No. 15540

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: Henry L. Finch and Lydia Finch

Postoffice address: Soda Springs

County: Bannock

State: Idaho

I. If applicant is a corporation, give

(a) Date and place of incorporation:

(b) The amount of capital stock:

(c) The amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are: (a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. The quantity of water claimed is 6.25 cubic feet per second.

3. Source of water supply: Toolie Lake and Woodall Spring 3.25 second feet from Woodall Spring and 3 second feet from Lake

4. Location of point of diversion: Near the corner of the $\frac{1}{4}$ section corner of Section 27, and 34 T. 7 S. R. 42 E.B.M.

County of Bannock

5. To be used for: Irrigation

I. Irrigation and domestic use: (a) Amount of land to be irrigated: 320 acres.

(b) In the following legal subdivisions: $\frac{1}{2}$ of SW $\frac{1}{4}$ NW $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 34 NE $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 33, and W $\frac{1}{2}$ of NE $\frac{1}{4}$ and E $\frac{1}{2}$ of NW $\frac{1}{4}$ Sec. 33, T. 8 S. R. 42 East B.M.

II. Mining, milling, power, manufacturing, transportation or other purposes:

[a] At what point:

[b] Amount of power to be generated:

H. P. under

ft. head

[c] Is water to be returned to any stream? return:

[d] If so, name stream and locate point of

6. Estimated cost of works: \$3,000.

7. Description of works for diversion:

I. Kind of works: Ditch

II. Dimensions of works:

[a] Height of dam

feet, length of dam at top

feet,

length of dam at bottom

feet. Material used in construction:

[b] Capacity of reservoir

acre feet.

(c) Size of headgate, width

feet,

Height

feet.

(d) Conduit

ditch

width at bottom

3

feet,

width at water line

4

feet, depth of water

1

feet; diameter of pipe

inches; average grade per mile is $\frac{3}{10}$ feet. Length of conduit is 7 miles, and it crosses the following quarter sections: W $\frac{1}{2}$ Sec. 34 T. 7, S. R. 42, W $\frac{1}{2}$ SEC 3, W $\frac{1}{2}$ Sec. 10, NW $\frac{1}{4}$ Sec. 15 E $\frac{1}{2}$ Sec. 16 SW $\frac{1}{4}$ Sec. 15, NW $\frac{1}{4}$ Sec. 22, E $\frac{1}{2}$ Sec. 21, E $\frac{1}{2}$ Sec. 28, NW 34, all in T. 8 S. R. 42 East Boise Mer.

8. The time required for the completion of the construction of such work is 2 years.

9. Time required for the complete application of the water to the proposed use is one additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Henry L. Finch

Applicant.

By

Lydia Finch

Agent.

Date of first receipt at office of State Engineer 9.00 A. M. August 11, 1914.

Returned to applicant for correction August 11, 1914.

Corrected application received August 17, 1914.

APPROVAL OF STATE ENGINEER

The number of this permit is 10554

Recorded in Book 35 Page 10554 Approved August 24, 1914.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions.

Bond in the sum of to be filed on or before

Work to begin on or before October 23, 1914 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before August 24, 1915.

The whole of said work to be completed on or before August 24, 1916.

Beneficial use of water appropriated in accordance herewith, to be made on or before August 24, 1917.

Witness my hand this 24th day of August, 1914.

F. P. King,
State Engineer.

Remarks: This water is on Government land and is a lake and spring and more than 10 second feet of water is going to waste continually. My idea is to divert this water and irrigate 320 acres of land which we have taken under the desert land laws. Point of diversion of the Toolie Lake lies in the NW $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 27, T. 7 S. R. 42 East, B.M. Point of diversion of Woodall Spring is on unsurveyed land but when surveyed will be in the NE $\frac{1}{4}$ of NW $\frac{1}{4}$ Sec. 34, T. 7 S., R. 42 East B.M.

PERMIT NO. 10554

CERTIFICATE OF COMPLETION OF WORKS.

