10. Explain fully your reasons for requesting an extension of time within which to resume the use of your water right and reasons for non-use

The well function at Fairmont Park failed in 1989, due to a drop in the water well level. As a result, Boise Parks and Recreation (BPR) reverted the water source of this park; utilizing Boise Water Corporation, which continues to be cost prohibitive. At that time, budgets were proposed, in efforts to amend this well and its pump system to work with the current water levels. However, BPR has emphasized land acquisition for needed parks, over other development and maintenance priorities, due to the current and future park land needs and the competitive rate of development now occurring. This trend in priority is anticipated to continue over the next two - three years; upon completion of which dollar appropriation can be reverted back to maintenance and development issues. At this time, or with continued pressure for need of this budget in the interim, the Fairmont pump/well system can be amended for continued use. Therefore, an extension of this water right is considered not only desirable, but essential.

I hereby assert that no one will be injured by such extension. The information contained in this application is true to the best of my knowledge.

NOTICE OF PROPOSED EXTENSION OF TIME TO AVOID
FORFEITURE OF WATER RIGHT NO. 63-08145

Notice is hereby given that Boise Parks & Recreation Dept. of Boise, ID, has applied to the Department of Water Resources for an Extension of Time to Avoid Forfeiture due to non-use of the following described water right pursuant to Section 42-222 of Idaho Code:

WATER RIGHT AS RECORDED:

BASIS	License
DATE OF PRIORITY	7-4-1975
SOURCE	Ground Water
AMOUNT	.50 cfs
USE	Irrigation (.50 cfs) from 4-1 to 10-15 Recreation (.50 cfs) from 5-15 to 9-15
POINT OF DIV AND PLACE OF USE	NWSE, S01, T03N, R01E, Ada County for Fairmont Park irrigation and swimming pool

EXTENSION OF TIME REQUESTED AS FOLLOWS:

PERIOD: 5 years until Sept., 1999

JUSTIFICATION: Last beneficial use of water occurred Sept., 1989 due to well maintenance problems. Park has since used water from Boise Water Corp., and budget priorities do not allow repair of well until 1999, at which time it is anticipated that well use will resume.

Any protest against approval of the proposed water right application must be filed with the Department of Water Resources, Western Region, 2735 Airport Way, Boise, ID 83705, together with a protest fee of \$25.00 on or before September 6, 1994. The protestant must also send a copy of the protest to the applicant.
