AFFIDAVIT OF PUBLICATION

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use.

NOTICE is hereby given that at 11 a. m., on the 25th day of January, 1919, at Soda Springs, County of Bannock, State of Idaho, before M. S. Roberts, Notary Public, proof will be submitted of the application to beneficial use of three (3) cubic feet per second of the waters of two unnamed springs and East and West branches of Johnson Creek in accordance with the terms and conditions of Permit No. 11101, heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Abraham C. Anderson, Soda Springs, Idaho.

2. The use to which said water has been applied is irrigation and domestic purposes.

3. The amount applied to beneficial use is three (3) second feet.

4. The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) ne $\frac{1}{4}$ sw $\frac{1}{4}$, s $\frac{1}{2}$ sw $\frac{1}{4}$, Sec 26; ne $\frac{1}{4}$ nw $\frac{1}{4}$ Sec 35, T. 8 S., R. 43 E., B. M.

5. The date of the priority which said user is prepared to establish is March 19, 1915.

FRED A. WILKIE,
State Engineer.

STATE OF IDAHO. }
COUNTY OF BANNOCK. } SS

I, W. H. HILDRETH, being first duly sworn, deposes and says that he is the publisher of THE SODA SPRINGS CHIEFTAIN, a newspaper published every week in Soda Springs, County of Bannock, State of Idaho; that the annexed advertisement was published once each week for Four successive issues in said newspaper proper and not in a supplement; that the date of the first publication of said advertisement was on the.... 26th day of December..... 1918., and the date of the last publication was on the.... Sixteenth day of January..... 1919..

Subscribed and sworn to before me this 24th day of January....., 1919..

J. T. Ferguson
Notary Public.

My commission expires July 2, 1921.

Water District No. 34

Priority 3-12-1911

THIS IS TO CERTIFY that **ABRAHAM C. ANDERSON** of Soda Springs, Idaho, made application for a permit to appropriate the public waters of the State of Idaho, dated March 15th, 1915; that Permit No. 11101 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 3 second feet, was issued thereunder on March 25th, 1916, showing that said works were completed on the 9th day of March, 1916; and that on the 25th day of January, 1919,

ABRAHAM C. ANDERSON

of Soda Springs, State of Idaho, made proof to the satisfaction of the **Commissioner of Reclamation** of Idaho, of a right to the use of the waters of two unnamed springs, and East and West branches of Johnson Creek, a tributary of **Commissioner of Reclamation**, for the purpose of irrigation and domestic use under Use Permit No. 11101 of the **State Engineer** and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the **State Engineer of Reclamation** and entered of record in Volume 5 of Licenses, at page 2525, on the 20th day of December, 1919;

The right hereby confirmed dates from March 19th, 1915;

The Point of Diversion ^{are} located in the SE 1/4, NW 1/4, Sec. 27; NW 1/4 and in the SE 1/4 NW 1/4, Sec. 35, Tp. 8 S., R. 43 E., B. M.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 0.56 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
8 S.	43 E.	26	NE 1/4 SW 1/4	40	3
			SE 1/4 SW 1/4	40	8
			SW 1/4 SW 1/4	40	9
		35	NE 1/4 NW 1/4	40	8
Total number of acres irrigated					28

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the **Commissioner of Reclamation** of the State Engineer, affixed at Boise, Idaho, this 20th day of December, 1919.

Returned to applicant for correction

Corrected application received

APPROVAL OF STATE ENGINEER

The number of this permit is 11101

Recorded in Book 37 Page 11101 Approved April 2, 1915.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions.

Bond in the sum of to be filed on or before

Work to begin on or before June 1, 1915 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before October 2, 1916.

The whole of said work to be completed on or before April 2, 1918.

Beneficial use of water appropriated in accordance herewith, to be made on or before April 2, 1919.

Witness my hand this 2nd day of April, 1915.

J. H. Smith,
State Engineer.

Remarks:

The points of diversion are on vacant, government land. Applicant appropriates 25 inches of water from each of two springs, unnamed, located as shown on the accompanying map. The 25" taken from Spring in SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 27 runs into the spring on NE $\frac{1}{4}$ SE $\frac{1}{4}$ Said Sec. and the total of 50" is diverted by ditch from the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 27. Fifty inches of water is diverted from West Johnson Creek at the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 35 and Fifty inches from the East Branch of Johnson Creek at the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 35 all in Tp. 8 S., R. 43 East, as shown by map.

