NOTICE OF APPLICATION
FOR WATER PERMIT

Notice is hereby given that W. J. BEUMELER, Route 1, Caldwell, ID has on March 4, 1976 submitted Application No. 63-8277 for a permit to appropriate 81 acre feet per annum of water from a waste water source by means of storage dam within the SW¹/₄NE¹/₄, SE¹/₄NE¹/₄, Sec. 34, T 5 N, R 2 W, B.M., Canyon County to be stored from Jan. 1 to Dec. 31 for irrigation purposes and to be used from Apr. 1 to Oct. 31 for irrigation of 18 acres within the SW¹/₄NE¹/₄, Sec. 34, T 5 N, R 2 W.

If issued, this permit will be subject to all prior water rights. Protests against the granting of the permit must be filed with the Idaho Department of Water Resources, Statehouse, Boise, Idaho 83720, on or before April 5.

WATER RIGHT LICENSE

WATER RIGHT NO. 63-08277

Priority: March 4, 1976

Maximum Diversion Rate:
Maximum Diversion Volume:¹

0.20 CFS
81.0 AF

This is to certify, that W. J. BEUMELER
24753 KINGSBURG RD.
MIDDLETON, ID 83644

has complied with the terms and conditions
of the permit, issued pursuant to Application for Permit dated March 4, 1976; and
has submitted Proof of Beneficial Use on April 13, 1979. An examination indicates
that the works have a diversion capacity of .500 cfs of water from:

WASTE WATER tributary to WILLOW CREEK

source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
IRRIGATION	03/15 to 11/15	0.20 CFS	81.0 AF

LOCATION OF POINT(S) OF DIVERSION:

SWNE , Sec. 34, Township 05N, Range 02W
CANYON County

PLACE OF USE: IRRIGATION

<u>TWN</u>	<u>RGE</u>	<u>SEC</u>	<u>ACRES</u>	<u>ACRES</u>	<u>ACRES</u>	<u>TOTAL</u>
05N	02W	34	SWNE	18		18

Total number of acres irrigated: 18

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.

MICROFILMED

of NW $\frac{1}{4}$ of Section 34 Township 5 N Range X W. B.M. Canyon County.
2 DRT
4. Water will be used for the following purposes:
Amount 81 af/annum for storage purpose from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount 81 af/annum for Irr. purpose from 4/1 to 10/31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount -- for -- purpose from -- to -- (both dates inclusive)
(cfs or acre-feet per annum)
5. Total quantity to be appropriated:
a. _____ cubic feet per second and/or
b. 81 acre feet per annum.
6. Proposed diverting works:
a. Description of ditches, flumes, pumps, headgates, etc. A natural ditch brings the
water onto my land. I have a good place to build a dam with rocked
spillway to impound the water needed to irrigate my dry land by
use of a pump.
- b. Height of storage dam 10 feet, active reservoir capacity _____ acre feet; total reservoir
capacity _____ acre feet, materials used in storage dam: earthen
Period of year during which storage will occur April 15 to Oct. 15 inclusive.
(Mo. Day) (Mo. Day)
- c. Proposed well diameter is N/A inches; proposed depth of well is N/A feet.
7. a. Time required for the completion of the works and application of the water to the proposed beneficial use
is 5 years.
b. Estimated construction cost is \$ 2,500.00.
8. Description of proposed uses: N/A
a. If water is **not** for irrigation:
(1) Give the place of use of water: _____ $\frac{1}{4}$ of _____ $\frac{1}{4}$ of Section _____ Township _____
Range _____ B.M. _____
(2) Amount of power to be generated: _____ hp under _____ feet of head.
(3) List number of each kind of livestock to be watered _____

(4) Name of municipality to be served _____, or number of families to be
supplied with domestic water _____
(5) If water is to be used for other purposes describe: _____

b. If water is for irrigation, indicate acreage in each subdivision in the tabulation below:

TWP.	RANGE	SEC.	NE1/4				NW1/4				SW1/4				SE1/4				TOTALS
			NE1/4	NW1/4	SW1/4	SE1/4	NE1/4	NW1/4	SW1/4	SE1/4	NE1/4	NW1/4	SW1/4	SE1/4	NE1/4	NW1/4	SW1/4	SE1/4	
5N	2W	34			18														18

Total number of acres to be irrigated. 18

c. Describe any other water rights used for the same purposes as described above. None

