License of Water Right No. 63-9243 Priority June 1, 1979 Amount 2.60 cfs

THIS IS TO CERTIFY, that Floyd &/or Marva Edwards
of Nampa, Idaho, has complied with the terms and conditions of Permit
No. 63-9243 issued pursuant to Application for Permit dated June 1, 1979,
and has submitted proof to the Department of Water Resources on June 1, 1979,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 6.2 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume

Dear Floyd:

I finally found time after our rush in June and July's paperwork to locate your files and research your water rights.

When we talked on the phone you were worried about the 320 acres in the E $\frac{1}{2}$ of Section 27. Enclosed are copies of all your water rights. Please note that License No. 63-7064A covers 160 acres in the SE $\frac{1}{4}$, Section 27. Permit No. 63-9243 covers 160 acres in the NE $\frac{1}{4}$, Section 27. There is a rough draft license for this permit that I am requesting be licensed as soon as possible. The rough draft also recommends the 160 acres in the NE $\frac{1}{4}$, Section 27 along with the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 26, and the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 35.

I hope this information alleviates your worries. If not, do not hesitate to contact me.

Sincerely,

JAN GROVER

RE: Permit No. 63-9243

Enclosed is a copy of your approved Application for Permit. We direct your attention to the conditions of approval on the fourth page.

Please note the special condition requiring you to install an access port or other device to provide for the installation of measuring equipment by the Department. Enclosed are specifications for the installation of the access port, as well as a list of measuring device options.

The exercise of this permit may also be affected by the court's determination of water rights in the case of Idaho Power Company v. State of Idaho, et al., Civil No. 62237, currently pending before the District Court of Ada County.

Idaho Power officials tell us that because of Case No. U-1006-124 filed before the Idaho Public Utilities Commission, Idaho Power Company is asking the District Court of Ada County to determine whether the Power Company's water rights on the Snake River are protected against subsequent upstream appropriations in the waters of the Snake River and surface and subterranean tributaries between Milner Dam and Hells Canyon.

Since the use of water under your permit may affect the flows in this reach of the Snake River, the final decision in Idaho Power Company v. State of Idaho, et al. (Ada County Civil No. 62237) may determine to what extent the exercise of your permit may be subject to the water rights of Idaho Power.

While the Ada County court is examining this question, Idaho Power Company has not filed a specific protest to your permit. However, the Department of Water Resources has been advised that the Power Company is not waiving any of its rights to contest or limit the exercise of your permit or a subsequent license or water right.

If you have any questions, please let us know.

Sincerely,

DAVID R. TUTHILL, JR.
Supervisor, Water Allocations Section