TO ALL WHOM IT MAY CONCERN:

This is to certify that Henry L. Finch and Lydia Finch of Soda Springs, County of Bannock, and State of Idaho, the holders of Permit No. 10554 issued upon Application No. 15540 bearing date of priority of August 11th, 1914, authorizing the diversion of 6.25 second feet of the waters of Toolie Lake and Woodall Spring, County of Bannock, State of Idaho, for irrigation purposes, have fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 6.25 second feet of the waters of Toolie Lake and Woodall Spring; that the point of diversion of said waters near the corner of the $\frac{1}{4}$ Sec. corner of Section 27, and 34, T. 7 S. R. 42 E. B. M. and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: N $\frac{1}{2}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$; Sec. 34; NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 33 and W $\frac{1}{2}$ NE $\frac{1}{4}$ and E $\frac{1}{2}$ NW $\frac{1}{4}$ Sec. 33, Tp. 8 S. R. 42 E. B. M.

WITNESS my hand this 20th day of September, A.D. 1916.

J. H. SMITH,
State Engineer of the State
of Idaho.

EXTENSION OF TIME.

Upon proper request of Henry L. Finch, holder of Permit No. 10554, I have, this 23rd day of July, 1917, extended the time for beneficial use of water thereunder to the 17th day of August, 1920.

J. H. SMITH,
State Engineer.

REPORT OF ENGINEER

This proof is for Beneficial UseIn Water District No. 34

1. State name of applicant and number of permit: Henry L. & Lydia Finch-Permit 10554
2. State source of water supply: Toolie Lake and Woodall Spring
3. Location of point of diversion: Near $\frac{1}{4}$ Sec. Cor, Secs. 37-34-T.7S., R. 42 E.

4. Describe works as they exist, giving dimensions and capacities of same:

Ditch, width at bottom 3 feet, width at waterline 4 feet, depth of water 1 foot.

Length $\frac{1}{4}$ Miles, average grade per mile, 4.0 feet.

including ^{dia} 24 inch Pipe (Siphon) Length 958 feet, also Flume 82 feet long by 4 feet wide, depth 2 feet. Capacity 6.25 c feet per second.

5. State whether or not water has been turned into works of diversion:

Yes.

6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation):

$N\frac{1}{2}SW\frac{1}{4}$, $NW\frac{1}{4}SE\frac{1}{4}$, Sec. 34; $NE\frac{1}{4}SE\frac{1}{4}$, $W\frac{1}{2}NE\frac{1}{4}$ & $E\frac{1}{2}NW\frac{1}{4}$, Sec. 33, T. 8 S. R. 42 E.

$NE\frac{1}{4}NW\frac{1}{4}$ Sec 33 = 25 acres.

$SE\frac{1}{4}NW\frac{1}{4}$ Sec 33 = 40 acres.

$NW\frac{1}{4}NE\frac{1}{4}$ Sec 33 = 35 acres.

$SW\frac{1}{4}NE\frac{1}{4}$ Sec 33 = 40 acres.

$NE\frac{1}{4}SE\frac{1}{4}$ Sec 33 = 35 acres.

$NW\frac{1}{4}SW\frac{1}{4}$ Sec 34 = 40 acres.

$NE\frac{1}{4}SW\frac{1}{4}$ Sec 34 = 40 acres.

$NW\frac{1}{4}SE\frac{1}{4}$ Sec 34 = 10 acres.

265 acres

Township No 8. South Range No 42 E. B.W.

7. Submit map on enclosed plat, showing location and details of above description.

8. How many parties conduct water in this system? Two.

9. Give names and amount of each right: Henry L. Finch 160 acres

Lydia Finch 160 acres

10. What large stream would the water here appropriated finally reach? Sinks

11. Describe the various tributaries en route, from point of diversion to the principal drainage stream:

Remarks:

This examination was made on the 16th day of November 1918.

Instructions To Examiners

1. Examiners will not be permitted to examine any of the records in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own rights in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

November 21, 1918.

Re Permit No. 10554.

Mr. Henry L. Finch,
Soda Springs, Idaho.

Dear Sir:--

We are just in receipt of the report of Mr. C. B. Wilson, for proof of use of water under the above permit and find same satisfactory. License will be issued and mailed to you in a few days.

The check for \$8.00, sent with your depositions, is herewith returned as no fees are charged at this office where the expense of the examination is paid by the holder of the permit.

Very truly yours,

FRED A. WILKIE,

State Engineer.