The water from East Johnson Creek will be used to irrigate the land East of the Creek and the water from the springs and West Johnson creek will be used for the irrigation of the land west of the creek as shown by the map.

PERMIT No. 11101.

To All Whom It May Concern:-

This is to certify that Abraham C. Anderson, of Soda Springs, County of Bannock, and State of Idaho, the holder of Permit No. 11101, issued upon Application No. 16219, bearing date of priority of March 19, 1915, authorizing the diversion of three (3) second feet of the waters of two unnamed springs and East and West branches of Johnson Creek, County of Bannock, State of Idaho for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use three (3) second feet of the waters of two unnamed springs and East and West branches of Johnson Creek; that the points of diversion of said waters are as follows, SE $\frac{1}{4}$ SW $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 27 . NW $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 35, T. 8 S., R. 43 E.B.M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: NE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 26; NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 35, T. 8 S., R. 43 E.B.M.

WITNESS my hand this 22nd day of March, AD. 1918.

Fred A. Wilkie,

State Engineer of the State of Idaho.

Page 2525

March 22, 1920.

Re Permit 11101- A. C. Anderson.

Messrs. Thomas & Anderson,
Attorneys at Law.
Blackfoot, Idaho.

Gentlemen:--

Replying to your letter of the 20th inst. would say that the license issued under the above permit was based upon the report of the examining engineer, Mr. T. W. Cully, which reads as follows:

"Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. NE $\frac{1}{4}$ SW $\frac{1}{4}$, 9 $\frac{1}{2}$ SW $\frac{1}{4}$, Sec.26; NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec.35, T. 8 S. R. 43 E.B.M. S 26 NE $\frac{1}{4}$ SW $\frac{1}{4}$ plowed 3.03 A in 1917. 9 $\frac{1}{2}$ SW $\frac{1}{4}$ Sec.26 - 17.07 acres plowed in 1917-18-1919 6 acres seeded in Lucerne in 1918 fair stand. NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec.35 - 8.33 A. plowed in 1918 - 4 A seeded in Lucerne good stand. Total land plowed 1919 28.43 A. 35 ton of rye hay cut off 9 $\frac{1}{2}$ SW $\frac{1}{4}$ Sec.26 in 1918 Lucerne was pastured in 1919. 4 wire posts rod a part surrounding claim 2 $\frac{1}{2}$ mi. of fence. Tilable land slopes East to North, easily irrigated with Andersons layout of ditches."

If Mr. Anderson had his land cleared of sagebrush and had irrigated it and used the same for pasture prior to the time of his proof, the pasture land could be included in the proof, but, if the land had not been cleared but simply the sagebrush land flooded, we could not consider it in the proof. You will see from the above report how difficult it was to ascertain just what had been done and how the water had been used. However, if the holder will send in an affidavit setting forth the facts as they existed before the time of the proof, stating whether or not the land had been cleared and systematically irrigated for pasture and had been used as pasture land, we will take the same under consideration with the view of increasing the amount in the license if within our authority to do so.

Very truly yours,

W. G. SWENSON,

Commissioner of Reclamation.

By _____

THOMAS & ANDERSEN
ATTORNEYS AT LAW
BLACKFOOT, IDAHO

March 20, 1920.

Commissioner of Reclamation,
Boise, Idaho.

Dear Sir:--

Abraham S. Anderson who holds permit No. 11101 made his proof of beneficial use of water and your license issued December 20, 1919 for 0.86 second feet. We recently received Mr. Anderson's final proof on Desert Entry for the land described in your license. He advised us that he actually used about 120 inches of irrigated about 120 acres of land. The 20 acres you show actually irrigated were cultivated. The balance of the land irrigated produced an increased growth of grass, made valuable pasturage and filled considerable sage brush. Inasmuch as 120 acres were actually irrigated for the production of agricultural crops and for the purpose of increasing the growth of grass and making the pasturage more valuable and for other beneficial purposes, can not Mr. Anderson's permit be increased and he be given a license for more water; especially, if he proves to your satisfaction in any manner you suggest, the accuracy or truthfulness of the statements herein made? Mr. Anderson will be required to show the ownership of more than 0.86 second feet of water in order to have his final proof accepted.

