The point of diversion overlaps don't affect the system however owner indicated that the P/U overlap (63-11199) greatly affects his system. It's a dairy & when that owner pumps this applicant's water level drops dramatically. After a couple days the level recovers. They have talked about the problem.

Re: Field Exam Notice received Sat. June 29, '91

Greetings:

I have not been able to get my well, pump, cement well-house, electrical system, etc. ready for a demonstration the week of July 1, 1991 as I would like to have done. I am getting old, and my equipment (backhoe, truck, etc.) are getting old. I will be 78 in Sept, but I am still working as hard as if I were 40 years of age. Break-down after breakdown along with many other emergencies have prevented my working on the well. I will eventually get it ready. I am in the Ministry of the Gospel, serving voluntarily without salary for over 50 years while earning my living by completely mastering over 50 occupations. I am now row-cropping or haying on my two places in Ada County while helping neighboring farms in different ways. I spent most of Sat. afternoon helping dam a break in a nearby canal. A year or two ago I let them pump about 50 in. of water out of this said well (Permit No. 63-09664) in emergency to save the neighbor's new mint crop. I connected and welded up the pipe for them, temporarily joining it to my 8" well. I also have a farm in Latah County in North Idaho above Lewiston to look after.

My two lawn movers broke down. My truck is in repair for new brake cylinders with my backhoe parts loaded on it. My backhoe is waiting on the truck for repair. I repaired a third lawnmower, put a new engine on one and am getting by until I can repair the third lawn mower. I am spraying some weeds and burning others on one place now that will take me about a week before I can put up the hay on my other place. That is the way things are going. I am a Regent of a College in Tennessee, serving there also without salary. Though I have received four letters to come for the Regents' Meeting (Yearly), it looks as though I will have to stay here and work.

I hope for another extension of time. I can do no better. If I were rich or could afford it, I would hire it done.

With best regards,

Wallace D. DePartee

Good morning:

March 11, 1987

My report to you was mailed at the main postoffice in Boise and postmarked Feb. 28, 1987 on the deadline as you can see, but the address that I had wasn't correct. It apparently was out of date, for the Post Office wrote that the forwarding order had expired. I just received it returned to me in the mail today. I telephoned your office to get the correct address, and they said to mail it inside another envelope, which I have done.

Respectfully yours,

Wallace DePartee
