I have had no reply to my letter of April 1 in which I inquired when we might anticipate receipt of the deposition forms for use in this matter. To date, none have been received.

In view of the fact that Proof of Publication extended from March 1 through March 22, concerning the April 12 deposition, it may be that publication will again be necessary.

Would you be kind enough to advise us what must be done in this regard at this time so that we may complete the proof on this particular well.
