BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 23-07141

IN THE NAME OF DOUG RUUD

**ORDER OF
REINSTATEMENT**

This matter having come before the Idaho Department of Water Resources (Department) the Department makes the following FINDINGS OF FACT, CONCLUSIONS OF LAW and ORDER:

FINDINGS OF FACT

1. On January 17, 1990, the Department issued Permit No. 23-07141 in the name of Doug Ruud (permit holder) with a condition of approval that proof of construction of works and application of water to beneficial use be submitted on or before February 1, 1994.

2. On November 30, 1993, the Department sent a proof due notice to the permit holder by certified mail stating that proof was due, and instructed the permit holder of the steps to be taken to submit the proof of beneficial use.

3. On February 7, 1994, the Department sent a lapse notice to the permit holder since the Department had not received an acceptable proof of beneficial use statement or extension of time request.

4. Section 42-218a.2., Idaho Code, authorizes the Department to reinstate a lapsed permit, with the priority date advanced to the date that proof of beneficial use was received, upon submittal of evidence clearly establishing the extent of beneficial use prior to the proof due date and a showing of reasonable cause why the proof was submitted late.

5. In June of 1998, George Sparr of the Lakeview Homeowners Association contacted the department to inquire about the requirements of reinstating the permit. Mr. Sparr informed the department that the permit holder (Doug Ruud) was deceased and the

MICROFILMED

APR 08 1999

property was now owned by Lakeview Homeowners Association. On June 25, 1998, the department sent Mr. Sparr a letter explaining the requirements of reinstatement.

6. On November 23, 1998, proof of beneficial use was submitted by Lakeview Homeowners Association, along with the \$50.00 license examination fee and supporting information. Lakeview Homeowners Association submitted an Assignment Agreement which shows that the representative of Doug Ruud assigned the property to the Lakeview Homeowners Association. A power bill for the pump and a Public Drinking Water Fee Assessment were also submitted which shows the well to be developed prior the permit lapsing. Mr. Sparr of the Homeowners Association further explained that proof was never filed due to the death of the permit holder.

CONCLUSIONS OF LAW

1. The owner of record has submitted proof of beneficial use along with supporting evidence which establishes that water was in fact beneficially used within the authorized development period.

2. The owner of record has shown sufficient cause why the proof of beneficial use was not submitted in a timely manner.

3. The department should reinstate the permit with the date of priority advanced to the date proof of beneficial use and supporting information was received by the Department.

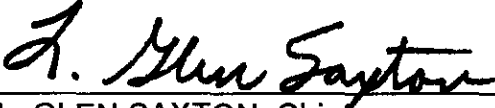

ORDER

IT IS HEREBY ORDERED that Permit No. 23-07141 is **REINSTATED**.

IT IS FURTHER ORDERED that the priority date is advanced to November 23, 1998.

IT IS FURTHER ORDERED that reinstatement of this permit does not authorize any additional development by the permit holder.

Dated this 11th day of March, 1999.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 23-07141

Dear Mr. Sparr:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit.

Enclosed is an order reinstating the permit since proof was submitted after the proof due date. Note that the priority date has been advanced to November 23, 1998, as provided in Section 42-218a.2, Idaho Code.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water. If you have questions concerning the field examination, you may contact the **EASTERN** Regional Office of the department in Idaho Falls at (208)525-7161.

Sincerely,

JULIE L. YARBROUGH

RE: Assignment of Permit

Dear Mr. Sparr:

Per our telephone conversation last week, I am returning the Assignment of Permit form you submitted to the department and I have initiated the process to refund the \$25.00 filing fee, since the Assignment cannot be accepted without the permit holder's signature.

You should receive the refund within seven (7) to ten (10) business days under separate cover.

If you have any questions regarding this matter, please contact me at (208)327-7953.

