# WATER RIGHT LICENSE

License of Water Right No. 63-7609 Priority June 8, 1972 Amount 0.27 cfs

THIS IS TO CERTIFY, that A. B. WEST

of Boise, Idaho, has complied with the terms and conditions of Permit No. 63-7609 issued pursuant to Application for Permit dated June 8, 1972, and has submitted proof to the Department of Water Administration on July 9, 1973, that he has applied water to a beneficial use; an examination by the Department indicates that the works have a capacity for the diversion of 0.29 cfs of water from a ground water source, tributary to _____, and that the permit holder has applied to a beneficial use & established a right to use water as follows:

| Beneficial Use | Period of Use | | Rate of Diversion | | Annual Volume |
|---|---|---|---|---|---|
| Domestic | from Jan. 1 | to Dec. 31 | at 0.06 cfs | and | 1.2 acre feet |
| Irrigation | from March 19 | to Nov. 15 | at 0.21 cfs | and | 48 acre feet or 4.5 af per acre |
| | from | to | at cfs | and | |

(both dates inclusive)

Subject, however, to the condition that no more than 0.27 cfs of water be diverted at any one time, and that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed 49.2 acre feet per year, said waters to be diverted within the $SE\frac{1}{4}NE\frac{1}{4}$ of Sec. 10, Twp. 4 N, Rge. 1 E, B.M. in the County of Ada

RE: Application for Transfer of Water Right No. 63-07609 in the name of Grapevine 7, Inc., dba Hi-Valley RV Park

Dear Mr. Scott:

Our office has recently received the above referenced application for transfer, or change, of a water right. The property in question is owned by Grapevine 7, Inc., and is located just to the south of Floating Feather Mobile Home Park. The transfer proposes changing an existing water right, which is primarily for irrigation, to one which may be used for commercial purposes.

Review of the existing water right, which was issued originally to A.B. West, revealed an apparent error in licensing which places the water right at the same location as Floating Feather Mobile Home Park. If approved as written, the transfer application would also serve to correct the licensing error by changing the legal descriptions as applicable to the land owned by Grapevine 7.

Evidence which has been submitted with the application for transfer supports the actual development and use of the above water right on the land owned by Grapevine 7. Warranty deed and other purchase documents correctly describe the place of use. Information obtained from the Ada County Assessor's Office also indicates that A.B. West never owned the land on which Floating Feather Mobile Home Park is situated. However, because the license does identify the Floating Feather property, the department deems it necessary to give the current owner of that property the opportunity to comment on the proposed transfer.

To the best of your knowledge, was the West water right #63-07609 ever developed and/or used at the location currently occupied by Floating Feather Mobile Home Park? If so, was the place of use changed?

JUN 30 1993

11/16/92 telecon w/ Leon Scott - Mr Scott has no problem with proposed transfer, as it would likely reduce overall water use. Agrees that a licensing error occurred. Is not sure when acreage was last irrigated, but said to go ahead. He is in favor of the change & of the RV park development. Generally OK

Please direct any comments or objections concerning this proposed transfer to my attention at the above address. If you have questions which may be answered by phone, I may be reached at 334-2190. Please respond by **November 16, 1992.**

Sincerely,

Cindy Hodges

RE: Application for Transfer No. 63-07609

Dear Kris:

In regard to the development of license #63-07609 by A. B. West, I have enough evidence to support the fact that development actually occurred on the land which Grapevine 7 purchased from Mr. West or one of his successors. A licensing recommendation error placed the licensed place of use within the SENE Section 10, T04N R01E. The correct point of diversion and place of use should read NESE Section 10, T04N R01E.

While there is at this time no direct opposition to your proposed transfer, additional information which I have also received indicates that the entire acreage has not been irrigated from the well in the past five years. Unfortunately, if a portion of the water right has been forfeited due to non-use, we cannot proceed with the application for transfer as I have written it. A water right is considered forfeited after a period of five or more consecutive years of non-use.

See Statement from Kathy White

In order for IDWR to proceed with the transfer, you will need to submit evidence that irrigation of all or a portion of the 10.5 acres occurred during or after the 1988 irrigation season. This evidence may be in the form of affidavits, pumping or power records, crop reports, etc., but must substantiate irrigation over a full season or at least over the production season of a particular crop.

If you cannot show recent irrigation under this water right and the transfer must be withdrawn, your options for commercial use from this well are:

1. File an application for permit for commercial and irrigation use, which would be placed on hold until the 1992 moratorium against new consumptive uses is lifted. Your transfer filing fee could be applied to this application. In the interim, the RV park could be operated on an exempted status, i.e., using no more than 2500 gallons per day. This could be in excess of the use by the two permanent residences, since the domestic portion of the West license has not forfeited.

2. Find another water right in the area which is not being used but has not been forfeited, and purchase that water right for transfer and/or change to your place of use. The water right in question must be adequate to cover your proposed use. This would allow development of the entire RV park without waiting for the moratorium to be lifted.

JUN 30 1993

Attachment D

(General Correspondance)

I'm sorry this is not going as smoothly as I believed it would. I will remain available to work with you on other options in the event we are not able to continue with the transfer. In the meantime, I will wait to hear from you.

Sincerely,

Cindy Hodges

Dear Mr. West:

A representative of this Department has made an examination of the works covered by your Permit No. 63-7609 and has found the following:

Quantity of water diverted: 0.29 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.27 cfs

The maximum quantity diverted shall not exceed 49.2 acre feet per year.

Beneficial use: For domestic purposes within the SE¼NE¼, Sec. 10; and for irrigation uses of 10.5 acres within the SE¼NE¼, Sec. 10; All in Twp. 4 N, Rge. 1 E

Point of diversion: SE¼NE¼, Sec. 10, Twp. 4 N, Rge. 1 E, B.M.

Priority date established: June 8, 1972

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Dear Mr. West:

One of the conditions of approval of your water Permit No. 63-7609 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before September 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
