Gentlemen:

About 1917 or 1918, there was issued to J. R. Stocking some water permits or certificates on the water of Mabie Canyon in Caribou County, Idaho.

J. R. Stocking transferred these certificates to E. P. Morgan, but the certificates or permits have become lost, and we are wondering if you had a record of the same and, if so, if you could get for us certified copies of them.

We would appreciate it very much if you would give us the above information and advise us the cost of the certified copies.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Two hundred inches; I have seen the ditches full conveying water to the land.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation purposes; NE¹NE¹, SW¹NE¹, NW¹SE¹, Sec. 31 T. 7 S. Range 44 E.; All of the NE¹NE¹ 30 acres SW¹NE¹ and 30 acres in NW¹SE¹ have been irrigated with this water. The land irrigated is mostly meadow land and the remainder is sage brush land that is cultivatable and has been irrigated to grow grass for pasture purposes. Hay and pasturage have been the improvements that have resulted from the use of water for irrigation purposes.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. This water has not been used except for irrigation purposes.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Natural grass and sage brush land has been reclaimed and for the profitable cultivation or irrigation of land of this character one inch of water per acre is required.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No; No; None.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. During the summer or irrigation season of 1917, 1918 and 1919. I saw the water spread over the land for its irrigation in the amount of approximately 175 or 200 inches or about 130 acres of the land,

C E R T I F I C A T E

I do hereby certify that Georgana R. Stocking of Soda Springs, Idaho, the holder of permit #11536 advertising her "Notice of Proof of Application of Water to Beneficial Use" involving the water described in the said permit in THE SODA SPRINGS CHIEFTAIN a newspaper of general circulation published every week in Soda Springs, Idaho.

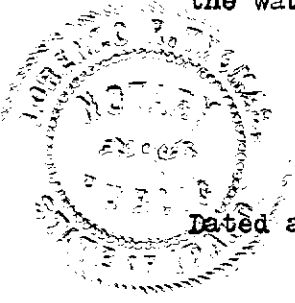

That the said notice provided for the submission of said proof before Lorenzo R. Thomas, a notary public at his office in Blackfoot, Bingham County, Idaho, at 10 o'clock A. M. on the 17th day of October, 1919.

That the said Georgana R. Stocking appeared with two corroborating witnesses and submitted her said proof at the time and place designated in the said Notice of Publication.

That I was in my office in Blackfoot, Idaho at 9 o'clock A. M. until 5 o'clock P. M. on the said 17th day of October, 1919, and no person or persons appeared there during that time or at any other time previously or subsequently to protest or attack in any manner whatsoever, the said Proof of Beneficial Use of Water of the water involved in this case.

That the papers comprising the said proof consisting of the deposition of the holder and the depositions of the two witnesses, together with the affidavit of publication of the Notice of Proof, were inadvertently misplaced by the officer taking the said deposition, his stenographer or some other person in his office, and were not found until recently; that the said proof is filed herewith.

That it is requested that the said proof be accepted and acted upon in the same manner and with the same consideration as though it had been filed and submitted immediately after it was taken or prepared, because no person other than the said Georgana R. Stocking is interested in the case or the water involved, in any manner whatsoever.

Permit No. 11536

OFFICE OF STATE ENGINEER

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF IDAHO, }
 County of Bingham } ss.

Georgana R. Stocking, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 11536, and that his postoffice address is Soda Springs State of Idaho

Second: That the name of the stream from which said water is to be diverted is Mabey Creek or Dry Valley and an unnamed stream

Third: That the point of diversion of said water is #1 unnamed Stream SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 29 Tp. 7 S., R. 44 E., B.M. and #2 Dry Valley or Mabey Creek SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 5, Tp. 8 S., R. 44 East, B.M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by August 25th, 1918

Fifth: That the use for which said water is intended is Irrigation and domestic purposes

Sixth: That on the date above mentioned, the works constructed under said permit were ~~(xxxxxx)~~ fully completed and consisted of the following:

I. Kind of works: ditches
 (Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam _____ feet, length of dam at top _____ feet, length of dam at bottom _____ feet. Material used in construction _____

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir _____ acre feet.

(c) Size of headgate: Width _____ feet, height _____ feet.

(d) Conduit ditches width at bottom 3 feet, width at water line 4 feet, depth of water 1 feet; diameter of pipe _____ inches;

(State whether ditch, flume or pipe)

average grade per mile is 7 feet. Length of conduit is $\frac{1}{2}$ & $1\frac{1}{2}$ miles.

Seventh: That said works are capable of conducting to the place of intended use _____

three second feet of water, each.

Eighth: That water appropriated under said permit is available for 160 acres of land described as follows: NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 31 is watered from #1 - Unnamed stream; #2 or Dry Valley or Mabey Creek irrigated the NE $\frac{1}{4}$ NE $\frac{1}{4}$, W $\frac{1}{2}$ NE $\frac{1}{4}$ Sec. 31 Tp. 7 South, Range 44 East, B.M.