RE: Lapsed Permit No. 23-07141

Dear Permit Holder:

I am in receipt of the documents submitted in connection with the reinstatement of the above referenced lapsed water right permit. Additionally, I am in receipt of the \$25.00 fee submitted with the documents. I am assuming that the \$25.00 fee was submitted for an assignment of permit, however, no assignment form was submitted with the fee.

The information you submitted is sufficient for reinstatement, however, the department cannot begin the reinstatement process until a proof of beneficial use form and appropriate license examination fee is submitted and you provide us with reasonable cause why proof was not submitted timely. In June of 1998, I provided you with these forms and informed you of the reinstatement procedure.

I have once again provided you with a proof of beneficial form and instructions along with an assignment of permit form. Please contact me at (208)327-7953 if you have any questions and I will be happy to assist you.

Sincerely,

RE: Bill Peterson/Lakeview Homeowners Association

Dear Bill:

William Peterson was in the office this morning and advised the writer that the water serving his Ruud Subdivision lot has again been turned off and following my letter and my discussion with you, said water was turned on and now has again been turned off. For your information, I have been in Europe for a little over three weeks and while gone, apparently Lakeview Homeowners Association turned off Peterson's water.

He further advises that nothing has been done by Lakeview Waterworks relative to their main water line that serves most of the culinary water users in Ruud Subdivision.

I am really at a loss as to by what authority Lakeview feels that they can turn off Peterson's water, and further, why they have not responded in removing the water line referred to above, to that certain area that has been reserved for easements purposes, including an easement on our client's lot, which is one of the lots making up the Ruud Subdivision.

When we talked some time ago, you requested that I inquire of Peterson as to the water history on his lot and the payments that he has made for his water use. The history and payments by our client consist of the following:

1) After purchase of the lot from Ruud, Bill Peterson paid in cash to Ruud in year 1988, \$500.00 for a hook up fee. In addition, he paid \$75.00 for water for year 1988.

2) In year 1989, Peterson paid \$75.00 for water.

3) It is my further understanding that payments were made through the years up until 1990 when he received a bill from Lakeview Water Works for \$286.34. Peterson discussed said

MICROFILMED

billing with Ruud and refused to pay Lakeview's billing. In year 1992, Peterson paid \$100.00 for water for that year and upon receipt of an appropriate billing for 1993, is ready willing and able to pay \$100.00 for water for this year.

It is my understanding of Idaho law that our client definitely has a water right to the Ruud well servicing the lots making up the Ruud Subdivision.

My client has demanded that contact be made with you for the purpose of insisting that the present main water line passing through the center of his property be moved to the area reserved for easement purposes and further that the water from the Ruud well servicing his property be immediately turned on and left on for use by Bill for culinary purposes.

Please discuss the above matters with your client and thereafter contact the writer relative to arrangements that can be made for carrying out the wishes of our client.

Thanking you in advance for your cooperation. Best regards.

Very truly yours,

Re: Bill Peterson/Lakeview Homeowners Association

Dear George:

Your correspondence dated May 21, 1993, to Willard Eldridge has been referred to me for response. Your correspondence seems to suggest that Bill Peterson has as part of his Warranty Deed some written interest in domestic water service. If that is the case, I would appreciate it if you would provide me with a copy of that instrument.

A water company was established two years ago after the death of Mr. Ruud who was the original developer of property in the Lakeview area of Palisades. It my understanding that your client was given the opportunity to acquire interest in the company and to receive domestic water services at that time, however, your client did not elect to purchase an interest in the water company despite numerous inquiries. Based upon his failure to join the water association and pay for water services, no water will be supplied to Mr. Peterson from this point on.

Perhaps I misunderstand the situation, but I was lead to believe that Mr. Peterson has his own domestic well and for that reason chose not to associate with the Lakeview Homowners Association. I would be happy to discuss your client's position at your convenience, however, it is the association's position that your client's rights have not been violated, and that no additional domestic water service will be provided.

