If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

RE: PERMIT NO. 23-07110

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before June 1, 1990.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

Dear Dick, Richard Haderlie and Don and Oma Jones:

I have the papers you sent, but the only things I can give you are the location. We have the Water Rights to all the springs and on Little Sheep Creek, dating back from 1953.

I think that if there is a problem if getting a water permit we will
rights just go ahead and use our ~~permit~~ since it is also for use for stock for us.

The description on the water rights is Spring, tributary to Little Sheep Creek. Point of diversion - NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec 8, Twp 1S, Rge 45E, Bonneville County.

We have had so much rain the hillsides are like grease lightning. I sure hope it clears up soon.

I hope Marion is better and that your trip to Sacramento was a comfort to your friend.

Gloria

Enclosed is check #92-42 for \$30.00 that was received by this office, the requested applications for permit with instructions and a pamphlet "Keep Your Water".

I'm not sure why you submitted the \$30.00 as this office received only a letter from me dated July 8, 1981, a letter dated April 1, 1983 from Gloria and an instruction sheet for filing an application for permit.

Upon receipt of completed forms and filing fees, processing will begin; however, it should be noted that in light of the Idaho Supreme Court Swan Falls decision, any application for permit will be placed in a hold file until the Department can either conditionally approve or deny the application. As per the Idaho Code you must have an approved application for permit prior to development of the system and diversion of the water.

Please feel free to contact this office for any additional assistance that may be necessary.

Dear Don and Oma:

At the time Bonneville County did the original survey of the Salisbury Tracts, your upper lot was platted short of the forest line. It is my understanding that Mr. Salisbury sold you all the land to the boundary with the forest.

The recent survey did not include that area of the Salisbury property. Therefore, this could not be corrected at this time. I don't know when this area will be surveyed.

Keep this letter as proof of intent, in the event some one else is in charge of the disposition of this part of the Salisbury property. It is my intent, that your property lines be extended to the Salisbury property boundary with the Forest.

This is also notice that a tentative agreement has been reached with Richard and Dick Haderlie to obtain water from Little Sheep Creek by way of an easement across the Salisbury property and property owned by Noel and Gloria Talcott.

Sincerely,