10554

PERMIT NO. 10554**Proof of Application of Water to Beneficial Use****DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Henry L. Finch, age 35, Farmer & Stockman of Soda Springs, Ida
 Ans. Lydia Finch, Age 33, wife of Henry L. Finch

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 10554 dated Aug. 11th, 1914 priority date the same as permit.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Toolie Lake and Woodall Springs, near the corner of the quarter Section corner of Sec. 27 & 34, T.7, S. R. 42 E. B. M. in Bannock County

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. By a ditch known as the Finch ditch about 7 miles long, 5 feet wide at top, 3 feet wide at bottom and about 3 feet deep. Also a 24 inch siphon about 958 feet long and a flume about 22 feet long, 4 feet wide and 2 feet deep, and capable of carrying about 640 inches of water to point of use.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation in Sec 33 & 34. T.8 S. R. 42 E. B. M.
 About 60 acres in the E. 1/4 Sec. 33 and 65 acres in the W. 1/4 Sec 33, and 30 acres in the NE 1/4 Sec. 33 and 80 acres in the NW 1/4 Sec 34, and 6 acres in the NW 1/4 Sec 34, all in T.8 S, R. 42 E. B. M.
 All of the above described lands are now under cultivation and are seeded to Alfalfa and small grain.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. About 1 inch to the acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

10554

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. ~~Was used during the season of 1917 on a part of this land and~~
~~on all of it during the season of 1918. Irrigating Alfalfa, wheat~~
~~and Barley.~~

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

Henry L. Finch

RECEIVED
NOV 20 1918
OFFICE OF STATE ENGINEER

Permit No. 10554

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. James Hansen, age 34, Farmer & Stockman of Soda Springs, Idaho.

Ques. 2. Are you acquainted with Henry L. and Lydia Finch, the holder of Permit No. 10554? How long have you known ~~them~~ ^{they} and where do ~~they~~ ^{they} reside?

Ans. Yes I have known them about 10 years, they reside at Soda Springs Idaho.

Ques. 3. Have you read or heard read said Permit No. 10554, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Toolie Lake and Woodall Springs, diverted near the corner of the quarter section corner of Sec. 27 & 34 T.7, S. R. 42 E. S. 14 in Bannock County, through a ditch about 7 miles long and 8 feet wide at the top and 32 feet wide at bottom and about 5 feet deep. And also a Cyphon 24 inches in diameter 958 feet long and a flume 82 feet long, 42 feet wide and 2 feet deep.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About 6 Cu. feet and I have seen it at its full capacity.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, about 65 acres in the E $\frac{1}{2}$ of the NW $\frac{1}{4}$ of Sec. 33, and about 75 acres in the W $\frac{1}{2}$ of the NE $\frac{1}{4}$ of Sec. 33, and about 35 acres in the NE $\frac{1}{4}$ Sec. 33. Also about 80 acres in the N $\frac{1}{2}$ of the SW $\frac{1}{4}$ Sec. 34, 10 acres in the NW $\frac{1}{4}$ Sec. 34, all in T.8 S. R. 42 E. S. 14.

There is about 245 acres of the above under cultivation and seeded to Alfalfa and small grain.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. This land was all sage brush and I believe it will require about 1 inch of water to the acre for profitable farming.

10554

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the water applied to this land several times since July 1st, 1918 irrigating all of the above described lands.

(Sign) James Hansen

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Soda Springs, County of Bannock, State of Idaho, on this 16th day of November A. D. 1918.

Permit No. 10554

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Joseph Glen Davis, age 26, Farmer Soda Springs, Idaho.

Ques. 2. Are you acquainted with Henry L. and Lydia Finch, the

holder of Permit No. 10554? How long have you known ~~xxx~~ ^{them} and where does ~~xxx~~ ^{they} reside?

Ans. Yes I have known them for about
Six years. They reside at Soda Springs, Idaho.

