SUBJECT Attached Proof - Permit 63-8529

On 3-3-77, Storey Farms, Inc, filed two (2) applications for permit, one was intended to show the "Riverside Drain" as the source & the other to show "groundwater" as the source. Both permits show Riverside Drain as the source. Since it is quite obvious from app 63-8529 that groundwater was the intended source (16" diam, 150' deep) I hope the change can be made internally w/o refiling and w/o expense to the applicant.

Please advise me.
