ACTION OF THE DEPARTMENT OF WATER RESOURCES

This Permit is

Approved

Date

6-15-93

If approved, this permit authorizes the construction or modification of a well subject to the following conditions. READ CAREFULLY:

GENERAL CONDITIONS:

1. The well must be constructed in compliance with the applicable statutes, specific conditions of approval shown on the water right permit, injection well permit, transfer or amendment and the rules and regulations of the Department for water appropriation, injection wells and well construction standards.
2. This drilling permit is valid for two (2) months from the above approval date for the start of construction and is valid for one (1) year from the approval date for completion of the well unless an extension has been granted.
3. This permit does not constitute an approval of the District Health Department or the Idaho Department of Health and Welfare which may be required before construction of this well.
4. The well shall be constructed by a driller currently licensed in the State of Idaho who must maintain a copy of the drilling permit at the drilling site.
5. Approval of this drilling permit does not authorize trespass on the land of another party.
6. This permit does not constitute other local, county, state or federal approvals which may be required for construction of a well.
7. This drilling permit does not represent a right to divert and use the water of the State of Idaho.
8. If a bottom hole temperature of 85° or greater is encountered, well construction shall cease and the well driller and the well owner shall contact the Department immediately.
9. If this permit is for a replacement well, the well being replaced must be abandoned in accordance with Department Rules and Regulations.

The expedited approval of the drilling permit is conditioned upon the following:

1. The drilling permit holder assumes all risk and recognizes that the department cannot assure that a water right authorization for use of water from the well will be approved.
2. The drilling permit holder is not authorized to use any water from the well until the department issues a water right authorization.
3. The drilling permit holder is bound by the conditions of approval which are issued in connection with the water right authorization. These will include:
4. A well drilled pursuant to this permit must be located at least 500 feet from any existing well. Well spacing closer than 500 feet must be approved by the Department of Water Resources.

ERIC VERNER AND I DID AN ONSITE EXAM OF THE ORIGINAL WELL SITE AND FOUND THE CASING IN A CONCRETE VAULT WITH THE PUMP AND MOTOR REMOVED. THIS WAS DONE RECENTLY AND AS PER THE EXPIDITED DRILLING PERMIT THE NEW WELL WAS DRILLED IN THE NESW OF SECT. 1, T 2N R 38E.

I WOULD RECOMMEND APPROVAL OF THIS TRANSFER WITH THE STANDARD CONDITIONS TO INCLUDE;

The transfer should be granted with the following conditions:
at both points of diversion.

- Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.
- The well previously used under this right shall be abandoned in a manner which complies with Department well abandonment rules.
- The change authorized by this transfer shall be accomplished within one (1) year of the of this approval.
- Failure to comply with the conditions of this transfer is cause for the director to issue an order to show cause why the approval of the transfer should not be rescinded.
- Approval of this transfer does not preclude the opportunity for review of the validity of the water right(s) in the ongoing Snake River Basin Adjudication.

RE: Application for Transfer of a Water Right No. 25-04092

Dear Water Right Applicant:

The Department of Water Resources acknowledges receipt of your permit for a water right transfer. This office is currently in the process of advertising the application in the Post-Register on April 29 & May 6, 1993. The advertisement will be published for two consecutive weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in about five weeks. State Office Personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a transfer is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

Harold W. Jones

RE: Claim No. 25-4092

Dear Claimant:

The Department of Water Resources has completed the advertising of your claim to a water right, and no further action is authorized under Section 42-243 and 42-244, IDAHO CODE. Your claim will be retained in our files and will be available at any time for use by you or the court.

The filing and advertising of the claim does not confirm the water right claimed, but will serve to record and preserve the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included with the claim, you may have that information or evidence added at any time. Please refer to the claim identification number when corresponding with this office.

We are enclosing a copy of your claim for your records. If you have questions, or if this office may be of further assistance, please feel free to contact us.
