson's request, we are sending you the letters addressed to herself and Hans F. Petterson which you will please hold until called for by Mrs. Petterson.

Re: Permit No. 13401.

Mrs. Ethel Petterson,
Grace, Idaho.

Dear Madam:-

We are today in receipt of your letter relative to land to be irrigated under the above permit, together with letters to yourself and Hans E. Petterson from the U. S. Land Office. These departmental letters have today been enclosed in our letter to the publisher of the Soda Springs Chieftain, together with a new notice for publication giving the correct list of lands.

In order to correct the records in this office as to the $37\frac{1}{2}$ of $SL\frac{1}{2}$ of Section 8, it will be necessary for you to file an application for amendment upon the enclosed form. This application should be accompanied by duplicate maps showing the entire list of lands, as advertised. October 21 has been set as the new date for proof.

Very truly yours,

Dear Madam:-

We are today in receipt of a letter from the editor of the Soda Springs Chieftain in which he returns the notice for publication sent to him. In looking over this notice we find that the publication was exactly as shown in the notice. I am returning same herewith for your inspection. It will be necessary to file new notices and readvertise in order to include the lands described in your letter of the 8th inst. Blank notices are also inclosed to be filled out, showing a correct list of lands. The date for making proof should be set far enough ahead to allow for the five publications. It will be necessary for you to arrange for fees with the publisher of the paper for the first notice advertised.

Re Permit 13401

Ethel Petterson,
Grace, Idaho.

Dear Madam:-

Upon receipt of your notice calling our attention to the fact that a mistake had occurred in the publishing of the notice of Proof of Application of Water to beneficial use, we compared the printed copy with that furnished us in the first place, and find that you are right in that particular.

However, in case you have not the full facts at hand we would state that the first list submitted does not agree with the one in your communication of Sept. 8th. The original notice shows the lands as $E\frac{1}{2}$ $SE\frac{1}{4}$ Sec. 8, $SW\frac{1}{4}$ $SW\frac{1}{4}$ Sec. 9 T. 9 S., R. 44 E. B. M., while you mention in the Sept. 8th letter that the $W\frac{1}{2}$ $SW\frac{1}{4}$, $SE\frac{1}{2}$ $SW\frac{1}{4}$, $SW\frac{1}{4}$ $SE\frac{1}{4}$ Sec. 8 T. 9 S. R. 44 E. B.M. should also be included.

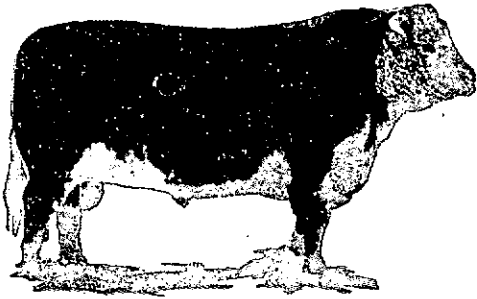

The first error as mentioned above is doubtless the fault of the printer, as the notice as forwarded by you to us was turned over for the newspaper copy. The failure to mention the lands added by your Sept. 8th communication, in the regular notice for publication, will make it imperative that a republication be made. The matter has already been taken up with the editor of The Chieftan, and upon a return from you we will make such arrangements as are necessary in this case.

Very truly yours,

Re: Permit 13401.

Ethel Petterson,
Soda Springs, Idaho.

Dear Madam:

In checking the affidavit for proof of completion of works, under the above numbered permit, which was returned to us on the 6th instant, I note that you have included in this the lands owned by Isabel McFarland under permit 12244. This should not have been done, as proof must be made separately under each permit issued. I am accordingly returning, herewith, the affidavit with fresh blank, with the request that the affidavit for permit 13401 be made for the holders of that permit only. The record of this permit shows the names of Ethel Petterson, Hans P. Petterson and Archibald Petterson. Your check in the sum of \$5 for fees is returned with the affidavit.

The right under Permit 12244 lapsed through failure to make proof of completion of works within the required time. This proof was due June 20, 1919.

Yours very truly,

W. G. Swendsen,

Commissioner of
Reclamation,

Re: Permit 13401.

Ethel Pettersen,
Soda Springs, Idaho.

Dear Madam:

With reference to your letter of the 9th instant, in which you enclose affidavit of yourself for proof of completion of works, under the above permit, together with check for fees in the sum of \$5.00, would say that this proof should be made by all the parties interested in this permit. If it is satisfactory to the other holders, you may make this affidavit for yourself and others, but their names should appear in the first paragraph of the blanks. Where the affidavit states that he is the holder and owner of permit, etc., this should be made to include all the names given in the permit. The entire work should be described and the full amount of water given together with the full description of the land for all the holders. I accordingly return herewith your affidavit with check for fees for correction in this particular.

Yours very truly,

W. G. Swendsen,

Commissioner of
Reclamation,

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho, October 1, 1919.

Ethel Petterson,
Soda Springs, Idaho.

Dear Sir:—

Under the terms of your permit No. 13401 you are required to complete your diversion works on or before January 16, 1920. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

Hans F. and Archibald Petterson.

W. G. Swendson.

Commissioner of Reclamation.

Sir:

Application which has been filed under the above number is herewith returned for correction in the following particulars:

Paragraph 2 has been cut to 5.8 sec. ft. in order to comply with the maximum amount allowable by Statute, which is 1" per acre.

Paragraph 2 of the Storage permit calls for 960 acre feet, which is considered sufficient for 192 acres. Hence the balance of the 480 acres is 288 acres, retaining 5.8 sec. ft.

Paragraph 14 and maps do not agree as to lands in Sec. 8 & 9.

Rebate of 40 cents is returned herewith.