Ques. 3. Have you read or heard read said Permit No. 10554, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Toolie Lake and Woodall Springs, near ~~the~~ ^{xxx} corner of the quarter Section corner of Section 27 & 34 T.7, S. R. 42 E.B.M. Bannock County. Ditch 4 feet wide at water line and 3 feet ~~xxx~~ wide at bottom and about 4 foot deep, said ditch is about 7 miles long. There is also a cyphon about 950 feet long composed of a 24 inch wood pipe and a Flume about 82 feet long and 4 feet wide by 2 feet deep.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About 5 second feet. I have seen it at its full capacity.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. 25 acres in the NE¹/₄ NW¹/₄ of Sec. 33, 40 acres in the SE¹/₄ NW¹/₄ Sec. 33, 35 acres in the NW¹/₄ NE¹/₄ of Sec. 33, 40 acres in the SW¹/₄ NE¹/₄ Sec. 33, 35 acres in the NE¹/₄ SE¹/₄ Sec. 33, 40 acres in the NW¹/₄ SW¹/₄ Sec. 34, 40 acres in the NE¹/₄ SW¹/₄ Sec. 34, 10 acres in the NW¹/₄ SE¹/₄ Sec. 34, all in T. 8, R. 42 E.B.M. All of the above is in cultivation and is planted to Alfalfa and small grain.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. All sage brush land which I believe will require 1 inch to the acre for profitable cultivation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. About August 1st, 1918 I saw the water applied on about 100 acres and about June 1st 1918 I saw about 140 acres being irrigated.

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at Ten a. m. on the 16th day of November, 1918, at Soda Springs, County of Bannock, State of Idaho, before M. S. Roberts, Notary Public, proof will be submitted of the application to beneficial use of 6.25 cubic feet per second of the waters of Toolie Lake and Woodall Spring, in accordance with the terms and conditions of Permit No. 10554 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Henry L. Finch and Lydia Finch, his wife, Soda Springs, Idaho.
2. The use to which said water has been applied is Irrigation
3. The amount applied to beneficial use is 6.25
4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated) N $\frac{1}{2}$ of SW $\frac{1}{4}$, NW $\frac{1}{4}$ of SE $\frac{1}{4}$, Sec. 34, NE $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 33, and W $\frac{1}{2}$ of NE $\frac{1}{4}$ and E $\frac{1}{2}$ of NW $\frac{1}{4}$ Sec. 33, T. 8 S. R. 42 East, B.M.
5. The name of the canal or ditch or other works by which said water is conducted to such place of use is unnamed
6. The right to take the water from such works is based upon Permit No. 15540
7. The source of supply from which such water is diverted is Toolie Lake and Woodall Spring
8. The date of the priority which said user is prepared to establish is August 11, 1914

PERMIT No. 10554

12-27877
8**Proof of Application of Water to Beneficial Use****DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Henry L. Finch and Lydia Finch, (husband & Wife), age 34 & 32
Farmers, Soda Springs, Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. #10554 dated August 11th, 1914, priority date the same.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Toolie Lake & Woodall spring, diverted near the corner of the
quarter section corner of Sections 27 & 34, T.7 S, R 42 E.D.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Diverted thru what is known as the Woodall ditch for about 3 1/2
miles, thence thru a new ditch for about 4 miles to the place of use,
which we believe will carry about 640 inches of water. This water also
passes thru about 900 feet of Syphon and 90 feet of Flume.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, on the W 1/2 of NE 1/4, and E 1/2 of NW 1/4, Sec. 33, T 7 S,
R. 42 E.D.M. and covers all of above described land, which is now
seeded to Alfalfa hay.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. About one inch to the acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

10554

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water was first applied about the 12th of Sept., 1917, in the amount of about 250 inches, which continued to run thru the laterals until about Dec. 31st, 1917, at which time it was shut off on account of winter weather. Water was not actually spread upon the land because we did not care to irrigate the Alfalfa the first season.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

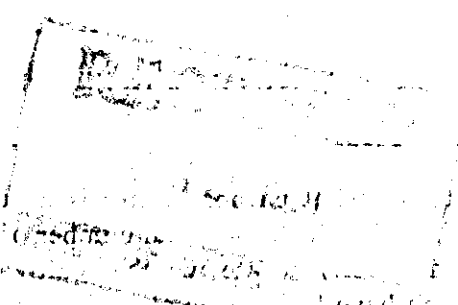

(Sign)

(Sign)

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Soda Springs, County of Bannock, State of Idaho, on this 15th day of January, A. D. 1918.

Notary Public.

