Re: Application for Permit to
Appropriate Public Waters

Sylvan B. Wood
Idaho City Stage
Boise, ID 83707

Dear Mr. Wood:

We have recently received a directive from the state office that says:

"Effective immediately, no additional water right permits for consumptive use of water during the period of June 15 to November 1 will be issued on the Boise River and tributaries in the reach up-stream from Lucky Peak Reservoir.

The water in this reach has been determined to be fully appropriated by the existing water users, and therefore, no water is available for any additional uses."

Thus I misled you in counseling you to file another application for permit for water out of Elk Creek. I am returning your application for permit and the \$10.00 filing fee will returned by our state office.

If you still feel you want to make this filing just return the application and the \$10.00 filing fee, but the chances of it being approved are slim to none.

I apologize for misleading you in this matter.
