Dear Mr. Skidmore:

Re: Permit Nos. 25-7161 License Nos. 25-7040 & 25-7042

In answer to your letter dated September 2, 1983 concerning water right numbers 25-7161, 25-7040 and 25-7042, please be advised that all are in good standing.

Water Right numbers 25-7040 and 25-7042 are licenses. This means that they have progressed through the application - permit procedures to become a license. They are now permanently recorded in the department's records as valid water uses.

Permit No. 25-7161 is only partially through the procedure to becoming a license. Since you have now submitted the statement of beneficial use, the department will conduct a field inspection of the system. Based upon the field examiner's recommendations, a water right license will be issued.

I cannot tell you when this examination will be made, but the field examiner will try to contact you before conducting the examination. If you wish, you may contact the regional office and request that the field examination be done and set up an appointment.

If you have any further questions concerning your water rights, please feel free to contact us.

Sincerely,

RITA I. FLECK

Gentlemen:

One of the conditions of approval of your water Permit No. 25-7042 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before November 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.