Resisting your reply, we remain

Yours truly,

THOMAS & ANDERSEN,

L. R. Thomas

Caribou County
Idaho

Mr W. G. Swendsen ' SODA SPRINGS, Nov 18th 19

Dear Sir

Your letter Nov 8 received and have made
an examination of Permit #11101 as you
requested with Mr Anderson accompanying
me have made measurements and
checked up found every thing according to
location but one spring which is in the S.E.
corner of NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec 27 instead of NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec 27
On account of the drouth this year the
springs & streams are not running in
the usual capacity Mr Anderson has a
plan in mind of putting dams in spring
run in sec 27 to hold flood waters also for use
in Irigation

Yours

W Cully

DEPARTMENT OF RECLAMATION

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

in re: Permit 11101.

Abraham C. Anderson,
Boda Springs, Idaho.

Dear Sir:

Reference is had to your letter of November 5,
and you are advised that we have this day forwarded to
Mr. Thomas Gully a blank to be used in making the report
under the above numbered permit.

Yours very truly,

W. C. SWENSEN,

Commissioner of
Reclamation,

By

Chief Clerk.

:/B.

11101

November 8, 1919.

Re: Permit 11101.

Thomas Sully,
Coden Springs, Idaho.

Dear Sir:

Pursuant to the request of Abraham J. Anderson, that you be appointed as a representative of this department to make the statutory examination under Mr. Anderson's proof of beneficial use of water submitted under the above numbered permit, we are herewith enclosing blank Report of Engineer, together with a map to be used in making the examination.

I desire to call your attention to the fact that the location of the points of diversion and the description to the land to be irrigated as set out in the Engineer's Report are not necessarily correct and should, therefore, be carefully checked by you. Your map should show, by shading, the irrigated area on each forty reclaimed under this permit.

All charges in connection with this examination are to be paid direct to you by Mr. Anderson, and this office is not responsible for such charges.

Yours very truly,

W. H. STEHLER,

Commissioner of
Reclamation,

By

Chief Clerk.

L/B.

Enc.

11101

Soda Springs, Idaho, Nov. 5, 1919.

State Engineer,
Boise, Idaho.

Dear Sir:

In answer to your letter of Oct. 31, 1919, relative to permit 11101, and the statutory examination to be made, I wish you would authorize Mr. Thomas Cully the licensed engineer and county surveyor for Caribou county, to make the examination as a representative of your department; but at my own expense to be paid direct to the engineer, as you say.

The statutory fee of eight dollars, I ~~am~~ understand, I am to send direct to your office.
I am anxious to expedite the examination on account of the nearness of winter.

Yours truly,

11101

October 31, 1919.

In re: Permit 11101.

Abraham C. Anderson,
Heda Springs, Idaho.

Dear Sir:

Replying to your letter of October 27, relative to the above numbered permit and the statutory examination to be made thereunder:

It was the intention of this department to make this spring 250 odd examinations that have been allowed to accumulate here during the past three years; but due to the unprecedented shortage of water this season it has taken the entire force to superintend the distribution of the waters throughout the State and consequently the examinations were of necessity neglected.

If you desire to expedite the matter of the issuance of license under this permit, you will be permitted to employ a license engineer to make the examination as a representative of this department, but at your own proper cost to be paid direct to such engineer.

If you will send in to us the name of the engineer whom you desire to make this examination as our representative, we will authorize him to make the examination, but, as said, all charges in connection therewith must be paid by you.

The statutory fee of \$2 for each forty, or fraction thereof, served under the permit would still be due this office.

Yours very truly,

W. G. STEENSEN,

Commissioner of
Reclamation,

By

Chief Clerk.

11101

Soda Springs, Idaho, Oct. 27, 1919.

State Engineer,
Boise, Idaho.

Dear Sir:

In regards to my desert land claim, serial No. 018098, (for NE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 26, NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 35 Township 8 South, Range 43 East, B.M.;) I have not heard from you since January 27, 1919. You said at that time, "We are in receipt of depositions and affidavits of publication for proof of use of water under the above permit. These will be placed on file here pending the examination by an engineer from this office later in the season, at which time you will be further notified as to fees required."

The reason I am writing you is because I was told at the Land Office at Blackfoot, that my time is getting short for final proof, as I understood them.

If an engineer is yet to be sent here, I will be pleased to take him over the land. Send him as soon as possible on account of being late in the season.

My phone number is 79 R 2, Soda Springs, Idaho.

Write me at your earliest convenience,

Yours truly,

Abraham C. Anderson.

