RE: Permit No. 63-9966

Francis L. & Eileen R. Demond
1975 Carol
Meridian, ID 83642

Dear Mr. and Mrs. Demond:

Enclosed is a copy of your approved Application for Permit. We direct your attention to the conditions of approval on the fourth page.

The exercise of this permit may also be affected by the outcome of a case that has recently been decided by the Idaho Supreme Court entitled Idaho Power Company vs. State of Idaho, et al., Idaho Supreme Court Case No. 13794. The decision, filed on November 19, 1982, indicates that flows of water through the power plant at Swan Falls are entitled to protection from uncompensated depletion of flows upstream of Swan Falls. The court found that such flows in the Hells Canyon reach of the Snake River are not similarly protected, but rather are subordinated to future upstream depletions for consumptive uses. The full impacts of this decision are not yet clear, and the case has been partly remanded to the District Court so further litigation on the matter is forthcoming. The Department of Water Resources has been advised that Idaho Power Company is not waiving any rights to contest or limit the exercise of your permit or subsequent license.

We have enclosed instructions entitled "Making Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed for your convenience is the statement of beneficial use postcard that must be submitted when your project is completed.

Sincerely,

DAVID R. TUTHILL, JR., P.E.