Ninth: Remarks: That This Permit was issued for 6.4 cubic feet per second for the irrigation of 320 acres of land, but only 160 acres of land were filed upon and for that reason only one-half of the water was used, which amounts to 1" per acre for the land filed upon and owned by applicant.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Georgeana Stocking
Soda Springs
Idaho

Boise, Idaho, May 15, 1918

Dear Sir:—

Under the terms of your Permit No. 11536, you are required to complete your diversion works on or before August 25, 1918. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

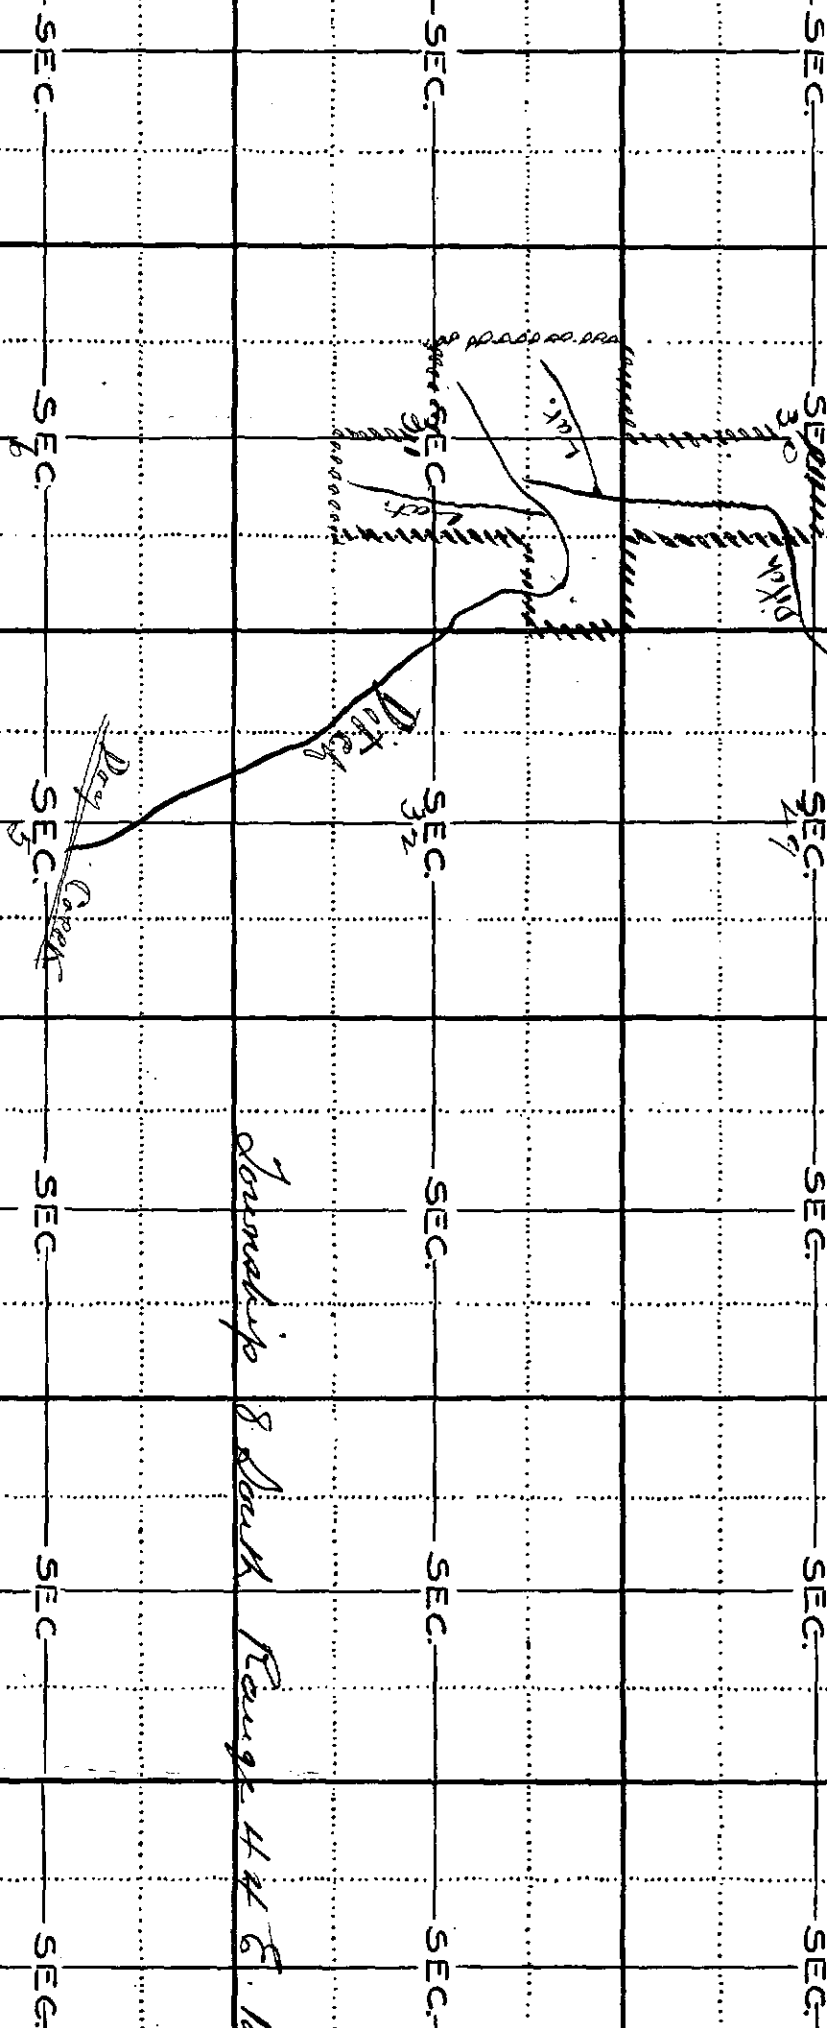

FRED A. WILKIE