PERMIT No. 11101**Proof of Application of Water to Beneficial Use****DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Abe C. Anderson, 53, Soda Springs, Idaho. Farmer & Stockman.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 11101 dated 3/19/15 priority date is the same.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Two unnamed springs and east & west Johnson Creeks. Springs are diverted in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ and in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 27, and the East Johnson Creek is diverted in the SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 35, and the West Johnson Creek is diverted in the NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 35. All in Tp. 8, S. R. 43 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Three dams and 3 ditches. Total length of ditches is about 2 $\frac{1}{2}$ miles, and about 3 to 4 feet wide, and about 1 $\frac{1}{2}$ feet deep and will safely convey 3 cubic feet of water to place of use. The ditches are known as the Anderson ditches.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation and domestic use. Used to Irrigate 20 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, and about 40 acres in the S $\frac{1}{2}$ SW $\frac{1}{2}$ of Sec. 26 and about 30 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 35. all in Tp. 8 S. Range 43 E.B.M. The water has been on all of the lands above mentioned but there is only about 23 acres in cultivation. The balance can be cultivated.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. About one inch to the acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

11101

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. During the year 1916, 1917 and 1918 I used this water for irrigation purposes all during the irrigating season.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign)

Abraham C. Anderson

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Soda Springs, Bannock State of Idaho, on this 25th day of January

RECEIVED

JAN 27 1919

OFFICE OF STATE ENGINEER

Permit No.-----

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Jesse Moore, age 55, Farmer, Soda Springs, Idaho.

Ques. 2. Are you acquainted with Abe C? Anderson, the holder of Permit No. 11101? How long have you known him and where does he reside?

Ans. Yes, I have known him practically all my life and he lives at Soda Springs, Idaho.

Ques. 3. Have you read or heard read said Permit No. 11101, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Two unnamed springs, and west and east Johnson creeks diverted SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 27, and NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 27 and NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 35 all in T. 8, South Range 43 E.B.M. Conveyed by a ditch about $\frac{3}{4}$ of a mile on the east side and a ditch about $\frac{1}{2}$ mile long on the west side. Both ditches are about 3 $\frac{1}{2}$ Feet wide at bottom and 4 $\frac{1}{2}$ Feet wide at top and about 1 $\frac{1}{2}$ feet deep.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. All of the ditches I believe will convey 150 inches and I have seen them full to their capacity.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, NE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 26, NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 35, Tp. 8 S. R. 43 E.B.M. About 3 acres Rye & Oats in NE $\frac{1}{4}$ SW $\frac{1}{4}$ and about 14 acres of Alfalfa & Rye in the S $\frac{1}{2}$ SW $\frac{1}{4}$ all in Sec. 26, T. 8 S, and about 6 acres of Alfalfa & Rye in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 35, T. 8 South Range 43 E.B.M.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. -----

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Sage brush land and I would judge it would require about one inch of water to the acre.

11101

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the ditch full of water being applied to the lands
at several different times the last time was the later part of
August 1918.

(Sign)

Jesse Moore

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Soda Springs., County of Bannock, State of Idaho, on this 25th day of January A. D. 1919.

Permit No.-----

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. J.J.Call, Age 72 Miner, Soda Springs, Idaho.

Ques. 2. Are you acquainted with Abe C. Anderson, the

holder of Permit Noll101---? How long have you known him and where does he reside?

Ans. Yes, have known him 35 years and he lives at Soda Springs, Idaho

Ques. 3. Have you read or heard read said Permit No. 11101, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Two unnamed springs and East & West Johnson Creeks, diverted in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 27 and NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec.27 and the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec.35, and SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 35 all in Tp.8,S. R.43 E.B.M. Conveyed by ditches and dams of various sizes and dimensions.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About 3 Second feet. I have seen them working to full capacity.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 26, NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 35, Tp.8. S. R. 43 E.B.M. About 3 acres of Rye NE $\frac{1}{4}$ SW $\frac{1}{4}$, and about 14 acres of Alfalfa & Rye in the S $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 26. Tp. 8, S. and about 6 acres of Alfalfa & Rye in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 35, Tp. 8 S, Range 43 E.B.M.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. -----

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Sage brush land, gravelly soil and I believe it will require one inch to the acre.

11101

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the ditch full of water irrigating the above
described lands four or five times during the year 1916,
and have also seen the same amount several times during the year
1917.

