55

Here is a copy of the Idaho Transportation Department's map of Highway 55's new route and the proposed easement through my land. There ~~should~~ be a public meeting sometime in May proposing all the changes. It will be at least 2 years before all this is settled.

You can contact Ted Gwin of the Idaho Transportation Department at tel. no. 334-8300 for more details of this project.

It is hard for me to complete my irrigation project and all its cost when there is uncertainty about a road going through my land.

thank you,

1. This permit is for 2 AC. of irrigation, Stockwater (Sheep), and recreation Storage in 2 small ponds. No domestic use of water was found. The owner had intended to build 2 homes on the property, but has now decided he will probably not do this.

2. The irrigation is for trees, and pasture for the Sheep. (2 Head)

3. The well pumps water through a 1 1/4" PE pipe system, which feeds water to 6 open ditches and the 2 ponds. The open ditches are used to irrigate the trees and pasture, and the Sheep drink from these ditches. The 2 ponds are located on one of the Southwest ditches.

Have conditions of permit approval been met? ☒ yes ☐ no

Except there is no domestic use.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 63-09690

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the department's **WESTERN** Regional Office in Boise at (208)334-2190.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary, Water Allocation Bureau

PROOF DUE NOTICE

RE: PERMIT NO. 63-09690

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before April 1, 1998.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

Dear Permit Holder:

Enclosed is a copy of the approved request for extension of time. The time within which to submit proof of beneficial use is extended to **April 1, 1998**. Please note that the department has granted this extension based on litigation. It is important that you work diligently toward the completion of this project during the construction period allowed. The department **may not** be able to grant additional extension requests.

Please be advised that since the extension was received after the proof due date of April 1, 1996, it was necessary for the department to reinstate your permit and advance your priority date to March 18, 1981.

Dear Scott:

This is in response to your letter to Steve Parry dated April 4, 1996. This case has been lately assigned to me after being assigned to an attorney who is no longer with this office. I would very much like to restart negotiations on this case, though I must confess, right now I know little more than the headlines. I am also preparing for a trial in two weeks, so I might be better prepared to discuss this case after that. A meeting could be arranged for next week, however, if it is critical.

As for filing an answer, please feel free to defer this for as long as you like. If negotiations are unsuccessful, I will give prior notice of any proposed action.

Sincerely,

PATRICK W. FANNING

LAPSE NOTICE

RE: PERMIT NO. 63-09690

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated January 31, 1996. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifty dollar (\$50.00) fee.

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.
