Dear Sirs

In Regards to application for Permit no 25-7012
This is water that is being Pumped out of the same well
as permit no G. 26732.

after having the well in use for some years
we put in a new well adjoining this property to irrigate
an additional 160 acres. We drilled a larger well to
accomodate additional water to be used on the property described
under permit G. 26732 but the second well proved only partially
good. thus we went back to the original well on Permit no.
G. 26732 with a larger pump to get more water for the
property on above Permit. In so doing this was the only change
made, thus it would require changing the existing pump
hookup on mainline which was in before how required water
measuring devices. ~~It~~

This letter is in request to leave the system as it is
without putting in a measuring device on this system at this
time for the additional water used in application on Permit
no. 25-7012.

Thank You

Dear Mr. Landon:

One of the conditions of approval of your water Permit No. 25-7012 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

License No. 25-2125 - " "

Mr. John M. Corless
FEDERAL LAND BANK ASSOCIATION OF IDAHO FALLS
689 North Capital
Idaho Falls, Idaho 83402

Dear Mr. Corless:

Pursuant to your letter of May 10, 1971, we wish to advise you of the status of the following permits.

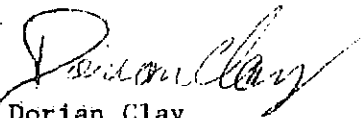

We are in receipt of proof of beneficial use affidavit submitted in reference to permit no. 25-7003. This permit would appear to be complete in so far as to the requirements of the permit-holder.

We also wish to advise you that permit no. 25-2137 appears to be complete; however, the Department is awaiting a field examination that should be conducted during the 1971 irrigation season.

The application that you have submitted in reference to license no. 25-2125 for Amle Landon appears to be in order. However, you have neglected to submit the required \$20.00 filing fee.

As soon as we are in receipt of this fee, we shall begin processing the application. If you should have any question in reference to this matter, please contact us.
