This matter having come before the Department of Water Resources (Department) as a result of an examination by the Department to determine the extent of beneficial use of water, the Department makes the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. On November 6, 1981, The United States of America, Forest Service applied to the Department for a permit to appropriate .02 cubic feet per second of water from an unnamed spring, tributary of Kirk Creek, within the SW $\frac{1}{4}$ NW $\frac{1}{4}$, Section 12, Township 3S, Range 44E, B.M., Bonneville County, to be used for stockwater and stockwater storage purposes.

2. On January 4, 1982, the Department approved the Application for Permit.

3. On February 22, 1983, the Department received Proof of Beneficial Use of water for the Permit.

RECEIVED
FEB 13 1985

4. On August 12, 1988, the Department conducted a field examination and the examiner's report indicated that water had been diverted within a different legal description than authorized by the Permit.

5. On October 5, 1993 the Department sent notice and an Amendment to the permit holder stating that the permit had to be amended before the Department could issue a license.

6. On June 27, 1994 the Department sent a second notice to the permit holder stating that the permit had to be amended before the Department could issue a license.

7. The Department has not received the Application for Amendment of the permit.

CONCLUSIONS OF LAW

1. Section 42-219, Idaho Code, states:

In the event that the Department shall find that the applicant has not fully complied with the law and conditions of the permit, it may issue a license for that portion of use which is in accordance with the permit, or may refuse issuance of a license and void the permit.

2. Development of the water as listed on the permit was a condition of the permit, and compliance with the condition is required prior to perfection of a water right.

3. The Department is unable to issue a license for the permit, because the water was not developed on the property described in the permit.

FEB 13 1995

4. The permit could have been amended by the permit holder but the permit holder has not filed the appropriate amendment.

5. The Department should void the permit.

ORDER

IT IS, THEREFORE, HEREBY ORDERED that Permit No. 23-07072 is VOIDED and issuance of a license thereon is REFUSED under Section 42-219, Idaho Code.

Dear Mr. Saxton:

On November 6, 1981, the United States of America, Caribou National Forest, applied to the Department for a permit to appropriate 0.02 cfs of water from an unnamed spring, tributary of Kirk Creek, to be used for stockwater purposes. On January 4, 1982, the Department approved the Application for Permit, numbered 23-07072. On August 12, 1988, the Department conducted a field examination and the examiner's report indicated that water had been diverted within a different legal description than authorized by the permit. On October 1993, the Department sent notice and an Amendment to the Caribou National Forest stating the permit had to be amended. On July 29, 1994, the Caribou National Forest submitted an Amendment to the Department, along with a fee of \$20.00. On December 1, 1994, the United States received a preliminary order voiding permit stating that an Amendment was not received by the Department, and Permit 23-07072 is VOIDED and issuance of a license thereon is REFUSED under Section 42-219, Idaho Code.

The United States of America, Caribou National Forest would like the Department to reconsider its Order. The Amendment was in fact submitted as requested and was apparently misplaced by the Department. We did not send the Amendment via certified mail, and therefore do not have documentation that the permit was in fact received by the Department. However, we do have documentation that the enclosed fee payment of \$20.00 was received by the Department. A "rapidraft" Third Party Draft (TPD) payment, number 0203429655, was recorded as being received by your office as verified by your receipt number C 030985, dated August 5, 1994. Verbal confirmation that the TPD was deposited was obtained from the National Finance Center. It was received by NFC on August 10, 1994.

The United States of America, Caribou National Forest, requests the Department reconsider its Order to Void the License. The United States has in fact fulfilled the requirement to submit an Amendment as specified by the Department. Enclosed is a copy of the TPD and a copy of the Application for Amendment. We request the Department send us another Application for Amendment if an original signed document is required.

Sincerely,

PAUL R. NORDWALL

RE: Conversation with Lee Leffert of Caribou N. F.

=====

Lee Leffert of the Caribou National Forest called me from 208-236-7534 to ask that we reconsider our preliminary order to void permit 23-07072.

We issued the preliminary order because we have not received the required licensing amendment. However, according to Mr. Leffert, the amendment was signed and mailed to us with the \$20.00 fee on or about July 29, 1994.

The department's computer database shows that we receipted a check for \$20.00 from the Caribou National Forest on August 5, 1994, under receipt no. C030985. The database indicates that the \$20.00 was for water right 23-07072.

I advised Mr. Leffert to write us a letter explaining the circumstances and asking for reconsideration of the preliminary order. I reminded him that it must be completed within fourteen days.

I also advised him to include the signed amendment form. Mr. Leffert said he could not get an original signature within the fourteen day period because the forest supervisor will be out of the area. He said he would, however, include a copy of his copy of the amendment form signed on July 29, 1994, by forest supervisor Paul Nordwall.

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, this preliminary order will become a final order of the agency.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Director.

The Director retains the right to review the preliminary order on his own motion.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final

order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

RE: PERMIT NO. 23-07072

Dear Mr. Leffert:

I previously forwarded to your agency an Application for Amendment (10/5/93) so that the above referenced permit could be amended to correspond with the findings of the Department's field examiner.

You sent the amendment back to us and marked in red the point of diversion and place of use locations you thought to be correct (which would still require an amendment). On November 8th you telephoned stating you would send us a letter (and hopefully a map) of the correct locations. To this date we have not received anything from your agency.

For your reference, I am enclosing a copy of the amendment with the changes you made (highlighted), an amendment as the examiner found the locations to be, and a copy of the exam map.

We would like to complete the licensing process on this right. The amendment fee is \$20.00. If I do not hear from you within sixty (60) days, I will assume the agency no longer has any interest in the permit and cancellation proceedings will begin.

If you have any questions, please contact me. My telephone number is 327-5452.

Sincerely,

After talking to you, I rechecked with the District. The water use is very close to the line between SENW and SENW. They believe it is actually closer to the SENW. Since this is a change in our original application, am I correct in assuming an amendment is still in order? Thanks for your help. Lex Leffert phone 236-7534
