Dear Mr. Johnson:

In regards to the above water permit, I started building a house on the land of my father, C. Lyle Burton and applied for water rights several years ago. Construction did not go fast, as it was a pay-as-I-go situation, so I was not finished with the project within the time allotted, so I wrote and asked what to do about it. I received no reply.

The house is to the point now where the outer shell is finished except for some brick and glass work. I will need to do something about water, and since my father no longer has two permits as we had, what can we do about that?

Please advise as to what we can do to reinstate the two residence status. The land under the house in question is still owned by Mr. C. Lyle Burton.

Sincerely,
