MEMORANDUM

FROM: Lee Sisco

DATE: September 3, 1976

TO: File 63-8362

RE: Pre-permit exam

On September 1, 1976, I had Mr. Lang show me the waste ditch he intends on using for the irrigation of 2 acres.

The waste ditch in question runs along the south side of Highway 20, 26. It picks up waste water from the City of Notus and from farm ground in the area. Mr. Lang's property is located at the lowest point on the ditch, 50 feet from the SE corner of the Lang property. The waste ditch crosses the highway and railroad track and dumps directly into the Boise River. Any water Mr. Lang would use would not effect any other users. He is the last person to possibly use the water before it enters the Boise River.

The waste ditch is approximately 2 feet wide and 1.5 feet deep. It would carry sufficient water for the irrigation of 2 acres. When I was there, it was flowing about 40 inches of water.

RECOMMENDATIONS

- 1) Approve permit