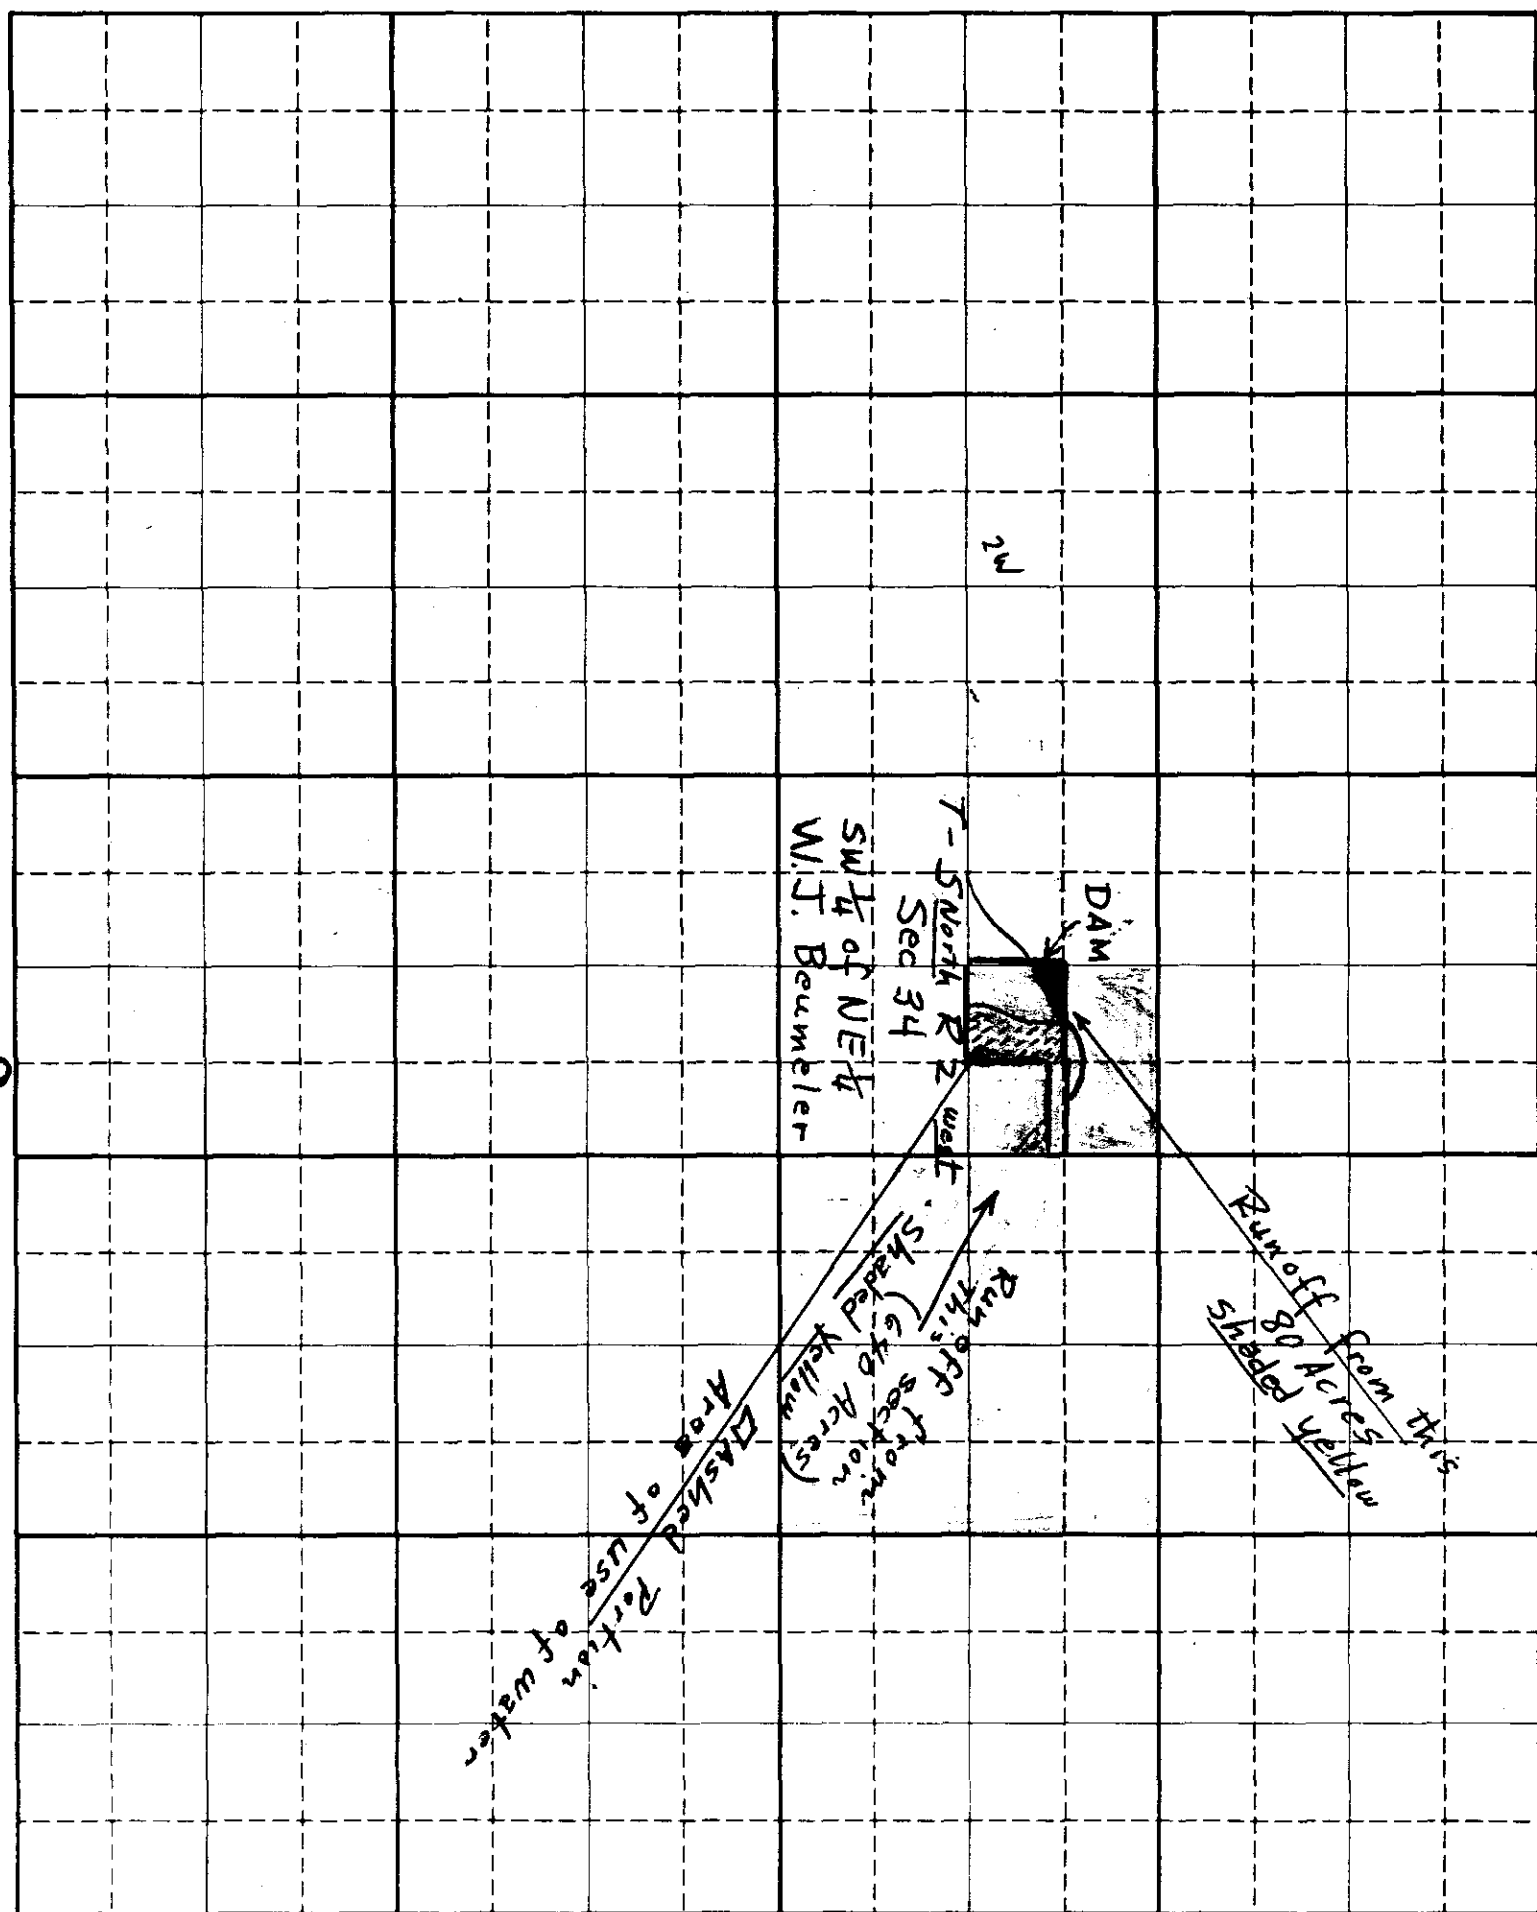

9. a. Who owns the property at the point of diversion W. J. Beumeler (Bill Sloviaczek)

b. Who owns the land to be irrigated or place of use Same

c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing W. J. Beumeler Contract Purchaser

10. Remarks This water that I would like to file on is runoff from a section of land irrigated by wells, alfo from runoff of snowfall in the winter months. The first year of operation for the wells and land was the crop year of 1975. I propose to build a storage dam and install a pump to irrigate approximately 18 acres of dry ground. There is a steady flow of approximately 50 inches of water and during peak runoff could be as high as 200 inches.

11. Map of proposed project: show clearly the proposed point of diversion, place of use, section number, township and range number.

Scale: 2 inches equal 1 mile

System Description (continued)

3. **Narrative:** Description (As operating at time of measurement. Indicate pressure, number of sprinklers, etc.)

The system has an earthen dam, 10' high by 130' long, across a natural drainage way. A 5 H.P. centrifugal pump is used to pump water above the Black Canyon Irrigation District's lateral. A 7½ H.P. centrifugal pump is used to pressurize the wheel line and hand lines that irrigate the land above the lateral. Any excess water flows into an open ditch to furrow irrigate the land below the lateral (siphon tubes and ditch bank cuts for takeout).

