Dear Mr. Brown:

We are in receipt of your application for permit to appropriate water in Bon-neville County and your check No. 92-301. After reviewing your application, we find there are several items that need clarification.

In Item 4a, the irrigation season is longer than normally requested. The period of use from March 1 to November 1 should be reduced to April 1 to November 1, unless you can provide us with a written justification for the longer use period.

In Item 8b, the land list does not agree with the map on page 3.

Please make the necessary adjustments and return the application along with your check to this office.

Very truly yours,

NORMAN C. YOUNG
District Engineer
