Memo to file:

From: Carolyn Andregg

During the spring and summer of 1992, drought conditions caused record low flows in the Snake River. Twice, the flow of the Snake River fell below 4,750 cfs, the minimum stream flow at the Weiser gauge. Notices were mailed to the water user listed under this right because the priority is later than July 1, 1976, in order to protect the Snake River minimum stream flow. The following is a chronological history of the mailings.

May 19, 1992: Letter sent to water right holder informing holder of possible temporary cessation of diversion rights and notice of public meetings.

June 8, 1992: Letter sent informing water right holder directing immediate cessation of diversion of water until further notice.

June 12, 1992: Letter sent to water right holder authorizing resumption of diversion of water.

June 26, 1992: Letter sent to water right holder directing immediate cessation of diversion of water until further notice.

June 29, 1992: Letter sent to water right holder authorizing resumption of diversion of water.

THIS MEMO HAS BEEN PLACED ONLY IN THE FILES FOR WHICH THE ABOVE LISTED DATES OF LETTERS WERE RETURNED. BEFORE SENDING ANY FUTURE MAILINGS, VERIFY CORRECT ADDRESS.

RE: Water Right No. 63-09115

Dear Water Right Holder(s):

Department water right records show that you divert water from the Snake River or its tributaries under a water right that has a priority date later than December 29, 1976. This is the priority of the established minimum stream flow of the Snake River at the Weiser Gage (Weiser) in the amount of 4,750 cubic feet per second.

Because of the continuing drought conditions in the Snake River Basin, department hydrologists project that during 1992, there could be periods when the required minimum flow will not be satisfied due to low flows of the Snake River. The department urges you to not divert at a higher rate than authorized by your water right and to not use your right in any manner different than authorized. In addition, when the minimum flow will not be satisfied or is not being satisfied, you are required to cease diverting water under your water right, because your right is of later priority than the minimum stream flow at Weiser.

If the department determines the minimum flow will not be satisfied, the department will advise you and will provide as much lead time as possible in requiring that you temporarily cease your diversion of water. The greatest likelihood for this to occur is during a period from mid-June to late June.

While the department expects good cooperation from junior water right holders, water users should be aware that Section 42-352, Idaho Code, provides for penalties of up to \$100 per day for unauthorized diversions of water.

The department has contacted both the Idaho Power Company and the U.S. Bureau of Reclamation with respect to the timing of storage releases from upstream reservoirs for flow enhancement purposes. This type of coordination could minimize the impact on

existing water users and reduce the need to curtail diversions.

The department has scheduled public information meetings relative to this potential regulation as follows:

Mountain Home - June 4, 1992 - 10:00 a.m. - gymnasium at
North Elementary School, 290 E. 12th N.

Caldwell - June 4, 1992 - 7:00 p.m. - Ballroom in the
Student Union Building, Albertson College of Idaho,
2112 Cleveland

If you have questions concerning this letter or wish to provide the name of a different contact person or address to receive department correspondence, please contact the department.

Sincerely,

L. GLEN SAXTON

Dear Sirs:

This letter is to ask that you consider approval of water permit number 63-9115. This Application of Water to Beneficial Use is being submitted beyond the due date because of the following reasons.

The application was registered under the name of Mr. Earl C. Barnett, from whom I purchased the property in November, 1979. Mr. Barnett application was dated Feb. 14, 1978. Neither Mr. Barnett or myself were aware that we should have transferred the application for water right to my name at the time of settlement. Consequently, when your office mailed the notice to submit proof of improvement within the 60 day time period prior to it coming due, it was mailed to Mr. Barnett, but the post office returned it to your office because Mr. Barnett no longer resided at the address. Neither Mr. Barnett or myself thus received the notice. It wasn't until I came to see Mr. Forrest Luthy on August 29, 1983 that I was aware that the application had elapsed. Subsequent to this, I have asked and received from Mr. Barnett the transfer application to my name, completed the card statement showing the extent of development, (enclosed), and other evidence of improvement and use.

Given the above, I am asking that you approve my application, subject to any penalty that you may feel is warranted.

Thank you.