Panel Input KW: _____ Ave PF x _____ Ave Volts x _____ Ave Amps x .001732 = _____ (6)

Panel Input HP: (6) x 1.34 = _____ (7) Efficiency: (5)/(7) x 100 = _____ %

G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$$V_{I.R.} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = \frac{18}{33} \times 4.5 = \frac{81}{74.5} \text{ afa}$$

$$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = 0.50 \times 214 \times 1.9835 = 212.2 \text{ afa}$$

$$V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} = \frac{81}{74.5} \text{ afa}$$

2. Volume Calculations for Other Uses:

Limit volume to 81 afa as per permit JUN 04 1990

MICROFILMED

H. REMARKS AND OVERLAP REVIEW ANALYSIS

Any runoff returns to the pond. This pond was built to "even out" the water supply, and it was not designed to store all of the water needed for an irrigation season. Therefore, a diversion rate should have been shown on this permit. In 1987 only Mr. Beumeler's wastewater was entering the pond. The land above the Beumeler's was not being irrigated, but the evidence of erosion along ~~along~~ the drain way indicates a significant amount of wastewater normally enters the pond. The wastewater is the only water available ~~to above~~ the land above (east of) the lateral and it supplements the Black Canyon Irrigation District's water below (west of) the lateral. 63-01238 is not available for this land.

I. RECOMMENDATIONS

1. Recommended Amounts

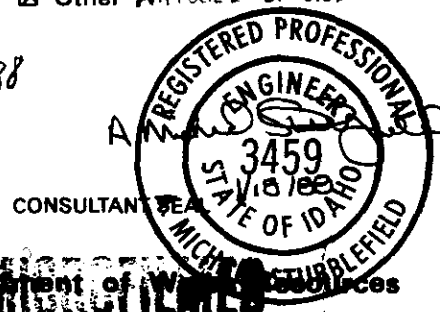

Beneficial Use	Period of Use		Rate of Diversion Q (cfs)	Annual Volume V (afa)
	From	To		
Storage for irrigation	1-1	12-31	N/A on stream	5.3
Irrigation from storage	4-1	10-31		5.3
Irrigation	4-1	10-31	0.50 .36 .20	81
Totals:			0.50 .36	81

2. Recommended Amendments

- ☐ Change P.D. as reflected above ☐ Add P.D. as reflected above ☒ None
☐ Change P.U. as reflected above ☐ Add P.U. as reflected above ☒ Other NATURE OF USE

J. AUTHENTICATION

Field Examiner's Name Carter Fritschle *JP 1/7/88*
 Signature Carter Fritschle
 Certification Date _____
 Field Report Preparation Date 8-19-87

K. Licensing recommendation shall be prepared by an Idaho Department of Water Resources employee on a computer printout attached hereto.

Cordition R 32

JUN 04 1990

I believe the above recommendations are in line with the original intent of this permit.

NOTE: TO ADD IRRIGATION TO THIS PERMIT SHOULD NOT CONSTITUTE AN EXPANSION OF THE ORIGINAL RIGHT. I AGREE WITH CARTER THAT IT WAS PROBABLY THE INTENT OF THE PERMIT. THE ANNUAL VOLUME IS STILL 81 AF AND THE DIVERSION WILL OCCUR ONLY DURING THE IRRIGATION SEASON FOR LIVE FLOW, OUT OF THE POND, WHICH SEEMS TO BE A PART OF THE DIVERSION SYSTEM. JS 1/7/88