Sincerely,

ST. CLAIR, DALLING & MEACHAM

opportunity to review records maintained by said departments relative to the said water right claims and related facilities, and prior operations of Lakeview Land and Water Company conducted by decedent Orval Douglas Ruud. Second Party expressly acknowledges that the entire water distribution system covered by this Agreement is being acquired by Second Party on an "AS IS" basis so far as the condition of the tangible assets and the status of the claimed water rights are concerned, and expressly disclaims any warranty or representation as to the condition of the status thereof.

5. Second Party agrees, to the extent adequate water is available, to extend its culinary water distribution system to include lots currently owned by Goldie Ruud located in the Ruud Subdivision, Division 1; Lakeview Estates, Division 1, Plat 1; Lakeview Estates Division 1, Plat 2; and certain adjacent unplatted property owned by Goldie M. Ruud, on terms to be set by Second Party.

6. Second Party expressly agrees that this Agreement constitutes the entire agreement between the parties and that no other agreements or representations have been made or are binding upon First Party excepting as specifically set forth in this Agreement.

7. This Agreement shall be binding upon and inure to the benefit of the parties hereto, their personal representatives, heirs, successors, and assigns.

EXECUTED in triplicate original.

WELL AGREEMENT

THIS AGREEMENT by and between RICHARD C. WIEMER and ELEANOR R. WIEMER, husband and wife, herein referred to as "FIRST PARTIES", and DOUGLAS RUUD, a married man, herein referred to as SECOND PARTY, all parties being residents of Bonneville County, Idaho.

W I T N E S S E T H:

Whereas, FIRST PARTIES are the contract purchasers of certain real property situated in Bonneville County, Idaho, and more particularly described as follows, to wit:

Lot Forty-Nine (49), Ruud Subdivision, Division No. 1, Bonneville County, Idaho, according to the recorded plat thereof,

SUBJECT TO an easement and right-of-way for maintenance of underground power and water lines under and along the centerline of that portion of Lot 49 consisting of an existing roadway from U.S. Highway 26 to and along the east side of said lot.

and

Whereas, SECOND PARTY is engaged in the business of supplying culinary water to the owners and/or purchasers of various recreational lots in the vicinity of Palisades Reservoir in Bonneville County, Idaho, including lots located in Lake View Estates Division No. 1, Plat 1 and 2, Ruud Subdivision, Division No. 1, and Lake View Estates Division No. 3 (unplatted), and

property adjacent thereto, now or previously owned by FIRST PARTY.
and

Whereas, SECOND PARTY has recently installed a deep well water facility just inside the northeast corner of the tract of land above described being purchased by FIRST PARTIES with the permission of FIRST PARTIES and their predecessor in interest, consisting of a well pit, pressure tank, submersible pump, and accessories. The parties acknowledge that the water facility will be used to supplement other sources of culinary water now being or hereafter furnished by SECOND PARTY to the parties above-referred to.

Now, therefore, in consideration of the mutual covenants and conditions herein contained, the parties agree as follows:

1. FIRST PARTIES do hereby grant and confirm to SECOND PARTY an easement from the northeast corner of the above described property to said water facility for the limited purpose of maintenance and operation of said water facility. SECOND PARTY shall commit no waste or destruction while upon the property of FIRST PARTIES.

✓ 2. SECOND PARTY agrees at his expense to hook up to said water system the residence located on the above-described parcel and to thereafter furnish water to FIRST PARTIES, without charge for as long as SECOND PARTY shall operate said water facility. SECOND PARTY does not normally operate the water delivery system during the winter months, and should FIRST PARTIES desire to

receive water from said water facility during any winter months, FIRST PARTIES agree to pay or reimburse SECOND PARTY for the cost of power used during such period, however FIRST PARTIES shall have no further financial obligation whatsoever with respect to the operation and maintenance of said culinary water facility.

3. FIRST PARTIES shall not extend water lines to any other structure on the above-described parcel without the consent in writing of SECOND PARTY thereto, it being the intention that the benefits herein shall be for the purpose of accommodating the residence presently located on the tract being purchased by FIRST PARTIES.