Dear Sirs:

This is my personal statement (affidavit) that I have made improvements and use of the water pursuant to permit number 63-9115. Since the time I purchased the property in question from Mr. Earl C. Barnett, as of November 16, 1979, I have used a 2 hp. centrifugal pump to deliver water through a 2 inch, buried pipe, sprinkler system at four primary outlets and two other outlets of 3/4". The 2 inch pipe, four outlets, and pump were already in place when I purchased the property. The 3/4" pipe system that runs to the garden area were installed by me during the summer of 1982. One crawler sprinkler delivers water through an 1 1/4" hose and the other is a three sprinkler, in tandum, system through a 3/4" hose. In addition, two other sprinkler are connected to the two 3/4" outlets as needed. This system is used nearly continuously from May to October of each year. I have personally been using this system since November, 1979. Accompanying this letter is a photograph of the pump system in use, plus additional letters from two adjacent neighbors who can verify improvements and use of the system.

Thank you.

LAPSE NOTICE

MAY 05, 1983

DEAR PERMIT HOLDER:

YOU ARE HEREBY NOTIFIED THAT UNDER THE PROVISIONS OF SECTION 42-218A OF THE IDAHO CODE, PERMIT NO. 63-9115 HAS LAPSED. THIS OFFICE DID NOT RECEIVE EITHER AN ACCEPTABLE NOTICE THAT YOU HAVE COMPLETED THE PROJECT (PROOF OF BENEFICIAL USE) BY THE DATE REQUIRED ON YOUR PERMIT OR AN ACCEPTABLE REQUEST FOR AN EXTENSION OF TIME. YOU WERE PROVIDED THE PROPER FORMS IN OUR PROOF DUE NOTICE TO YOU DATED FEBRUARY 28, 1983.

YOUR PERMIT CANNOT BE REINSTATED UNLESS YOU SUBMIT THE STATEMENT OF BENEFICIAL USE POSTCARD OR SUBMIT AN EXTENSION OF TIME REQUEST SHOWING REASONABLE CAUSE FOR DELAY. EITHER THE COMPLETED POSTCARD OR THE EXTENSION REQUEST MUST BE RECEIVED BY THIS OFFICE WITHIN SIXTY DAYS OF THE DATE OF THIS LAPSE NOTICE OR THE PERMIT WILL NO LONGER BE OF ANY FORCE OR EFFECT.

A STATEMENT OF BENEFICIAL USE POSTCARD AND A REQUEST FOR EXTENSION OF TIME FORM ARE AGAIN ENCLOSED FOR YOUR USE. PLEASE NOTE THAT A FEE OF \$15.00 MUST ACCOMPANY AN EXTENSION OF TIME REQUEST AND THAT ONLY ONE EXTENSION OF TIME CAN BE GRANTED UNLESS THE PROJECT HAS NOT BEEN COMPLETED BECAUSE OF LACK OF A NECESSARY APPROVAL BY A GOVERNMENTAL AGENCY OR BY LITIGATION.

Re: Permit No. 63-9115

Earl C. Barnett
Route #1, Box 49E
Star, ID 83669

Dear Mr. Barnett:

Your approved copy of Application for Permit No. 63-9115 is enclosed and we direct your attention to the conditions of approval on the fourth page.

The exercise of this permit may also be affected by the court's determination of water rights in the case of Idaho Power Company v. State of Idaho, et al., Civil No. 62237, currently pending before the District Court of Ada County.

Idaho Power officials tell us that because of Case No. U-1006-124 filed before the Idaho Public Utilities Commission, Idaho Power Company is asking the District Court of Ada County to determine whether the Power Company's water rights on the Snake River are protected against subsequent upstream appropriations in the waters of the Snake River and surface and subterranean tributaries between Milner Dam and Hells Canyon.

Since the use of water under your permit may affect the flows in this reach of the Snake River, the final decision in Idaho Power Company v. State of Idaho, et al. (Ada County Civil No. 62237) may determine to what extent the exercise of your permit may be subject to the water rights of Idaho Power.

While the Ada County court is examining this question, Idaho Power Company has not filed a specific protest to your permit.

RECEIVED
MAY 22 1978
BOISE, IDAHO

However, the Department of Water Resources has been advised that the Power Company is not waiving any of its rights to contest or limit the exercise of your permit or a subsequent license or water right.

If you have any questions, please let us know.

Sincerely,

A handwritten signature in cursive script, reading "L. Glen Saxton".