10554

Permit No. 10554

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Joseph Glenn Davis, age 26, Farmer, Soda Springs, Idaho.

Ques. 2. Are you acquainted with Henry L. and Lydia Finch, the holder of Permit No. 10554? How long have you known him and where does he reside?

Ans. Yes; I have known them for about five years; They reside at Soda Springs, Idaho.

Ques. 3. Have you read or heard read said Permit No. 10554, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Toolie Lake and Woodall Spring, diverted near the quarter section corner of Section 27 and 34 T. 3, S, Range 42 E.B.M. and conveyed from such point to place of use by a ditch which I think is about 4 feet wide and about 3 feet deep on an average. Also a 900 foot Syphon.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About 250 cubic inches, which I have seen going thru the ditch.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation on the W₂ of NE₄ and E₂ of NW₁, Sec. 33, T 8 South, Range 42 E B M. and used on all of above described land which was all sage brush and since the water has been used it is ~~xxx~~ practically all in Alfalfa hay.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. This land is of a sandy loam which lies almost level and I would think it would require about one inch of water to the acre for profitable cultivation.

10554

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I turned the water on the above land on Sept 12th 1917 and
approximated it to be about 250 inches.

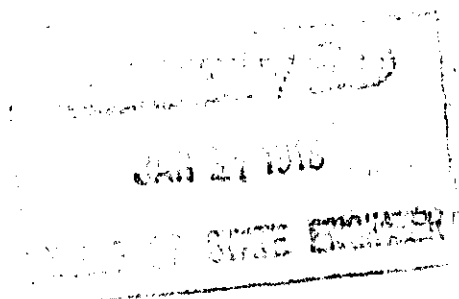

(Sign) Joseph Glen Davis

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Soda Springs, County of Pannock
State of Idaho, on this 15th day of January A. D. 1918.

M. S. Roberts
Notary Public.

My commission expires Sept. 20th., 1919.

10554

Permit No. 10554

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Nathan E. Snell, 42 years, Soda Springs, Idaho. Surveyor,

Ques. 2. Are you acquainted with Henry L. Finch, and Lydia Finch, the holder of Permit No. 10554? How long have you known him and where does he reside?

Ans. Seven years, resides at Soda Springs, Idaho

Ques. 3. Have you read or heard read said Permit No. 10554, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Woodall Springs, and Tools Lake, near the corner of the quarter section corner of Sections 27 & 34, T 7 S, R. 42 E.S.M. thru what is known as the Woodall ditch for about 3 1/2 miles and thence thru the Finch ditch for about 4 miles to place of use. The ditch is about 3 1/2 feet wide and about 3 feet deep on an average.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Eight second feet, four second feet

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation on the following lands,

W 1/2 of NE 1/4 and the E 1/2 of NW 1/4, Section 33, T. 8 S, R. 42 E.P.M.

Water has been used on practically all of above described lands.

This land was sage brush lands, and has been plowed and sown to alfalfa.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. irrigation

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is a sandy loam, and it would require about three to four second feet of water, to produce alfalfa, and wheat, or other cereals

10554

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. ~~I have no interest in lands or water~~

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. ~~I first made a survey of the proposed ditch in 1914, and have within the last two years been upon the lands and the ditch, while in course of construction, and during the month of September, 1917 saw the water on the land irrigating alfalfa, which was sown during the summer and saw about four second feet applied to the land.~~

THAT under the terms and conditions of said permit, proof of beneficial use thereunder was required to be made by August 17, 1917.

THAT he has heretofore put to beneficial use none second feet of water and has irrigated none acres.

THAT, for the following reasons, he is unable to put to beneficial use within the required time, the remainder of the water appropriated under his permit, to-wit: First: The time asked for in the application for said permit was not sufficient to allow of the proper preparation of the land to receive said water, and Second: After completion of works, when water was turned into ditch it was found that the dimensions of the syphon used in conveying said water across a swail had not been correctly estimated necessitating the substitution of a larger syphon. The larger syphon has been put into place but did not, (owing to the difficulty of obtaining cars) arrive in time to permit of the irrigation of crops for the season of 1917.

WHEREFORE, He asks that the State Engineer extend the time for the making of proof of beneficial use under said permit to August 17, 1920.

And further, deponent saith not.