$$\text{Area of A} = \frac{369' \times 142'}{2} = 26,199 \text{ ft}^2$$

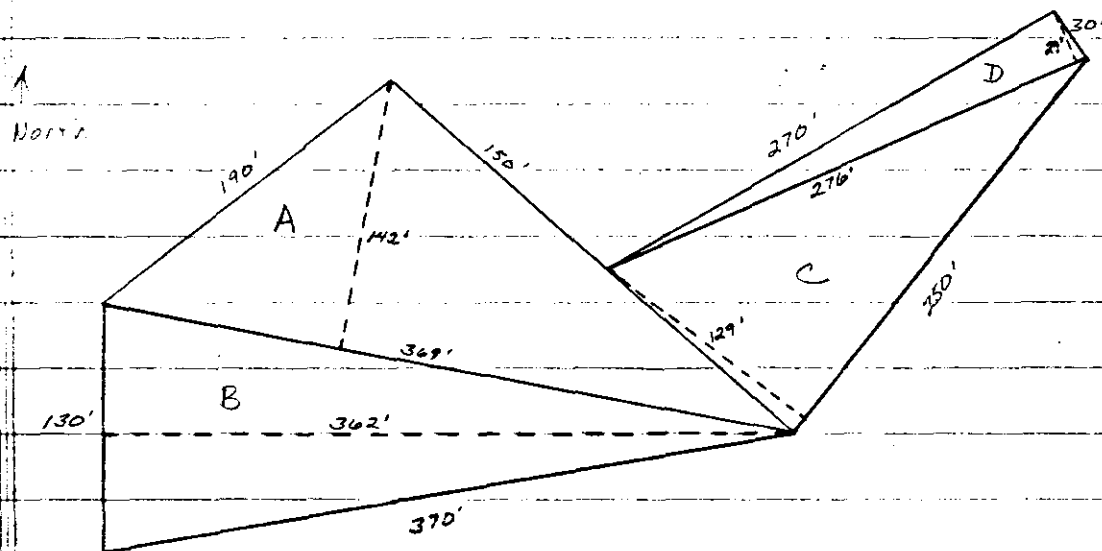

$$\text{" " B} = \frac{130' \times 362'}{2} = 23,530 \text{ ft}^2$$

$$\text{" " C} = \frac{250' \times 129'}{2} = 16,125 \text{ ft}^2$$

$$\text{" " D} = \frac{276' \times 29'}{2} = 4,002 \text{ ft}^2$$

$$\text{Area of A + B + C + D} = 69,856 \text{ ft}^2$$

$$\text{Storage Capacity} = \frac{10 \text{ ft} \times 69,856 \text{ ft}^2}{3} = 232,853 \text{ ft}^3$$

