PROOF OF BENEFICIAL USE

Julius Bohn,
c/o Herman Schwarz,

Idaho Falls, Idaho.
DEAR SIR:

BOISE, IDAHO, Feb. 15th, 1918.

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No. 12008.

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On ~~March 9th, 1918,~~ the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at

Idaho Falls, before Herman Schwarz, N.P.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

J.H.SMITH,

Re Permit 12008. Bohn.

Kenneth S. Mackenzie, Attorney,
Idaho Falls, Idaho.

Sir:--

Am in receipt of yours of the 5th inst., enclosing affidavit of holder for proof of completion of works under above permit. In checking the affidavit I note that the description of the land is the same as given in permit No. 12007 and not 12008. This should be corrected. Upon return of corrected affidavit, with fee of \$5.00, the certificate can be issued.

Am enclosing blank affidavit for same proof under 12007, per your request. Am also enclosing blank applications for extension of time for completion of works under R-9, R-10 and Permits 12040-12042.

Very truly yours,

J. H. SMITH, H. SMITH,

State Engineer.

State Engineer,
Boise, Idaho.

Dear Sir:

I am enclosing herewith affidavit for proof of completion of works on the permit 12008 of Julius Bohn.

Kindly send me a similar blank for permit #12007 by Martha Bohn.

With reference to permit # R10, District #16 of Martha Bohn and permit #R9 at the same District, by Julius Bohn, and also permit #12040 by Julius Bohn and #12042 by Martha Bohn, I will say that we would like to have the time extended for the four last above named permits, for the reason that unexpected difficulties have been encountered in the construction of the reservoir. The applicants have found it necessary to blast out a good deal of rocky ground and pull a large number of stumps in order to construct the work in the permit.

If you will kindly send me the necessary blanks, I will make application for an extension of time within which to complete these works. Also kindly send me five affidavits form number 6 for proof of completion of works. It will be necessary for me to have one of these blank affidavits by the 14th inst.

Yours very truly,

Kenneth McKenzie

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Julius Bohn,
Oxone, Idaho.

Boise, Idaho,

Dear Sir:

Under the terms of your Permit No ~~12008~~-----, you are required to complete your diversion works on or before ~~October 6 1916~~----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH

State Engineer.