INSTRUCTIONS

PROOF OF BENEFICIAL USE

BOISE, IDAHO,

January 2, 1919.

A. C. Anderson,
c/o M. S. Roberts,
Soda Springs, Idaho.
DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under Permit No.-----

11101.

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On-----**January 25th, 1919**-----, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses)

should be filled out and sworn to at-----**Soda Springs, before M.S. Roberts, N.P.**-----

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice. When these have been received, together with report of examining engineer, you will be further advised as to fees due before issuing license.

Yours truly,

Fred A. McKie,
State Engineer.

**NOTICE OF PROOF OF COMPLETION OF WORKS
AND
APPLICATION OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 11 o'clock ~~am~~ a. m. on the 25th
day of January, 1919, at Soda Springs, County of
Bannock, State of Idaho, before M. S. Roberts, Notary Public,
proof will be submitted of the completion of works for the diversion of three (3)
cubic feet per second of the waters of two unnamed springs and East and West branches
of Johnson Creek
and of the application to beneficial use of said water in accordance with the terms and conditions
of Permit No. 11101 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person, or corporation, holding said permit, are
Abraham C. Anderson, Soda Springs, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and
the amount of water which said works are capable of conducting to the place of use, in accord-
ance with the plans accompanying the application for such permit, is three ~~3~~ (3)
cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic
purposes, and the amount applied to beneficial use is three (3) cubic feet per second.

4. The place where said water is used is NE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 26; NE $\frac{1}{4}$ NW $\frac{1}{4}$,
Sec. 35, T. 8 S., R. 43 E. B.M.

5. The date of priority which said user is prepared to establish is March 19, 1915.

Fred A. Wilkie,

D. G. MARTIN,

State Engineer.

Permit No. 11101

OFFICE OF STATE ENGINEER

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF IDAHO,
County of Bannock } SS.

Abraham C. Anderson, being first duly sworn upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 11101 and that his postoffice address is Soda Springs, State of Idaho.

Second: That the name of the stream from which said water is to be diverted is East and West branches of Johnson Creek and two unnamed springs.

Third: That the point of diversion of said water is (1) Unnamed Spring SE 1/4 SW 1/4, (25") Unnamed Spring NE 1/4 SE 1/4 (25) Sec. 27 (2) NW 1/4 NW 1/4, (50) (3) SW 1/4 NW 1/4 (50) Sec. 35, T. 8 S. R. 43 E.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by April 2, 1918.

Fifth: That the use for which said water is intended is Irrigation and domestic purposes

Sixth: That on the date above mentioned, the works constructed under said permit were ~~not~~ fully completed and consisted of the following:

I. Kind of works: Dams and ditches.

(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam 4 feet, length of dam at top 15 feet, length of dam at bottom 8 feet. Material used in construction wood and earth.

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir _____ acre feet.

(c) Size of headgate: Width _____ feet, height _____ feet.

(d) Conduit average ditch width at bottom 3 feet, width at water

(State whether ditch, flume or pipe)

line 4 feet, depth of water 1 1/2 feet; diameter of pipe _____ inches;

average grade per mile is 14 feet. Length of conduit is 1 3/4 miles.

Seventh: That said works are capable of conducting to the place of intended use 150 second feet of water.

Eighth: That water appropriated under said permit is available for 150 acres of land described as follows: NW 1/4, SE 1/4, Sec. 26, NE 1/4, Sec. 35, T. 8 S. R. 43 East.

Ninth: Remarks: That I find that it is only practically to irrigate about 125 acres of this land; -- 8 or 10 acres in each subdivision being too high.

Subscribed and sworn to before me this 9th day of March, 1918.

My commission expires Sept 20th 1919

Notary Public.

March 13th, 1918.

Re Permit No. 11101

Mr. A. C. Anderson,
Soda Springs, Idaho.

Dear Sir:--

Am in receipt of satisfactory affidavit, with fee, for proof of completion of works under above permit. The certificate of completion of works will be issued just as soon as we can get to it.

Very truly yours,

FRED A. WILKIE,

State Engineer.

11101

State of Idaho
ENGINEERING DEPARTMENT
BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Abraham C. Anderson,
Soda Springs, Idaho.

Boise, Idaho,

Jan. 8, 1918.

Dear Sir:—

Under the terms of your Permit No. 11101, you are required to complete your diversion works on or before April 2, 1918. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH,

State Engineer.
