Dear Sirs:

Department of Reclamation

I have been asked to assist on the completion of the enclosed water filings #G-32232/25-2147; G-32231/25-2146 and G-32233/25-2148 all in the name of Taylor Lott of 1130- Jackson in Idaho Falls, Idaho 83401.

This ground has been sold and the new owner is Jerry Pancherri with the water rights to be also in his name.

First-we would like to have them transferred to his name and we would like the forms for the application to be processed for the final proof on this above mentioned filings. I believe the transfer would have to be processed first and then the final proof submitted-or do you have forms where this process may be done all at once? *all at once*

I do not know where the original documents are that were filed with your office-so will you please forward copies of these filings and a billing on same? Is it necessary to request an extension of time for the completion of this work-or is this acceptable for the proceedings so they may be completed in the time left before 2-19-70?

Will you also please forward a dozen more applications for permits for water appropriations? I am completely out.

Thank you for all courtesies extended, we remain,

Sincerely,

Marjorie Ball

Re: Permit No. 32231 (New No. 25-2146)

Taylor Lott
Ririe, Idaho

Dear Mr. Lott:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit [REDACTED]. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

State Reclamation Engineer
Room 107
State House
Boise, Idaho

Dear Sir:

Enclosed herewith please find three applications for Permit to Appropriate the Subterranean Waters of the State of Idaho, together with our check in the amount of \$16.00, said check representing the payment of \$5.25 on the first application, \$5.25 on the second application, and \$5.50 for the third application.

May I request that the enclosed Applications be immediately reviewed by your office for the purpose of determining if the information contained therein satisfies your departments requirements for an application for permit to appropriate the subterranean waters of the State of Idaho.

As soon as the enclosed applications have been approved, would you see that they are presented to the proper state officials for their approval.

Your cooperation on the above is greatly appreciated.

Yours very truly,

PETERSEN, MOSS & OLSEN