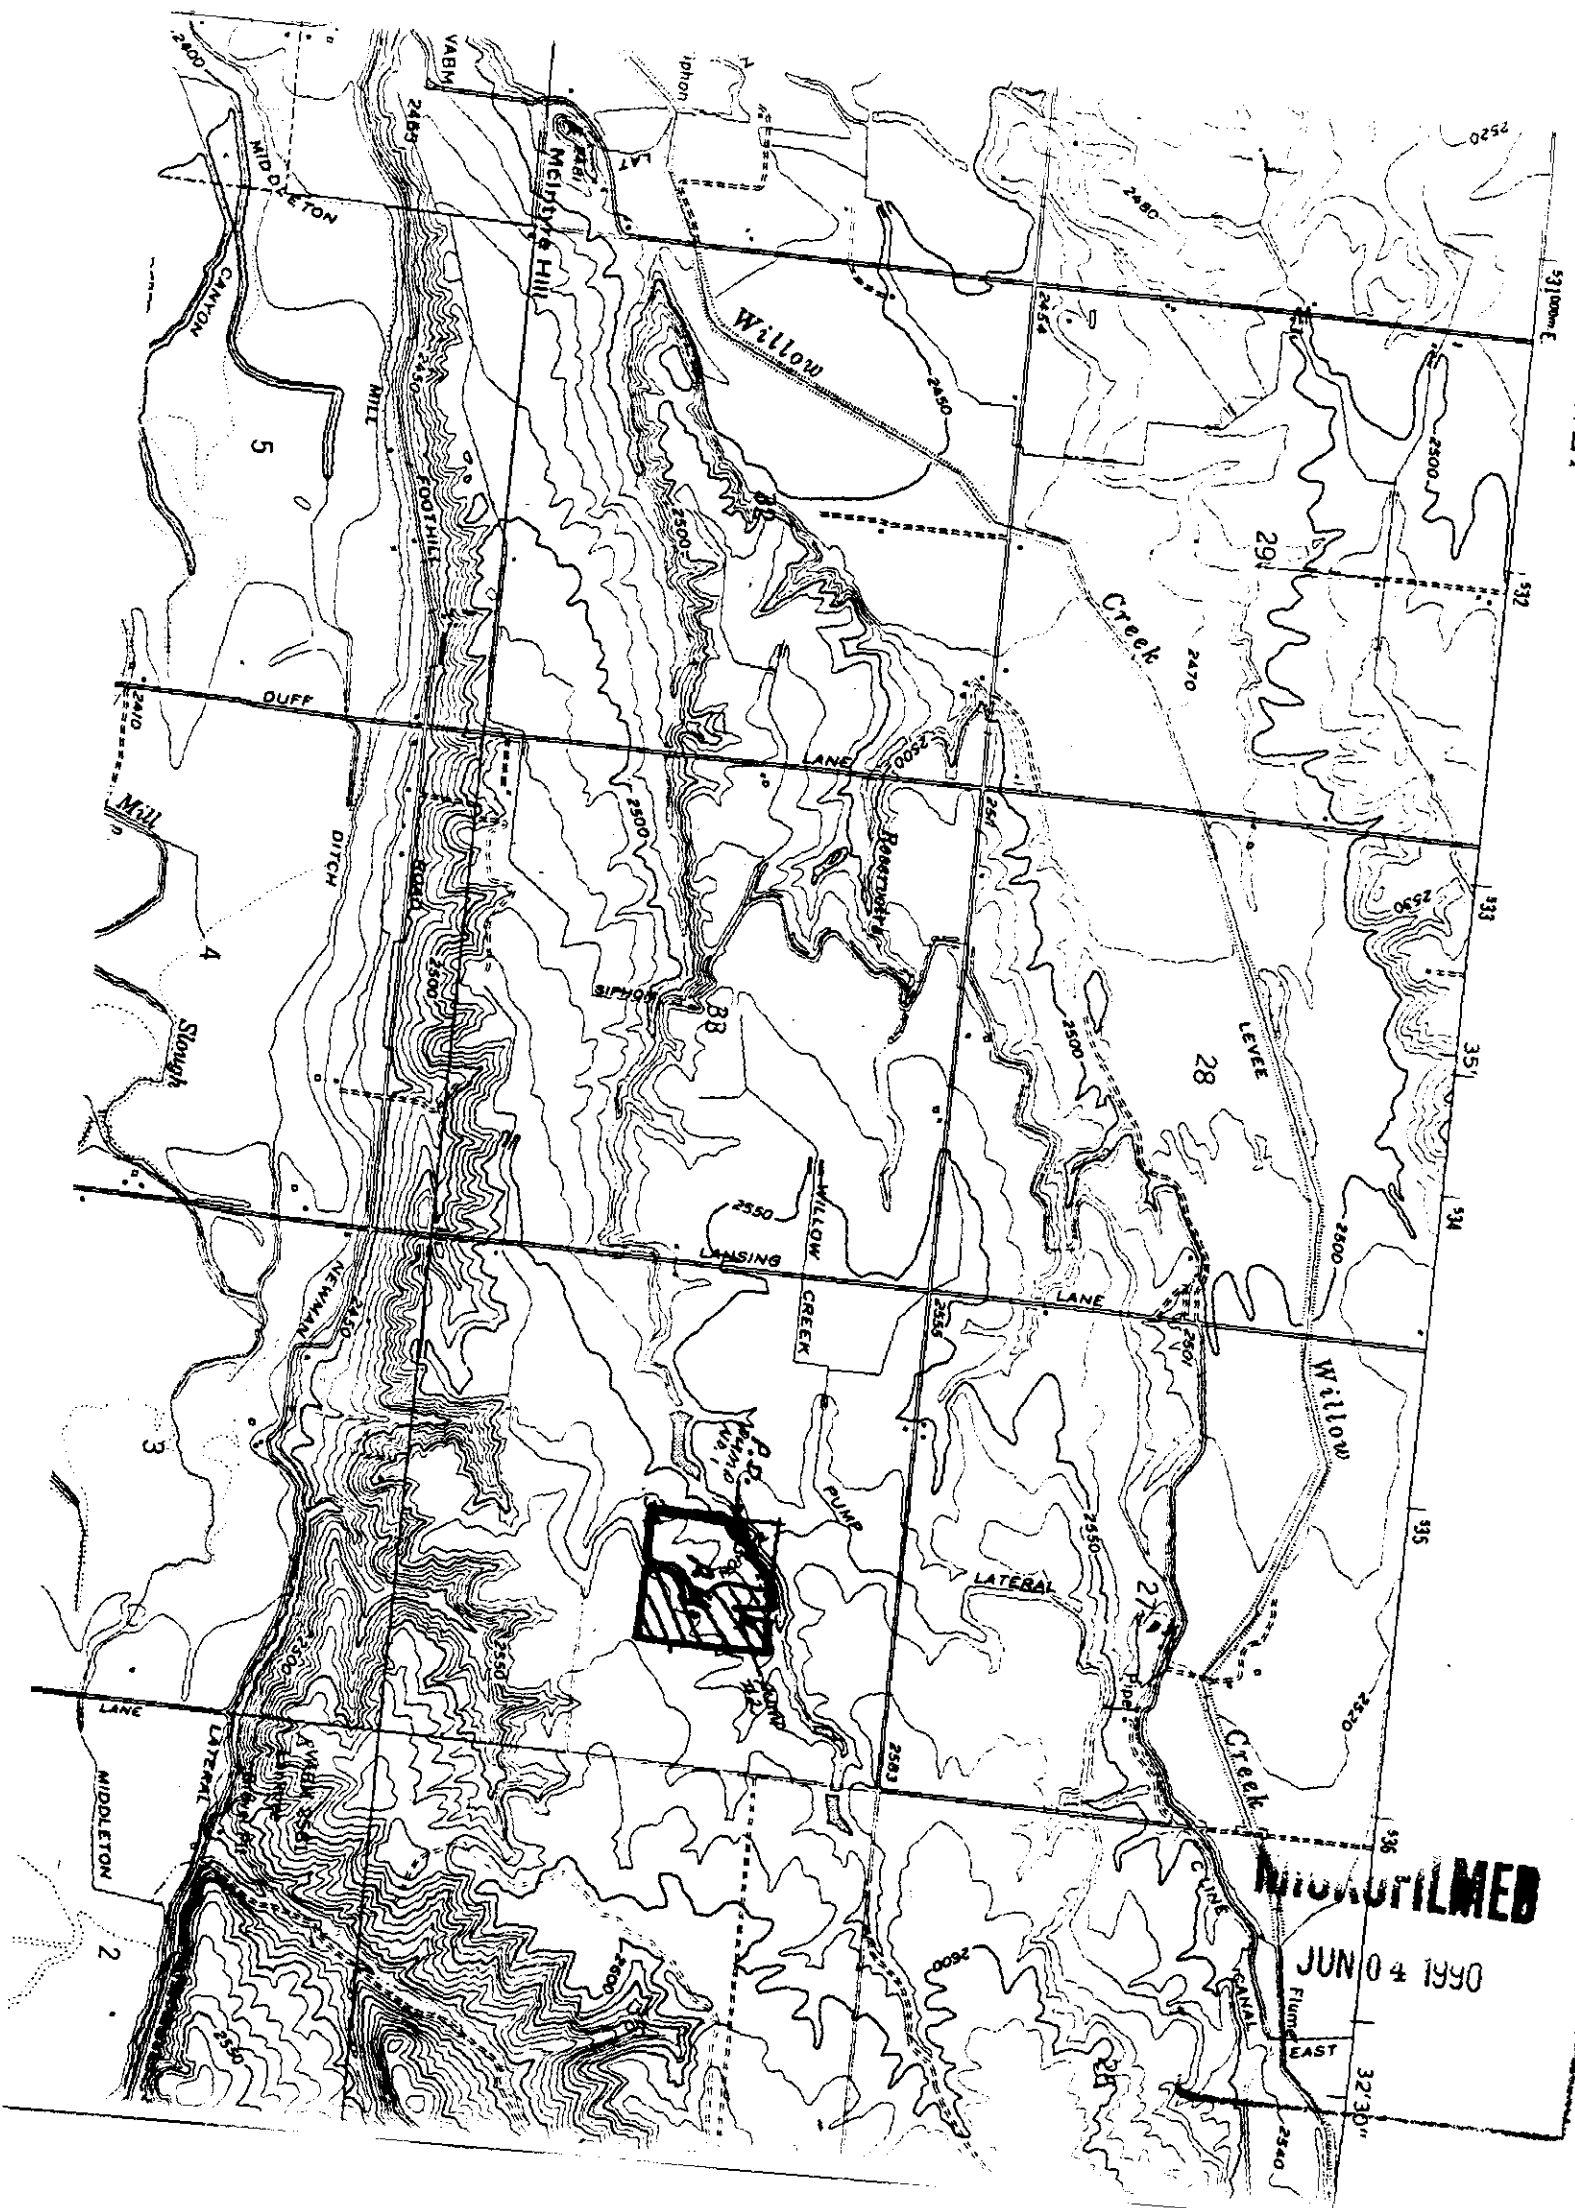

$$\frac{232,853 \text{ ft}^3}{43,560 \text{ ft}^2/\text{a.f.}} = 5.3 \text{ af}$$

Re: Permit No. 63-8277

Dear Mr. Beumeler:

RECEIVED
FEB 9 1990
Department of Water Resources

Based on your telephone call to this office on October 17, 1986, your letter dated October 20, 1986, and investigation of our files, we have determined that the field examination for the above-referenced permit was conducted in the past but the report has been misplaced. Therefore, no examination fee will be required to initiate another examination.

Because the use described on the permit is for irrigation purposes we will have to conduct the examination during the irrigation season. We ask that you contact this office to schedule an examination early next season.

We apologize for any inconvenience this double inspection may cause, and will do our best to conduct an accurate, professional examination during our visit next spring.

Sincerely,

David R. Tuthill Jr. P. E.
Manager, Western Regional Office

INTER-DEPARTMENT MEMO — 1

FROM

Dave T

DATE

10/24/86

TO

Jane

SUBJECT

Would you plz:

- (1) determine which right this letter refers to. - 63-8277
- (2) determine if Mr. Beumeler has any other rights, for which the inspection could have been made. 63-7958-5/17/89 FOR LAPSED ON NO B/L SUBMITTED & WAS ONLY FOR SINGLE FAMILY DOMESTIC & STOCKWATER.
- (3) Advise me of your findings.

THE FIELD EXAM DOES NOT HAVE ANY INDICATION THAT EXAM WAS ATTEMPTED (NO WRITING ON BACK) BUT PERMIT HOLDER REANNY DENIEVES IT WAS & THE OTHER PERMIT NEVER MADE IT THAT FAR SO I GUESS WE TAKE HIS WORD? JAN

RECEIVED
OCT 21 1986

Department of Water Resources
Western Regional Office

Dave Tuthill:

This letter is in response to a discussion I had with Jan Grover on 10-17-86. During this discussion I explained that I had sent in the required forms needed to secure my water right. These papers were sent to Rita Fleck of your office on (7-9-79). During that period a field inspection was made.

I was present during that inspection. A few months ago I received a reg. letter informing me that I had to pay for a field inspection to conclude my water right or lose it. I explained this to Jan who then talked to you and you agreed to waive the fee for another inspection. I understand that I should call your office for an appointment this spring.

