NOTICE OF APPLICATION
FOR WATER PERMIT

Notice is hereby given that
NAITO FARMS — Mitts Naito,
Pres. Rt. 1, Nampa ID has on
March 9, 1977 submitted Ap-
plication No. 63-8573 for a permit
to appropriate 1.6 cubic feet per
second of water from a ground-
water source by means of
pump with gravity flow, within
the SE 1/4 SW 1/4 Sec. 18 T2N-R2W
B.M., Canyon County to be used
from March 15 to Nov. 15 for
irrigation of 80 acres within the
E 1/2 SW 1/4 Sec. 18 T2N-R2W B.M.
If issued, this permit will be
subject to all prior water rights.
Protests against the granting of
the permit must be filed with the
Idaho Department of Water
Resources, Statehouse, Boise,
Idaho, 83720, on or before April
4, 1977.

WATER RIGHT LICENSE

WATER RIGHT NO. 63-08573

Priority: January 6, 1979

Maximum Diversion Rate: 1.14 CFS

Maximum Diversion Volume: 256.5 AF

This is to certify, that NAITO FARMS
C/O MITTS NAITO
RT 4 BOX 4171
NAMPA ID 83651

has complied with the terms and conditions
of the permit, issued pursuant to Application for Permit dated March 9, 1977; and
has submitted Proof of Beneficial Use on April 28, 1982. An examination indicates
that the works have a diversion capacity of 1.480 cfs of water from a **GROUNDWATER**
source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
IRRIGATION	03/15 to 11/15	1.14 CFS	256.5 AF

LOCATION OF POINT(S) OF DIVERSION:

Total number of acres irrigated: 57

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount that can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. This right when combined with all other rights shall provide no more than .02 cfs per acre nor more than 4.5 afa per acre for the lands above.
6. The right holder shall fully use all surface water rights appurtenant to the lands identified above prior to using water under this right.

IN THE MATTER OF PERMIT	)	
	)	
NO. 63-8573	)	ORDER OF REINSTATEMENT
IN THE NAME OF	)	
	)	
NAITO FARMS	)	

This matter having come before the Department of Water Resources (Department) as a result of preparing Permit No. 63-8573 for issuance of a license, the Department finds, concludes and orders:

FINDINGS OF FACT

1. The Department approved Application for Permit No. 63-8573 to appropriate the public waters of the State of Idaho with a proposed priority of MARCH 09, 1977.
2. On APRIL 30, 1986 the Department advised the permit holder that a license examination fee was required before an examination could be conducted to confirm the extent of use developed under the permit. The examination fee was due on JUNE 29, 1986.
3. The license examination fee was not paid within one year of the date, and the permit lapsed for failure to pay the license examination fee.

APR 13 1984

4. The license examination fee was received on
APRIL 28, 1988, 668 day(s) late.

CONCLUSIONS OF LAW

1. The Director may advance the priority date of the permit one day for each day the license examination fee is late, pursuant to the provisions of Section 42-217, Idaho Code.

2. The date of priority of Permit No. 63-8573 should be advanced 668 day(s).

ORDER

IT IS HEREBY ORDERED that Permit to Appropriate Water No. 63-8573 is reinstated.

IT IS FURTHER ORDERED that the date of priority of Permit No. 63-8573 is advanced to JANUARY 06, 1979.

IN THE MATTER OF CHANGING THE MEASURING
DEVICE REQUIREMENT FOR PERMIT NO. 63-8573

ORDER

WHEREAS, the above numbered permit was approved with the condition that a measuring device of a type approved by the Department be permanently installed and maintained as part of the diverting works; and,

WHEREAS, on July 1, 1978, the Department adopted a new water measurement condition which states: "An access port or other device as specified by the Department shall be installed by the permit holder to provide for the installation of measuring equipment and the determination of the rate of diversion by the Department"; and,

WHEREAS, the former condition required the permit holder to purchase and install a measuring device or hire a professional engineer to certify the rate of diversion; and,

WHEREAS, the measuring device condition effective July 1, 1978, requires less capital expenditure by the permit holder; and,

WHEREAS, to be equitable to holders of permits issued prior to July 1, 1978, the new condition should be retroactive;

NOW THEREFORE, it is hereby ordered that the condition of approval of this permit related to water measurement is hereby changed as follows:

"The permit holder shall either install a measuring device or provide a certified measurement by a professional engineer or install an access port or other device as specified by the Department".

Dear Permit Holder:

LAPSE NOTICE
License Examination Fee

You are hereby notified that under the provisions of Section 42-217 and 42-218a, Idaho Code, the above referenced permit lapsed and became of no further force nor effect on June 30, 1987, for failure of the permit holder to submit either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Provisions of § 42-217, Idaho Code, and the Beneficial Use Examination Rules and Regulations provide that failure of the permit holder to submit either the fee or an acceptable field examination report within one (1) year and sixty (60) days after notification by the director that the submittal is due is cause for the director to reject the proof of beneficial use and lapse the permit. The Department notified you of the required submittal on April 30, 1986.

The lapsed permit can be reinstated upon a showing of reasonable cause for late submittal of proof of beneficial use, if you submit to the Department on or before June 21, 1988, either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Enclosed is a fee information sheet that must be completed and submitted to the Department to keep the permit in good standing. If you have questions, please contact any office of the Department.

Sincerely,

L. GLEN SAXTON, Chief

EXAMINATION FEE REMINDER

Dear Permit Holder:

Earlier this year you were mailed a certified letter by our state office, which described a new law related to your water right permit. The water right permit to which this law applies is identified by the number at the top of the mailing label above. The purpose of this letter is to act as a reminder of the new law and to warn you that your permit is now losing priority daily.

As described in the certified letter, House Bill 671 enacted by the 1986 Idaho Legislature requires payment of a fee before this Department can conduct the field examination needed to issue a license confirming use of water under the permit. As an alternative to submitting the fee, the Department will accept a field examination report completed by a certified water right examiner from the private sector. The certified letter described the procedure for selecting the latter alternative, whereby you initially notify us regarding which water right examiner you have selected, and provide a statement from the examiner as verification.

The date of priority of your water right permit is now being delayed one day for each day the response is late. Also, if the fee or completed field examination report are not submitted within a year from the sixty-first day after the certified letter was mailed, the permit may be lapsed and rendered invalid. The fee, or notice that a private field examination will be conducted, should be submitted as soon as possible if you wish to maintain your permit in a valid status.

Enclosed please find an Examination Fee Information Sheet, with the License Examination Fee Schedule printed on the back. This sheet should be submitted if either the fee payment option or the private examination option is selected. If you have questions or desire assistance in this matter, please feel free to contact this office.

Sincerely,

David R. Tuthill Jr.

CERTIFIED MAIL

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

RECEIVED
APR 30 1986

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.