Henry L. Finch

Subscribed and sworn to before me this 19 day of July, 1917.

W. S. Roberts

Notary Public.

My commission expires Sept 20th 1919

Date of receipt at office of State Engineer July 23rd, 1917.

APPROVAL OF STATE ENGINEER.

I, J. H. Smith, State Engineer of the State of Idaho, hereby extend the time for the making of proof of beneficial use under Permit to Appropriate the Public Waters of the State of Idaho, No. 10554, to August 17, 1920.

Witness my hand this 25th day of July, 1917.

J. H. Smith
State Engineer.

Mr. J. R. Smith.

State Engineer,

Boise, Ida.

Dear Sir:-

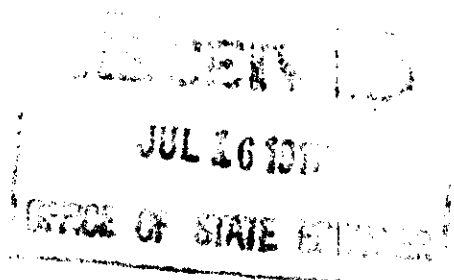

Through an oversight my application for an extension of time in which to make beneficial proof was mailed to you today without being acknowledged before a Notary.

If you will kindly return this to me, I will have it properly acknowledged.

Yours respectfully,

Henry L. Finch

Mr. J. H. Smith, State Engineer.

Boise, Idaho.

Dear Sir:-

Owing to the lateness of the season I was unable to plant a crop upon all of the lands covered by permit No. 10334, therefore, if it is necessary to use this water for the irrigation of crops before final proof can be made, I would like an extension of time for one year dating from Aug. 1st 1917, in which to irrigate a crop.

Thanking you for a reply, I am,

Very truly,

Henry L. Finch.

Dear Sir:

I enclose herewith blank notice of proof of Application of Water to Beneficial Use under your Permit No. **10554** -----, which kindly fill out and return to me at least 60 days before the date upon which you wish to submit proof. The date of the proof is set out in your permit, and if proof is submitted subsequent to that your priority will be advanced a time equal to the difference of the time between the date proof should have been submitted and the date it is submitted.

Yours truly,

J. H. SMITH,
State Engineer

Re Permit 10554.

Henry L. Finch,
Seda Springs, Idaho.

Sir:--

In checking your affidavit for proof of completion of works I note that you have not included Woodall Spring but have named North and South Toolie Lakes as sources of supply. Please advise us as to whether or not it is your intention to abandon the use of the waters appropriated from the spring. If not, the affidavit should be corrected to include same. A separate affidavit should be filed showing that it is your intention to use the waters as appropriated.

Very truly yours,

J. H. SMITH,

State Engineer.

OFFICE OF STATE ENGINEER

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF IDAHO, }
County of Bannock } ss.Henry L. Finch

, being first duly sworn upon his oath deposes and says:

First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. 10554 and that his postoffice address is Boise Springs State of Idaho.

Second: That the name of the stream from which said water is to be diverted is North and South Pools Lakes.

Third: That the point of diversion of said water is water of North Pools Lake diverted through ditch to So. Lake thence into main ditch at So. end of So. Lake.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by August 24th 1916.

Fifth: That the use for which said water is intended is irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: Ditch completed from point of diversion to land to be irrigated. (Reservoir, dam, ditch, flume, pipe or otherwise) Ditch includes 340 feet siphon and 34 feet flume

II. Dimensions of work: Ditch about 7 miles long

(a) Height of dam _____ feet, length of dam at top _____ feet, length of dam at bottom _____ feet. Material used in construction _____

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir _____ acre feet.

(c) Size of headgate: Width 6 feet, height 2 feet.

(d) Conduit Ditch Pipe and Flume Width at bottom 3 1/2 feet, width at water line 5 feet, depth of water 1 1/2 feet; diameter of pipe 16 inches; average grade per mile is 6 feet. Length of conduit is 7 miles.

Seventh: That said works are capable of conducting to the place of intended use 340 miners' second feet of water.

Eighth: That water appropriated under said permit is available for 320 acres of land described as follows: N 1/2 of SW 1/4 NW 1/4 Sec. 34, NE 1/4 of SE 1/4 Sec 35, and 1/2 of NE 1/4 and N 1/2 of NE 1/4 Sec. 33, T. 8 N. R. 4 E. E. 1/4.