Please Advise Me if you concur in this idea and ~~NO RESPONSE~~ date of the field inspection. Thank You.

CONVERSATION MEMORANDUM

DATE 10/17/86FILE 43-8277NAME OF PARTY Mr. BeumelerEMPLOYEE Jan ThuteRE: Field exam

Mr. Beumeler phoned concerning the examination fee for the above permit. He stated that this exam was completed sometime ago or at least someone came out (a young man) from our office and he took him to the pond and showed him the system, etc. We told him (Dave Tuttle) that he could send a letter in stating this & we would waive his fee. He said he'd send one in.

EXAMINATION FEE REMINDER

Dear Permit Holder:

Earlier this year you were mailed a certified letter by our state office, which described a new law related to your water right permit. The water right permit to which this law applies is identified by the number at the top of the mailing label above. The purpose of this letter is to act as a reminder of the new law and to warn you that your permit is now losing priority daily.

As described in the certified letter, House Bill 671 enacted by the 1986 Idaho Legislature requires payment of a fee before this Department can conduct the field examination needed to issue a license confirming use of water under the permit. As an alternative to submitting the fee, the Department will accept a field examination report completed by a certified water right examiner from the private sector. The certified letter described the procedure for selecting the latter alternative, whereby you initially notify us regarding which water right examiner you have selected, and provide a statement from the examiner as verification.

The date of priority of your water right permit is now being delayed one day for each day the response is late. Also, if the fee or completed field examination report are not submitted within a year from the sixty-first day after the certified letter was mailed, the permit may be lapsed and rendered invalid. The fee, or notice that a private field examination will be conducted, should be submitted as soon as possible if you wish to maintain your permit in a valid status.

Enclosed please find an Examination Fee Information Sheet, with the License Examination Fee Schedule printed on the back. This sheet should be submitted if either the fee payment option or the private examination option is selected. If you have questions or desire assistance in this matter, please feel free to contact this office.

CERTIFIED MAIL

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit one for the department to conduct the field examination, but you may change to another certified examiner.

JUN 04 1990

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

Dear Mr. Beumeler:

Re: Permit Nos. 63-7958 and 63-8277.

Enclosed is the copy of the proof of beneficial use affidavit and a copy of the cover letter for Permit No. 63-8277 per our conversation of this date.

After further review of your Permit No. 63-7958, please be advised that it has permanently lapsed and cannot be reinstated. However, the uses (domestic and stockwater) covered under this permit fall under the qualifications for a water right based on beneficial use. It is optional for a single-family, domestic use with a groundwater source to be filed upon. If you would like to record your use of the water, I have enclosed a Claim to a Water Right form along with instructions. Otherwise, it is not necessary.

If you have further questions concerning these matters, please contact us.

Sincerely,

RITA FLECK
Sr. Secretary

Dear Mr. Beumeler:

Re: Permit No. 63-8277

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our regional office in Boise.

Sincerely,

RITA FLECK

1. a) Name of permit holder W.J. Beumeler
b) Post office address Route # 1 Caldwell, Ida. 83605
2. Permit number 63-8277
3. Date of priority that you are prepared to establish April 16, 1976
4. a) Source from which water was appropriated Drainage from Wells located on property East of my Land.
b) Location of the point of diversion: SW 1/4 NE 1/4, Section 34
Township 5 North, Range 2 West Boise Meridian. Other points of diversion: _____

5. a) The amount of water and use to which the water has been applied:

Amount 81 AF/Annum for Storage purposes from 1/1 to 12/31 incl.
(cfs &/or acre-feet per annum) (month-day) (month-day)
Amount 81 AF/Annum for Irrigation purposes from 4/1 to 10/31 incl.
(cfs &/or acre-feet per annum) (month-day) (month-day)
Amount — for — purposes from — to — incl.
(cfs &/or acre-feet per annum) (month-day) (month-day)

- b) Total amount appropriated 81 ~~cfs and~~ or acre-feet per annum.

- c) Describe how and by whom measurement of rate of flow or amount of storage was made and the qualifications of the person making the measurement:

Pumped into Weir pool and measured over ditch Company Weir

6. If the means of diversion and conveyance are owned by someone other than the permit holder:

- a) Give the name or description of the canal, ditch or other works by which the water is conducted to the place of use:

A natural ditch draining The neighbors Land brings The waste water onto my ground.

- b) Describe the agreement of understanding by which you take water from the works:

No Agreement - Water flows naturally from their Land to mine.

7. a) Briefly describe the works for diverting and conveying the water to the place of use, (if from subterranean source, give the pump size, motor size, size of well casing, depth of well; if from surface water, give brief description of diversion structure and/or canal or ditch):

Water is impounded in small Lake at The Lower end of my property. The water is then pumped by 7 1/2 HP Motor to Land it is used on (see Map)

- b) Describe the provision for making a measurement which you have at your point of diversion: (i.e., installed measuring device, access port, other)

Measurement over a Black Canyon weir pool measurement guage.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear in the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."
