RE: PERMIT NO. 25-7670

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. Be advised that Section 42-248, Idaho Code, requires you or the owner of these water rights to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.state.id.us.

If you have questions about the field examination, please contact the **Southern** Regional Office of the department in Twin Falls at (208) 736-3033

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 25-07670

Dear Permit Holder:

The Department of Water Resources (IDWR) has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a preliminary order issued by IDWR pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by IDWR unless a party petitions for reconsideration or files an exception and/or brief as described in the enclosed information sheet.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed.

The Department will send you a "Proof Due Notice" approximately 60 days prior to the above referenced date requesting you to file either a Proof of Beneficial Use form or a Request for Extension of Time form.

Please note that a separate stream channel alteration permit must be obtained from the IDWR prior to any activity in the stream channel other than construction or maintenance of the diversion structure for your water right(s). Applications for stream channel alteration permits must be filed at least sixty days prior to the commencement of work in the stream.

Be sure to note the special condition requiring you to install a lockable device that will provide the watermaster control on your diversion.

MICROFILMED

JUN 23 1999

Also, please note that water right owners are required to report any change of water right ownership and/or change of mailing address to the department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the department or visit the department's homepage on the Internet to obtain the proper reporting form.

If you have any questions, please call me at 208-327-7946.

Responding to Preliminary Orders Issued by the Idaho Department of Water Resources

The Idaho Department of Water Resources (Department) issues water right permits, licenses, and transfers as preliminary orders pursuant to section 67-5243, Idaho Code. A preliminary order can and will become a final order without further action of the department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of the order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from a preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, a preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to a preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

ORAL ARGUMENT

If the Department grants a petition to review a preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

MICROFILMED
JUN 23 1999

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with a preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

RE: BUREAU OF RECLAMATION APPLIC

WHEN THE BUREAU FILED ALL 31 OF THEIR NEW APPLICATIONS I NOTED THEY WERE FOR THE TEK CREEK MANAGEMENT AREA. THIS IS AN AREA WHICH IDAHO FISH AND GAME ADMINISTER AS REPARATIONS FOR THE BUILDING OF RIRIE RESEVOIR. IDFG HAVE A 99 YEAR LEASE AND RUN IT AS A WINTER ELK REFUGE.

I CONTACTED REFUGE MANAGER, TERRY THOMAS ABOUT THE APPLICATIONS AT THE OUTSET TO CLARIFY SOME POINTS ABOUT SEVERAL APPLICATIONS. THESE PROJECTS ARE ONES IDFG WANT BUT SINCE THE BUREAU ACTUALLY OWNS THE PROJECT, THEY HAD TO FILE THE APPLICATIONS.

I SEE NO FURTHER NEED TO SEND COPIES OF THESE APPLICATIONS TO IDFG AS THEY ARE IN EFFECT THE DE FACTO APPLICANTS.

Subject: Water Right Applications, Ririe Project, Idaho - Snake River Area
Office, Pacific Northwest Region, U. S. Bureau of Reclamation

Dear Mr. Carlson:

Enclosed are 30 applications for water rights related to the Ririe Project. One is for irrigation of three acres at the Benchland Recreation Area, and 29 are for wildlife and stock water within the Tex Creek Wildlife Management Area. We believe these rights are necessary to protect project purposes in the future.

If possible, we request an expedited processing of the irrigation application for Benchland. Bonneville County would like to develop this system for use this season.

We are enclosing a check for \$1,500 to process the water right applications, and one set of U.S. Geological Survey Quadrangle maps for the Tex Creek Wildlife Management Area sites. Should you have any questions, please contact Dala Walton at (208) 678-0461, extension 23.
