**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

RE: Water Right No. 23-07079

Gentlemen:

The Department is reviewing the above referenced permit prior to issuing a water right license. We find that this right has been partially decreed in the Snake River Basin Adjudication (SRBA), however, pursuant to Section 42-1421, Idaho Code, we must complete the statutory licensing procedure in accordance with Section 42-219, Idaho Code. We have included copies of the above referenced sections of Idaho Code for your convenience. Once the license has been issued the Department will reflect the completion of the licensing process in its water rights database. By issuing a license on this permit, the Department confirms that a water right has been established in compliance with the terms of the permit. The examiner who verified your water use reported that the points of diversion and place of use are in a location other than what was described on your permit. Therefore, before a license can be issued, your permit must be amended to depict this water right as it was actually developed.

The enclosed Application for Amendment form depicts the place of use and other information, as it will appear on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented please sign the form and return it with the \$50.00 filing fee within 60 days.

Also, please note that some of the proposed conditions of approval and remarks may be modified upon further administrative review.

If you do not concur with the field examiner's findings, or if you have any questions about this information, please contact me as soon as possible. My telephone number is (208)327-7944.

Sincerely,

KAY WALKER
Sr. Water Resource Agent

E. NARRATIVE/REMARKS/COMMENTS

Two Springs feed into a domestic system with 13 Summer homes in SHEEP CREEK SUMMER HOME AREA. The following lots were occupied at the time of the exam:

Lots 1, 3, 4, 6, 7, 33, 34, 35, 36, 38, 39, 40, & 41

Brent Porter w/ USFS stated that no more homes will be allowed.

According to Rex Decker Lot # 34, system consists of two springs w/storage tanks with distribution lines to Summer homes. Because the North Spring is Lower than the South Spring there is a valve that usually is closed so only his home is on the North Spring. However, if he needs to he can shut off the North Spring and open up the valve for water from the South Spring.