Re: Permit 10554.

Mr. George Holiday,
Clarkston, Utah.

Dear Sir:-

Replying to your letter of the 10th, in regard to your permit of above number, on Holiday Spring, I would advise that in order to secure extension of time for completion of works you should fill out the enclosed blank and sign same before a notary public, filing both copies of the application this office.

If sufficient reason is shown the extension will be granted.

The only other permit we find covering an appropriation from spring in that vicinity is a filing made November 1910, by Frank Giffith and others, in which the location of the spring is described about the same as the location given your permit; this permit covers only one inch of water. Your filing would, of course, be subject to same as your permit is of later priority. We naturally have no record of Mrs. Costley's rights of 1881 on Clarkston Creek, as this office was not established until 1895.

If Mrs. Costley has used the water continuously since 1881, and if Holiday Spring is a tributary of Clarkston Creek, from which ~~her~~ water supply is drawn, then your filing would be subject to her right.

Very truly yours,

J. H. SMITH,

State Engineer.

June 10th 16

Mr J H Smith

Dear sir I write
to inform you as to my permit on the
Holliday Spring there is 8 other party, that
Claims a share in that spring so they say
and Mrs Laniel Costly Claims she filed
on what is known as Clarkston Creek
in 1881 and its tributary and this is
one of them so what one and another
they keep me from doing any thing
only to keep the spring clean I get
my water there all the time and
I would have to pipe it a quarter
of a mile over into Costly Land
so I knew she would not stand for
that but now there is a man filed
on the piece of land it is one they
all live 7 miles from the spring

Thank you if you will tell
me what is Best to do it-
will be received as a great
favour I will wait your reply

I remain Yours very faithfully

Leo Holliday Jr

Clarkston Utah

only can - go here to put in their
Coke and Harrow - But I have
all the year round this is to mine
Home I have and we cannot act a
well here now - I am like to know
if I could file on ~~the~~ one sixth
of all the water that comes on
the spring in order to protect
myself I have used it about 8
years one inch and one quarter pipe
would carry all the water that is
running from it right now if
I cannot do some thing to protect
myself in that way I will ask for
2 years Extension on a other
because this man might want
to leave me out and make me
trouble so if there is any way for
me to get one sixth as there is 6
more parties who some of it in
a Harrow time -

10554

September 7, 1915.

Permit 10554.

Henry L. Finch,
Soda Springs, Idaho.

Sir:--

In reply to your letter of the 3rd would say that no report is required to be made on the commencement of work or the completion of one-fifth. The first proof required is for completion of the works.

Permit No.10513, held by John Waddale Woodall, is required to begin work by October 23rd, 1914, and one-fifth required to be done by August 24, 1915.

If a permit holder does not live up to the requirements of the statutes covering such cases, the permit is subject to contest for cancellation.

Very truly yours,

J. H. SMITH,

State Engineer.

By _____

10554

Soda Springs, Ida.

Sep. 3rd, 1915.

Mr. J. E. Smith.

State Engineer.

Boise, Ida.

Dear Sir:

In reference to my permit No 15540 granting me the right to divert water from Toolie Lakes for irrigation purposes.

The Permit requires that I do at least one fifth of the work on this Ditch by Aug. 17th 1915, and also that I work diligently on same until completion of Ditch. *W*

I do not know whether you require a report made to you on these matters or not, but will say that I began work on this Ditch within the time given to begin same, and that I have worked diligently on same, and had said Ditch practically completed by Aug. 17, 1915.

Mr. John Wallace Woodall made application to use some water on from this source about Aug. 4th, ~~1914~~ *1914*. Could you advise me as to when he was required to begin work on his Ditch? And in case holders of Permits fail to live up to the requirements of their Permits do they loose the rights granted by such Permits? Thanking you for this information, I am,

Very truly,

Henry L. Finch

10554

ENGINEERING DEPARTMENT
BOISE

May 10 1916

Henry L. Finch,
Soda Springs, INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Dear Sir:

Under the terms of your Permit No. ~~10554~~---, you are required to complete your diversion works on or before ~~August 24 1916~~----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH

State Engineer.
