Re: Permit No. 63-7734 and 63-7733

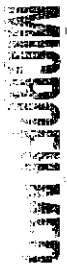

William R. & Eileen L. Hendren
c/o Idaho City Stage
Boise, Idaho 83707

Dear Mr. & Mrs. Hendren:

One of the conditions of approval of your water Permit No. ~~63-7733~~ ~~63-7734~~ (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before June 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Permit No.'s 63-7733 & 63-7734

William R. & Eleen I. Hendren
c/o Idaho City Stage
Boise, Idaho 83707

Dear Mr. & Mrs. Hendren:

Enclosed are copies of your approved Applications for Permit No.'s 63-7733 & 63-7734. We direct your attention to the conditions of approval listed on the fourth page.

Be sure to note that these rights are subject to all prior water rights. The source of your water supply is a tributary to the Boise River, which during some years does not have sufficient flow to satisfy all of the existing rights. Therefore, in water short years, you may be regulated by the watermaster and not water would be available from these sources.

We would suggest that you develop some alternate supply of water to insure that it will be available continuously,

If you have any questions regarding this matter, please let us know.

Sincerely,

BOBBY D. FLEENOR
Assistant Director
