Re: Application for Permit No. 63-7903

Dear Mr. Obendorf:

In reviewing the above referenced application for permit, we find that much of the same lands are covered under other licenses or permits.

Therefore, it will be necessary to reduce the total quantity to be appropriated to 3.54 c.f.s. so the diversion rate will not exceed 1 inch per acre for the total acres to be irrigated, Sec. 42-202 of the Idaho Code.

V If we do not hear from you within 10 days, we will assume you have no objection or evidence that more than 1" per acre is required and a permit will be issued for the lesser quantity.

If we can be of any assistance, please do not hesitate to contact this office.

Very truly yours,

ERVIN E. BALLOU
