Dear Sir:

This will acknowledge receipt at this Department of the report of Mr. C. B. Wilson who was authorized to make the examination provided by statute under your proof of beneficial use of water heretofore submitted.

The Attorney General has recently ruled that this Department can issue no licenses until the statutory fee of \$2.00 for every forty acres reclaimed or fraction thereof, be submitted to us.

The engineer's report shows that the land reclaimed by you is distributed over four forties. Therefore, the fees due this Department amount to \$8.00. Upon receipt of the statutory fee of \$8.00, license will issue.

Dear Sir:

I am returning your report and map submitted in connection with the examination under the above numbered permit and call your attention to the following under statement 6, wherein you are describing the area of the land irrigated, it cannot be ascertained whether or not it is thirty acres irrigated or 39 acres irrigated in the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 1, T. 6 S., R. 42 E., B. 11., and rather than issue the license and later have to correct it, I am asking that you indicate which is the correct acreage. Also I note that you have filled in on the map to indicate that the entire area of 160 acres is to be irrigated and I suggest that you indicate on the map the area that is not irrigated in order that we may fill in our plat accordingly.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Wm. Enders,
Henry, Idaho.

Boise, Idaho, Aug 3 1917

Dear Sir:—

Under the terms of your Permit No. ~~10995~~-----, you are required to complete your diversion works on or before ~~Oct 1 1917~~----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Dear Sir: .

Some time along about the first of February there was forwarded to you from this office, an application for William Enders of Henry, Idaho, for the extension of time to make proof of completion of works upon his supposed irrigation system under his water application.

We have not the number of permit, but the works were to be constructed, if we remember correctly in about Section 11 or 12, Township 7 South, Range 42 East.

Kindly advise us, if possible, what the present status of this application is, and oblige,