4. This agreement shall extend to and bind the heirs, executors, administrators, successors and assigns of the respective parties hereto.

In witness whereof, the parties have hereunto executed this agreement this 13 day of August, 1990.

RE: Lapsed Permit No. 23-07141

Dear Mr. Sparr:

This letter is in response to your request to reinstate Lapsed Permit No. 23-07141. Pursuant to Section 42-218a, Idaho Code, the permit can be reinstated only if you submit a completed Proof of Beneficial Use statement, the appropriate license examination fee and the following information for department consideration:

- ▶ **Two (2) pieces of evidence** to show that beneficial use of the water did commence and to show the extent of the use of water during the authorized permit period, i.e. from the time the permit was issued until the proof due date (January 17, 1990, to February 1, 1994) and;
- ▶ Reasonable cause why the license examination fee was submitted late.

You can submit pump records, receipts from equipment purchased and/or installed, affidavits from persons with first hand knowledge of development or other information to verify use during the authorized development period.

Please be aware that this permit is **lapsed** and is of no force nor effect unless it is reinstated.

Additionally, since you are not the original permit holder, you will need to provide the department with proof of ownership of the property in question, or you can have the permit holder assign the permit to you using the Assignment of Permit form I have provided.

If you have any questions regarding this matter, please contact me at (208)327-7953.

LAPSE NOTICE

RE: PERMIT NO. 23-07141

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated November 30, 1993. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifteen dollar (\$15) fee.

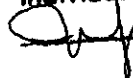

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

PROOF DUE NOTICE

RE: PERMIT NO. 23-07141

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before February 1, 1994. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

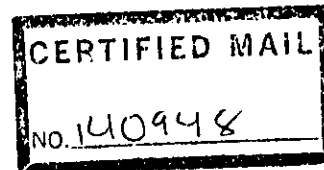

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

RE: PERMIT NO. P23-07141

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

You should be aware that the groundwater you propose to divert is located within a drainage basin where surface waters are regulated during the months of low flow. It is possible that diversion of groundwater may have an adverse impact on these surface water flows. Information available to us at this time does not warrant refusing to issue permits in your area, but we do caution that diversions of groundwater are not allowed to deplete flows available for surface water users with earlier priority dates. Siting your well as far from surface sources as possible and casing out upper water producing zones may reduce the potential of interference.

Section 42-235, Idaho Code, requires that a "drilling permit" must be obtained from the department for all wells constructed after July 1, 1987. A drilling permit is a separate permit that must be issued in addition to your permit to appropriate water. Commencement of well construction or diversion of water under your permit to appropriate water is prohibited unless a drilling permit is obtained.

Please be advised that water quality is subject to regulations of the Idaho Department of Health and Welfare. We suggest that you check with them before starting construction.

Please note the requirement that as a permit holder you must commence the excavation or construction of diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The enclosed blue

card must be completed and returned to this office as soon as you commence construction, no later than one year from the date the permit was approved.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit into a license.

Sincerely,

GARY SPACKMAN, Supervisor

RE: Application for Permit No. 21-7451, 23-7141, & 23-7142

Dear Sir:

This office is currently in the process of publishing notice that the above application for permit was filed with the Department of Water Resources. Since the application may be of interest to you, a copy is enclosed for your examination. Comments concerning the application should be addressed to the applicant with a copy forwarded to this office. Protests objecting to granting a permit should be directed to this Department and received as soon as possible. Final action will be taken by this office shortly after this date, provided there are no protests lodged against the applications.

Respectfully submitted,

Harold W. Jones
Water Rights Supervisor

RE: Application for Permit No. 23-7141 .

Dear Water Right Applicant:

The Department of Water Resources acknowledges receipt of your water right permit. This office is currently in the process of advertising the application in the Post-Register. The advertisement will be published for two consecutive weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our state office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

HAROLD W. JONES
Water Rights Supervisor
